Section 25 - Application for licence

37. **Section 25** allows the Scottish Ministers to specify in what form an application for a marine licence should be submitted. They may also make regulations setting out the fee to be paid for an application.
38. The Scottish Ministers may require an applicant to supply such information or articles necessary to enable them to determine the application. If they consider they are unable to determine the application based on the information supplied the Scottish Ministers may require the applicant to permit such investigations, examinations and tests as they believe is necessary.
