PART 7

KEEPER'S WARRANTY

Claims under warranty

77 **Claims under Keeper's warranty**

- (1) The Keeper must pay compensation for loss incurred as a result of a breach of the Keeper's warranty.
- (2) Liability to pay such compensation arises only if and when the inaccuracy giving rise to the claim for compensation is rectified.
- (3) A claimant is not required to exhaust other remedies before making a claim to such compensation.
- (4) Payment by the Keeper under this section does not extinguish any rights which the claimant may have against another person in respect of the loss compensated.
- (5) But it is a condition of any such payment that the claimant assign any such rights to the Keeper.
