##### ***Section 291: application to Tribunal in relation to unlawful detention***

575. **Section 291** provides that where a patient has been admitted to hospital informally to receive treatment primarily for a mental disorder, that patient or any other person specified in subsection (4) may apply to the Tribunal for an order requiring the managers of the hospital to cease to detain the patient. If the Tribunal determines that the patient is being unlawfully detained, it will make an order requiring that the detention cease.
576. These provisions do not interfere with any existing rights a patient may have to challenge in the courts or seek redress for any unlawful interference with his or her liberty.
