(94/269/EC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Directive 91/493/EEC of 22 July 1991 laying down the health conditions for the production and the placing on the market of fishery products ⁽¹⁾, and in particular Article 11 (1) thereof,

Whereas a group of Commission experts has conducted an inspection visit to Colombia to verify the conditions under which fishery products are produced, stored and dispatched to the Community;

Whereas the provisions of Colombian legislation on health inspection and monitoring of fishery products may be considered equivalent to those laid down in Directive 91/493/EEC;

Whereas, in Colombia, the Ministry of Health (Foodstuffs Division) is capable of effectively verifying the application of the laws in force;

Whereas the procedure for obtaining the health certificate referred to in point (a) of Article 11 (4) of Directive 91/493/EEC must also cover the definition of a model certificate, the minimum requirements regarding the language(s) in which it must be drafted and the grade of the person empowered to sign it;

Whereas, pursuant to point (b) of Article 11 (4) of Directive 91/493/EEC, a mark should be affixed to packages of fishery and aquaculture products, giving the name of the non-member country and the approval number of the establishment of origin;

Whereas, pursuant to point (c) of Article 11 (4) of Directive 91/493/EEC, a list of approved establishments must be drawn up; whereas that list must be drawn up on the basis of a communication from the Colombian Ministry of Health to the Commission; whereas it is therefore for the Colombian Ministry of Health to ensure compliance with the provisions laid down to that end in Article 11 (4);

Whereas the Colombian Ministry of Health has provided official assurances regarding compliance with the rules set out in Chapter V of the Annex to Directive 91/493/EEC and regarding fulfilment of requirements equivalent to those laid down by that Directive for the approval of establishments;

Whereas the measures provided for in this Decision are in accordance with the opinion of the Standing Veterinary Committee,

HAS ADOPTED THIS DECISION:
