

Commission Directive 2006/86/EC of 24 October 2006 implementing Directive 2004/23/EC of the European Parliament and of the Council as regards traceability requirements, notification of serious adverse reactions and events and certain technical requirements for the coding, processing, preservation, storage and distribution of human tissues and cells (Text with EEA relevance)

*F1* Article 10c

**Accessibility and maintenance of the European coding system**

1 The Commission shall host and maintain an IT platform ('EU Coding Platform') which contains:

- a the EU Tissue Establishment Compendium;
- b the EU Tissue and Cell Product Compendium.

2 The Commission shall ensure that the information contained in the EU Coding Platform is publicly available before 29 October 2016.

3 The Commission shall update when needed the EUTC and ensure the overall update of the EU Tissue and Cell Product Compendium. The Commission considers that it is necessary that agreements are established with the organisations managing ISBT128 and Eurocode to ensure that updated product codes are regularly made available to the Commission for inclusion in the EU Tissue and Cell Product Compendium. If such organisations do not comply with the terms of the memoranda of understanding, the Commission may suspend, partially or in full, the future use of their respective product codes, having considered the sufficient supply of the concerned type of products in the Member States including a transitional period and having consulted the Member State experts through the Competent Authorities on Substances of Human Origin Expert Group.]

**Textual Amendments**
