## EXPLANATORY NOTE

*(This note is not part of the Regulations.)*

These regulations amend the Social Security (Hospital In-Patients) Regulations (Northern Ireland) 1975 (“the principal regulations”). The circumstances in which a person is not to be regarded as maintained free of charge while receiving treatment as an in-patient in a hospital or similar institution are amended by regulation 2(2)(b). Where social security benefits are payable to or in respect of a person who has been undergoing continuous medical or other treatment as an in-patient in a hospital or similar institution, those periods after which the rates of benefit are reduced are provided by regulation 2(3) to be 6 weeks for the first reduction of benefit and 52 weeks for the second reduction. New rates of reductions to be made from benefits are specified in regulation 2(6). Resettlement benefit is abolished by regulation 2(11) except where a person becomes entitled to the benefit before 11th April 1988 (regulation 3). Other amendments made are minor and include some consequential revocations.

The regulations correspond to provision contained in regulations made by the Secretary of State for Social Services in relation to Great Britain and accordingly, by virtue of section 10(2) of, and paragraph 21 of Schedule 3 to, the Social Security Act 1980 (c. 30) are not subject to the requirement of section 10(1) of that Act for prior reference to the Social Security Advisory Committee.
