(asp 1) which received Royal Assent on 15 January 2007*

GLASGOW AIRPORT RAIL LINK ACT 2007

EXPLANATORY NOTES

COMMENTARY ON SECTIONS

Part 3 – Miscellaneous and general

Section 46 – Regulation of mitigation measures

206. The purpose of this section is to provide a mechanism for the provision of mitigation measures to be regulated. Subsections (1) and (2) provide for the requirements imposed by sections 43 and 45 and schedule 9 of the Act to be enforced by the local planning authority as though they were planning conditions imposed on a normal grant of planning permission. They also apply the normal provisions for appeal against the refusal of a local planning authority to grant an approval which is required under a planning condition. By subsection (3) each of the local planning authorities is obliged to appoint an Environmental Clerk of Works to monitor the authorised undertaker's compliance with the mitigation measures.
