Part 14 – Implementation of Orders

Implementation of compulsory supervision order

Section 145 – Duty where order requires child to reside in certain place

209. This section applies when the compulsory supervision order requires the child to stay in accommodation provided by the parents or relatives of the child, by any person associated with them or with the child or in any other accommodation not provided by the local authority. In these circumstances, the local authority must check that the conditions attached to the compulsory supervision order are being fulfilled. If the local authority finds that any of those conditions are not being fulfilled, subsection (2) (b) places a duty on the local authority to take such steps as the authority consider reasonable.
