Calculation of eligible student's residual income

4.—(1) For the purpose of determining the residual income of an eligible student, there is deducted from his taxable income (unless already deducted in determining taxable income) the aggregate of any amounts falling within any of the following sub-paragraphs—

- (a) any remuneration for work done during any academic year of the eligible student's course, provided that such remuneration does not include any sums paid in respect of any period for which he has leave of absence or is relieved of his normal duties for the purpose of attending that course;
- (b) the gross amount of any premium or other sum paid by the eligible student in relation to a pension (not being a pension payable under a policy of life insurance) in respect of which relief is given under section 273, 619 or 639 of the Income and Corporation Taxes Act 1988⁽²⁾ or under section 188 of the Finance Act 2004⁽³⁾, or where the eligible student's income is computed for the purposes of the income tax legislation of another Member State, the gross amount of any such premium or sum in respect of which relief would be given if that legislation made provision equivalent to the Income Tax Acts.

(2) Where the only paragraph in Part 2 of Schedule 1 into which an eligible student falls is paragraph 9 and his income arises from sources or under legislation different from sources or legislation normally relevant to a person referred to in paragraph 9 of Schedule 1, his income is not disregarded in accordance with sub-paragraph (1) but is instead disregarded to the extent necessary to ensure that he is treated no less favourably than a person who is referred to in any paragraph of Part 2 of Schedule 1 would be treated if in similar circumstances and in receipt of similar income.

(3) Where the eligible student receives income in a currency other than sterling, the value of that income for the purpose of this paragraph is—

- (a) if the student purchases sterling with the income, the amount of sterling the student so receives;
- (b) otherwise, the value of the sterling which the income would purchase using the rate for the month in which it is received published by the Office for National Statistics⁽⁴⁾.

Calculation of parent's residual income

5.—(1) For the purposes of determining the taxable income of an eligible student's parent, any deductions which fall to be made or exemptions which are permitted—

- (a) by way of personal reliefs provided for in Chapter 1 of Part VII of the Income and Corporation Taxes Act 1988 or, where the income is computed for the purposes of the income tax legislation of another Member State, any comparable personal reliefs;
- (b) pursuant to any enactment or rule of law under which payments which would otherwise under United Kingdom law form part of a person's income are not treated as such; or
- (c) under sub-paragraph (2)

must not be made or permitted.

(2) For the purposes of determining the residual income of an eligible student's parent, there is deducted from the taxable income determined under sub-paragraph (1) the aggregate of any amounts falling within any of the following sub-paragraphs—

(2) 1988 c. 1; section 273 was amended by the Finance Act 1988 (c. 39), Schedule 3, paragraph 10 and the Income Tax (Trading and other Income) Act 2005, Schedule 1. Sections 619 and 639 are repealed by the Finance Act 2004, section 326 and Schedule 42 with effect from 6th April 2006 subject to the transitional provisions and savings in Schedule 36 to the Finance Act 2004.

- (a) the gross amount of any premium or sum relating to a pension (not being a premium payable under a policy of life assurance) in respect of which relief is given under section 273, 619 or 639 of the Income and Corporation Taxes Act 1988 or under section 188 of the Finance Act 2004, or where the income is computed for the purposes of the income tax legislation of another Member State, the gross amount of any such premium in respect of which relief would be given if that legislation made provision equivalent to the Income Tax Acts;
- (b) in any case where income is computed for the purposes of the Income Tax Acts by virtue of sub-paragraph (6) any sums equivalent to the deduction mentioned in paragraph (a) of this sub-paragraph, provided that any sums so deducted do not exceed the deductions which would be made if the whole of the eligible student's parent's income were in fact income for the purposes of the Income Tax Acts;
- (c) in the case of a parent student or an eligible student's parent who holds a statutory award, £1,050.

(3) Where the Department is satisfied that the income of the parent in the financial year beginning immediately before the relevant year ("the current financial year") is likely to be not more than 85 per cent. of the sterling value of his income in the preceding financial year he may, for the purpose of enabling the eligible student to attend the course without hardship, ascertain the parent's income for the current financial year.

