(2) A request under paragraph (1) shall include—

- (a) a plan sufficient to identify the land;
- (b) a brief description of the nature and purpose of the development and of its possible effects on the environment; and
- (c) such other information or representations as the person making the request may wish to provide or make.

(3) An authority receiving a request under paragraph (1) shall, if they consider that they have not been provided with sufficient information to adopt a scoping opinion, notify the person making the request of the points on which they require additional information.

(4) An authority shall not adopt a scoping opinion in response to a request under paragraph (1) until they have consulted the person who made the request and the consultation bodies, but shall, subject to paragraph (5), within five weeks beginning with the date of receipt of that request or such longer period as may be agreed in writing with the person making the request, adopt a scoping opinion and send a copy to the person who made the request.

(5) Where a person has, at the same time as making a request for a screening opinion under regulation 5(1), asked the authority for an opinion under paragraph (1) above, and the authority have adopted a screening opinion to the effect that the development is EIA development, the authority shall within five weeks beginning with the date on which that screening opinion was adopted or such longer period as may be agreed in writing with the person making the request, adopt a scoping opinion and send a copy to the person who made the request.

(6) Before adopting a scoping opinion, the authority shall take into account—

- (a) the specific characteristics of the particular development;
- (b) the specific characteristics of development of the type concerned; and
- (c) the environmental features likely to be affected by the development.

(7) Where an authority fail to adopt a scoping opinion within the relevant period mentioned in paragraph (4) or (5), the person who requested the opinion may under regulation 11(1) ask the Scottish Ministers to make a direction as to the information to be provided in the environmental statement (a “scoping direction”).

(8) Paragraph (7) applies notwithstanding that the authority may not have received additional information which they have sought under paragraph (3).

(9) An authority which has adopted a scoping opinion in response to a request under paragraph (1) shall not be precluded from requiring of the person who made the request additional information in connection with any statement that may be submitted by that person as an environmental statement in connection with an application for planning permission for the same development as was referred to in the request.

Scoping directions of the Scottish Ministers

11.—(1) A request made under this paragraph pursuant to regulation 10(7) shall include—

- (a) a copy of the relevant request to the relevant planning authority under regulation 10(1);
- (b) a copy of any relevant notification under regulation 10(3) and of any response;
- (c) a copy of any relevant screening opinion received by the person making the request and of any accompanying statement of reasons; and
- (d) any representations that the person making the request wishes to make.

(2) When a person makes a request under paragraph (1) he shall send to the relevant planning authority a copy of that request, but that copy need not include the matters mentioned in subparagraphs (a) to (c) of that paragraph.

(3) The Scottish Ministers shall notify in writing the person making the request of any points on which they consider the information provided pursuant to paragraph (1) is insufficient to enable them to make a scoping direction; and may request the relevant planning authority to provide such information as they can on any of those points.

(4) The Scottish Ministers shall not make a scoping direction in response to a request under paragraph (1) until they have consulted the person making the request and the consultation bodies, but shall, within five weeks beginning with the date of receipt of that request or such longer period as they may reasonably require, make a direction and send a copy to the person who made the request and to the relevant planning authority.

(5) Before making a scoping direction, the Scottish Ministers shall take into account the matters specified in regulation 10(6).

(6) Where the Scottish Ministers have made a scoping direction in response to a request under paragraph (1), neither they nor the relevant planning authority shall be precluded from requiring of the person who made the request additional information in connection with any statement that may be submitted by that person as an environmental statement in connection with an application for planning permission for the same development as was referred to in the request.
