

ANNEX II

Minimum data and information to be considered in the safety report referred to in Article 10

2. Presentation of the environment of the establishment:
 - (a) description of the establishment and its environment including the geographical location, meteorological, geological, hydrographic conditions and, if necessary, its history;
 - (b) identification of installations and other activities of the establishment which could present a major-accident hazard;
 - (c) on the basis of available information, identification of neighbouring establishments, as well as sites that fall outside the scope of this Directive, areas and developments that could be the source of, or increase the risk or consequences of a major accident and of domino effects;
 - (d) description of areas where a major accident may occur.
