EXPLANATORY NOTE

(This note is not part of the Order)

These Regulations bring into force Commission Decision 2005/744/EC laying down the requirements for the prevention of highly pathogenic avian influenza caused by influenza A virus of subtype H5N1 in susceptible birds kept in zoos in the Member States (O.J. No. L 279, 22.10.2005, p. 75).

They require the Department to evaluate the risk of the transmission of avian influenza virus to susceptible birds in zoos and to take appropriate measures to reduce such risk (Regulation 4(1) and (2)).

Regulation 4(2) provides for the Department to declare avian influenza prevention (zoos) zones or to serve notices of restrictions on premises. Regulation 4(3) sets out the measures which may be applied.

Regulation 5 provides for the Department to require vaccination of susceptible birds in zoos if it thinks necessary.

Regulations 6, 7 and 8 deal with the powers of inspectors appointed by the Department and with enforcement.
