EXPLANATORY NOTE

(This note is not part of the Regulations.)

These Regulations implement in Northern Ireland Directive [2007/45/EC](#) of the European Parliament and the Council laying down rules on nominal quantities for pre-packed products, repealing Council Directives [75/106/EEC](#) and [80/232/EEC](#) and amending Council Directive [76/211/EEC](#) (“the Directive”).

The Directive removes restrictions on the placing on the market of products in pre-packages made up otherwise than in “nominal quantities” (“specified quantities” in the UK), subject to the retention of nominal quantities applicable to certain wines and spirits. It requires that aerosol dispensers be marked with an indication of the total capacity of the container, in such a way as to avoid confusion with the volume of its contents. It also provides that aerosol dispensers need no longer indicate the weight of their contents. Products not in pre-packages are outside the scope of the Directive.

Schedules 4, 5 and 6 to the Weights and Measures (Northern Ireland) Order 1981 (“the 1981 Order”) provide (at paragraphs 2, 3 and PART II paragraph 2 respectively) for the sale of sand and other ballast, solid fuel, ready-mixed cement mortar and ready-mixed concrete in specified quantities. Those provisions apply to the above-mentioned products, whether they are in pre-packages or not. Regulation 3, therefore, amends specified quantity provisions so as to limit their application to sand and other ballast, solid fuel, ready-mixed cement mortar and ready-mixed concrete which are not in pre-packages.

Schedule 7 to the 1981 Order makes provision (at paragraph 3) for the quantity marking of aerosol containers. Regulation 3 amends paragraph 3 so as to require that aerosol containers be marked with an indication of the net volume of the contents together with an indication of the total capacity of the container (indicated in such a way as to avoid confusion with the volume of its contents).

Article 19 of the 1981 Order allows the Department of Enterprise, Trade and Investment by order to provide (amongst other things) that pre-packed goods must be sold only in specified quantities. Regulations 4 and 6 amend orders under Article 19 of the 1981 Order to exempt products pre-packed in securely closed containers from requirements to be sold in specified quantities.

Regulation 5 implements those requirements of the Directive relating to nominal quantities for certain wines and spirits in pre-packages by partially revoking the Schedule to the Weights and