(4) Where the Department is satisfied that the income of the parent in any financial year is, as a result of any event, likely to be and to continue after that year to be not more than 85 per cent. of the sterling value of his income in the previous financial year he may, for the purpose of enabling the eligible student to attend the course without hardship, ascertain the household income for the academic year of the eligible student's course in which that event occurred by taking as the residual income of the parent the average of his residual income for each of the financial years in which that academic year falls.

(5) Where the eligible student's parent satisfies the Department that his income is wholly or mainly derived from the profits of a business or profession carried on by him, then any reference in this Schedule to a preceding financial year means the earliest period of twelve months which ends after the start of the preceding financial year and in respect of which accounts are kept relating to that business or profession.

(6) Where an eligible student's parent is in receipt of any income which does not form part of his income for the purposes of the Income Tax Acts or the income tax legislation of another Member State by reason only that—

- (a) he is not resident, ordinarily resident or domiciled in the United Kingdom, or where his income is computed as for the purposes of the income tax legislation of another Member State, not so resident, ordinarily resident or domiciled in that Member State;
- (b) the income does not arise in the United Kingdom, or where the parent's income is computed as for the purposes of the income tax legislation of another Member State, does not arise in that Member State; or
- (c) the income arises from an office, service or employment, income from which is exempt from tax in pursuance of any legislation,

his taxable income for the purposes of this Schedule is computed as though the income under this sub-paragraph were part of his income for the purposes of the Income Tax Acts or the income tax legislation of another Member State, as the case may be.

(7) Where the income of the eligible student's parent is computed as for the purposes of the income tax legislation of another Member State, it is computed under the provisions of this Schedule in the currency of that Member State and the income of the eligible student's parent for the purposes of this Schedule is the sterling value of that income determined in accordance with the rate for the

month in which the last day of the financial year in question falls, as published by the Office for National Statistics.

(8) Where one of the eligible student's parents dies either before or during the relevant year and that parent's income has been or would be taken into account for the purpose of determining the household income, the household income is—

- (a) where the parent dies before the relevant year, determined by reference to the income of the surviving parent; or
- (b) where the parent dies during the relevant year, the aggregate of—
 - (i) the appropriate proportion of the household income determined by reference to the income of both parents, being the proportion in respect of that part of the relevant year during which both parents were alive; and
 - (ii) the appropriate proportion of the household income determined by reference to the income of the surviving parent, being the proportion in respect of that part of the relevant year remaining after the death of the other parent.

(9) Where the Department determines that the parents are separated for the duration of the relevant year, the household income is determined by reference to the income of whichever parent the Department considers the more appropriate under the circumstances.

(10) Where the Department determines that the parents have separated in the course of the relevant year, the household income is determined by reference to the aggregate of—

- (a) the appropriate proportion of the household income determined in accordance with sub-paragraph (9), being the proportion in respect of that part of the relevant year during which the parents are separated; and
- (b) the appropriate proportion of the household income determined otherwise in respect of the remainder of the relevant year.

Calculation of eligible student's partner's residual income

6.—(1) Subject to sub-paragraphs (2), (3) and (4) an eligible student's partner's income is determined in accordance with paragraph 5 (other than sub-paragraphs (8), (9) and (10) of paragraph 5), references to the parent being construed as references to the eligible student's partner.

(2) Where the Department determines that the eligible student and his partner are separated for the duration of the relevant year, the partner's income is not taken into account in determining the household income.

(3) Where the Department determines that the eligible student and his partner have separated in the course of the relevant year, the partner's income is determined by reference to his income under sub-paragraph (1) divided by fifty-two and multiplied by the number of complete weeks in the relevant year for which the Department determines that the eligible student and his partner are not separated.

(4) Where an eligible student has more than one partner in any one academic year, the provisions of this paragraph apply in relation to each.

The income of a new eligible student's parent's partner whose income is part of the household income by virtue of paragraph 3(2)(a) is determined in accordance with paragraph 6, references to the eligible student's partner being construed as references to the new eligible student's parent's partner, and references to the eligible student being construed as references to the new eligible student's parent.

(7) Where sub-paragraph (6) applies, the contribution in respect of an eligible student is an amount equal to the contribution calculated under paragraph 8 or 9 divided by the number of eligible students referred to in paragraph (b) of sub-paragraph (6) in relation to whom a contribution is payable and where the contribution is not extinguished by applying it in respect of the eligible student's statutory award, the remainder of the contribution is applied in the same way as in sub-paragraph (5) to the relevant statutory award of the eligible students in his relevant household.

