EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations prescribe the decapitalisation rate to be applied when determining the net annual value of any hereditament by reference to the contractor's principle for the purposes of any NAV list coming into force on or after 1st April 2010. The contractor's principle is the method of ascertaining the net annual value of a hereditament by reference to its actual or notional cost of construction or provision or to its capital value.

The decapitalisation rate is 3.33% in the case of a church hereditament, defence hereditament, educational hereditament or healthcare hereditament, all of which are defined in regulation 2, and 5% in any other case.

The corresponding decapitalisation rates for the purposes of the valuation list which came into force on 1st April 2003 were 3.67% and 5.5% respectively and provision is made for those rates to continue to have effect in relation to that list.
