

## SCHEDULE 2

### Methods of Analysis

#### PART II

##### Methods of Analysis

The methods of analysis for the purposes of this Schedule are—

- (a) Community methods of analysis, as specified in Annex I to this Part of this Schedule;
- (b) the method for determining uric acid, as specified in Annex II to this Part of this Schedule;  
and
- (c) the method for determining isobutylidenediurea, as specified in Annex III to this Part of this Schedule.
