#### **Part 4 – Closure of Premises**

##### ***Section 34 – Access to other premises***

84. This section provides for the court, upon the application of a person who occupies or owns any part of a building or structure in which closed premises are situated and in respect of which the closure order does not have effect, to make an order allowing appropriate access to any part of the building or structure in which the closed premises are located. The subsections set out that such an application can only be made while the closure order has effect; and that any such order may be made notwithstanding any provision made in the original closure order about access to the closed premises.
