**EXPLANATORY NOTE**

*(This Note is not part of the Order.)*

This Order makes provision with respect to nature conservation, enjoyment and conservation of the countryside, and amenity lands.

Part II places upon the Department of the Environment the duty of formulating and implementing policies for nature conservation and for the conservation and enhancement of the natural beauty and amenity of the countryside. This Part also establishes a Committee (to be known as "the Committee for Nature Conservation") to advise the Department.

Parts III to VIII re-state with amendments the Amenity Lands Act (Northern Ireland) 1965. Part III deals with the acquisition, disposal and use of amenity lands. Article 9 enables the Department to enter into management agreements with the owners and occupiers of land to conserve its natural beauty or promote its enjoyment by the public. Parts IV and V relate to National Parks, areas of outstanding natural beauty and nature reserves. In particular Article 18 empowers the Department to declare national nature reserves and Article 20 enables the Secretary of State to establish marine nature reserves. Under Article 22 district councils may secure the provision of nature reserves.

Part VI deals with the establishment and conservation of areas of special scientific interest. Part VII relates to derelict sites and Part VIII contains provisions of a miscellaneous and general nature.
