For the purpose of making, forming, laying down, maintaining, repairing, or renewing any of their tramways, the promoters may from time to time, where and as far as it is necessary, or may appear expedient for the purpose of preventing frequent interruption of the traffic by repairs or works in connexion with the same, alter the position of any mains or pipes for the supply of gas or water, or any tube, wires, or apparatus for telegraphic or other purposes, subject to the provisions of this Act, and also subject to the following restrictions; (that is to say,)

- (1) Before laying down a tramway in a road in which any mains or pipes, tubes, wires, or apparatus may be laid, the promoters shall, whether they contemplate altering the position of any such mains or pipes, wires or apparatus, or not, give seven days notice to the company, persons, or person to whom such mains or pipes, tubes, wires, or apparatus may belong or by whom they are controlled, of their intention to lay down or alter the tramway, and shall at the same time deliver a plan and section of the proposed work. If it should appear to any such company or person that the construction of the tramway as proposed would endanger any such main or pipe, tube, wire, or apparatus, or interfere with or impede the supply of water or gas or the telegraphic or other communication, such company or person (as the case may be) may give notice to the promoters to lower or otherwise alter the position of the said mains or pipes, tubes, wires, or apparatus in such manner as may be considered necessary, and any difference as to the necessity of any such lowering or alteration shall be settled in manner provided by this Act for the settlement of differences between the promoters and other companies or persons, and all alterations to be made under this section shall be made with as little detriment and inconvenience to the company or person to whom such mains or pipes, tubes, wires, or apparatus may belong, or by whom the same are controlled, or to the inhabitants of the district, as the circumstances will admit, and under the superintendence of such company or person or of their surveyor or engineer if they or he think fit to attend, after receiving not less than forty-eight hours notice for that purpose, which notice the promoters are hereby required to give:
- (2) The promoters shall not remove or displace any of the mains or pipes, valves, syphons, plugs, tubes, wires, or apparatus, or other works belonging to or controlled by any such company or person, or do anything to impede the passage of water or gas or the telegraphic or other communication into or through such mains or pipes without the consent of such company or person, or in any other manner than such company or person shall approve, until good and sufficient mains, pipes, valves, syphons, plugs, and other works necessary or proper for continuing the supply of water or gas or telegraphic or other communication, as sufficiently as the same was supplied by the mains or pipes, tubes, wires, or apparatus proposed to be removed or displaced, shall at the expense of the promoters have been first made and laid down in lieu thereof and ready for use, and to the satisfaction of the surveyor or engineer of such water or gas or other company, or of such person, or, in case of disagreement between such surveyor or engineer and the promoters, as an engineer appointed by the Board of Trade shall direct:
- (3) The promoters shall not lay down any such pipes contrary to the regulations of any Act of Parliament relating to such water or gas or other company, or relating to telegraphs:

Changes to legislation: There are currently no known outstanding effects for the Tramways Act 1870. (See end of Document for details)

- (4) The promoters shall make good all damage done by them to property belonging to or controlled by any such company or person, and shall make full compensation to all parties for any loss or damage which they may sustain by reason of any interference with such property, or with the private service pipes of any person supplied by any such company or person with water or gas:
- (5) If by any such operations as aforesaid the promoters interrupt the supply of water or gas in or through any main or main pipe they shall be liable to a penalty not exceeding twenty pounds for every day upon which the supply shall be so interrupted.]

Where the promoters of a tramway in any district are not the local authority, the local authority, if, by resolution passed at a special meeting of the members constituting such local authority, they so decide, may within six months after the expiration of a period of twenty-one years from the time when such promoters were empowered to construct such tramway, and within six months after the expiration of every subsequent period of seven years or within three months after any order made by the Board of Trade under either of the two next preceding sections, with the approval of the Board of Trade, by notice in writing require such promoters to sell, and thereupon such promoters shall sell to them their undertaking, or so much of the same as is within such district, upon

terms of paying the then value (exclusive of any allowance for past or future profits of the undertaking, or any compensation for compulsory sale, or other consideration whatsoever) of the tramway, and all lands, buildings, works, materials, and plant of the promoters suitable to and used by them for the purposes of their undertaking within such district, such value to be in case of difference determined by an engineer or other fit person nominated as referee by the Board of Trade on the application of either party, and the expenses of the reference to be borne and paid as the referee directs. And when any such sale has been made, all the rights, powers, and authorities of such promoters in respect to the undertaking sold, or where any order has been made by the Board of Trade under either of the next preceding sections, all the rights, powers, and authorities of such promoters previous to the making of such order in respect of the undertaking sold, shall be transferred to, vested in, and may be exercised by the authority to whom the same has been sold, in like manner as if such tramway was constructed by such authority under the powers conferred upon them by a Provisional Order under this Act, and in reference to the same they shall be deemed to be the promoters.

No such resolution shall be valid unless a month's previous notice of the meeting, and of the purpose thereof, has been given in manner in which notices of meetings of such local authority are usually given, nor unless two thirds of the members constituting such local authority are present and vote at the meeting, and a majority of those present and voting concur in the resolution; provided that if in Scotland the local authority be the road trustees, it shall not be necessary that two thirds of such trustees shall be present at the meeting, but the resolution shall not be valid unless two thirds of the members present vote in favour of such resolution, and unless the said resolution is confirmed in like manner at another meeting called as aforesaid and held not less than three weeks and not more than six weeks thereafter; and it shall be lawful for the chairman of any such meeting, with the consent of a majority of the members present, to adjourn the same from time to time.

The local authority in any district may pay the purchase money and all expenses incurred by them in the purchase of any undertaking under the authority of this section [^{F46}out of the like rate]] and shall have the like powers to borrow [^{F46}on the security of the same] as if such expenses were incurred in applying for, obtaining, and carrying into effect any Provisional Order obtained by them under this Act.

Where the local rate is limited by law to a certain amount, and is by reason of such limitation insufficient for the payment of such purchase money and expenses, the Board of Trade may by Provisional Order extend the limit of such local rate to such amount as they shall think fit and prescribe for the payment of such purchase money and expenses.

Every such Provisional Order shall be confirmed in like manner as a Provisional Order under the authority of Part I of this Act, and until such confirmation such Provisional Order shall not have any operation.

Subject and according to the preceding provisions of this section two or more local authorities may jointly purchase any undertaking or so much of the same as is within their districts.