- (a) a contribution taking into account the residual income of the parent of an eligible student is payable in relation to more than one eligible student who is the child of that parent or of the parent's partner; and
- (b) the amount payable in relation to each eligible student is not the same in every case because some of the eligible students are old system students and some are new system students,

the contribution in respect of an eligible student is calculated under sub-paragraph (9).

(9) Where sub-paragraph (8) applies, the contribution in respect of an eligible student is an amount equal to the contribution calculated under paragraph 8 or 9 divided by the number of eligible students referred to in paragraph (a) of sub-paragraph (8) in relation to whom a contribution is payable and where the contribution is not extinguished by applying it in respect of the eligible student's statutory award, the remainder of the contribution is applied in the same way as in sub-paragraph (5) to the relevant statutory awards of the other old system students where the eligible student is an old system student and to the relevant statutory awards of the other new system students where the eligible student is a new system student.

(10) Where a contribution taking into account the residual income of the eligible student's parent is payable in respect of more than one child of that parent or that parent's partner, if any, and the residual income of any such eligible student is greater than nil, the contribution in relation to each eligible student is calculated in accordance with the following sub-paragraphs—

- (a) the contribution in respect of the eligible student is calculated without reference to paragraph 4 but otherwise in accordance with this Schedule and is apportioned between each eligible student in accordance with this paragraph;
- (b) there is then applied in addition in respect of the eligible student a further contribution of £1 for every complete £12.50 by which the sum calculated in respect of the student under paragraph (c) exceeds £22,560 where the student is an old system student or, £1 for every complete £9.50 by which the sum calculated in respect of the student under paragraph (c) exceeds £37,900 where the student is a new system student;
- (c) the sum referred to in paragraph (b) is the aggregate of any amounts calculated under paragraphs 4, 5 and 7 (where appropriate) with the deduction of the amount (if any) by which the aggregate of the amounts calculated under paragraphs 5 and 7 exceeds £22,560 where the student is an old system student or exceeds £37,900 where the student is a new system student.

(11) Subject to sub-paragraph (12), there is added to a parent student's residual income for the purpose of calculating the contribution to his statutory award any sum remaining—

- (a) where the parent student is the parent of only one eligible student and the contribution payable in respect of that eligible student is greater than the statutory award in respect of that eligible student, the difference between that contribution and that statutory award; or
- (b) where a parent student is the parent of more than one eligible student, any sum remaining after the apportionment of the contribution to his children under this paragraph.

(12) Where a parent student has a partner within paragraph 1(j), the sums added to his residual income under sub-paragraph (11) are calculated as though the contribution in respect of his children

(13) In this paragraph, "relevant household" means all those eligible students in respect of whom a contribution is calculated with reference to the same income under both paragraphs 5 and 7.

Split contributions – independent eligible students

11.—(1) Where a contribution is payable under paragraph 8 or 9 in relation to an independent eligible student with a partner, the contribution is payable in accordance with the following sub-paragraphs—

- (a) for any year in which a statutory award other than an award referred to in paragraph (b) is held by the independent eligible student's partner, the contribution payable in respect of the independent eligible student is such proportion of any contribution calculated under paragraph 8 or 9 as the Department after consultation with any other authority involved considers just;
- (b) subject to the following sub-paragraphs, for any year in which an award payable under these Regulations, the Education (Student Awards) Regulations (Northern Ireland) 2003, the 1986 Order or section 63 of the Health Services and Public Health Act 1968 (and no other statutory award) is held by more than one child of the eligible student's parents, the contribution payable in respect of the eligible student shall be an amount equal to the contribution calculated under paragraph 8 divided by the number of children of his parents who hold a relevant statutory award;
- (c) if, as a result of the apportionment under paragraph (b) the contribution calculated would not be extinguished by applying it in respect of the independent eligible student's statutory award, the remainder of the contribution is instead applied to the relevant statutory award of his partner if they are both old system students or if they are both new system students.

(2) Subject to sub-paragraph (3), there is added to a parent student's residual income for the purpose of calculating the contribution to his statutory award any sum remaining—
