## EXPLANATORY NOTE

*(This note is not part of the Order)*

Under Article 69 of the Social Security Pensions (Northern Ireland) Order 1975 as amended, and as modified by Article 69A of that Order, the Department of Finance and Personnel (in who the functions conferred by those provisions are now vested) are required to provide by order for the increase in the rates of public service pensions. Under Article 69(7) of the 1975 Order, Article 69 of that Act has effect as if it were contained in the Pensions (Increase) Act (Northern Ireland) 1971. Section 9 (1) of the 1971 Act provides that references in the Act to a pension shall apply in relation to any allowance, benefit or compensation whether it takes the form of periodical payments or of a gratuity or other lump sum; and section 9(2)(c) provides that references to the “rate” of pension shall have effect as references also to the amount of a lump sum benefits. The increase is the percentage by which the Department for Social Development has, by direction given under the provisions of section 132(1) of the Social Security Administration (Northern Ireland) Act 1992, increased the sums referred to in section 132 of that Act. These are the sums which are the additional pensions in long term benefits, namely the additional pension entitlements accruing to employees in respect of earnings after 5th April 1978.

Where the pension began since the last direction given by the Department for Social Development the increase is a fraction of the percentage provided for in the latest direction. This usually means that pensions which have been in payment for less than a year get a proportionate fraction of the increase. However there was no direction 2010. Accordingly the provisions of the 1975 Order would require all pensions which began from the date of the direction in 2009 (6th April 2009) to the date of the 2011 direction (11th April 2011) to receive a proportionate fraction of the increase. The modification in relation 4 of these regulations restores the usual position so that pensions beginning before 12th April 2010 will receive the full increase (3.1%) and only those pensions beginning on or after 12th April 2010 (but before 11th April 2011) will get a proportionate fraction of the increase.
