COMMENTARY ON SECTIONS

Part 4 - Welsh in Education Strategic Plans

Section 84 – Preparation of Welsh in education strategic plans

92. This section sets out what a WESP should contain. This section places a duty on all local authorities to prepare a plan, keep it under review and revise it if necessary. This section also sets out with whom a local authority is required to consult in preparing or revising its WESP. If a local authority has carried out an assessment of demand for Welsh medium education pursuant to section 86 this section requires it to take the results of that into account in preparing or revising its plan.
