EXPLANATORY NOTE

(This note is not part of the Regulations.)

These Regulations are made under the Health and Personal Social Services (Quality, Improvement and Regulation) (Northern Ireland) Order 2003. Part II of the Order establishes the Northern Ireland Health and Personal Social Services Regulation and Improvement Authority (“the Regulation and Improvement Authority”) and Part III provides for the registration and inspection of establishments and agencies, including residential care homes, by the Regulation and Improvement Authority. It also provides powers for regulations governing the conduct of establishments and agencies.

These new arrangements replace the regulatory system provided for in relation to residential care homes by the Registered Homes (Northern Ireland) Order 1992. Under regulation 3, 4 and 5, each home must have a statement of purpose consisting of the matters set out in Schedule 1, and supply a guide of the home to each resident together with a statement giving information about fees payable.

Regulations 7 to 10 make provision about the fitness of the persons carrying on and managing the home, and require satisfactory information to be available in relation to certain specified matters. Where an organisation carries on the home, it must nominate a responsible individual in respect of whom this information must be available (regulation 7). Regulation 8 prescribes the circumstances where a manager must be appointed for the home, and regulation 10 imposes general requirements in relation to the proper conduct of the home, and the need for appropriate training. Regulation 17 requires the registered person to establish a system for reviewing and improving the quality of care and other service provision provided by the home.

Part III makes provision about the conduct of residential care homes, in particular as to the care, health, safety, welfare and protection of residents, and as to the facilities and services that are to be provided. Provision is also made about record keeping, the staffing of homes, the fitness of workers, and about complaints.

Part IV makes provision about the suitability of premises and fire precautions to be taken. Part V deals with the management of homes. Regulation 28 imposes requirements relating to the home’s financial position. Regulation 29 requires the registered person to visit the home as prescribed.

Part VI deals with miscellaneous matters including the giving of notices to the Regulation and Improvement Authority. Regulation 36 provides for offences. A breach of the regulations specified in regulation 36 may found an offence on the part of the registered person. However, no prosecution may be brought unless the Regulation and Improvement Authority has first given the registered person a notice which sets out in what respect it is alleged he is not complying with a regulation, and what action the Regulation and Improvement Authority considers it is necessary for him to take in order to comply. The notice must specify a time period for compliance, not exceeding three months.
