The following class of lands and heritages is hereby prescribed for the purposes of section 6(1) of the 1975 Act, namely any lands and heritages in Scotland occupied by an authority and wholly or mainly used for the purposes of the undertaking for the supply of water carried on by that authority.

Aggregate amount of rateable values for financial years 2000-01 to 2004-05

4. For the purposes of section 6(1) of the 1975 Act, the aggregate amount of the rateable values of the prescribed class of lands and heritages—

- (a) for the financial year 2000-01, is hereby prescribed as £30,200,000;
- (b) for each of the following four financial years, shall be ascertained by adding together the amounts apportioned in respect of the lands and heritages within that class occupied by each authority for the year in question (calculated as provided for in article 5(2) below).

Apportionment of aggregate amount of rateable values among authorities

5.—(1) The aggregate amount referred to in article 4(a) above is hereby apportioned as—

$$A \times \left[1 + \frac{B - C}{2 \times C} \right]$$

where—

A is the apportioned amount for that authority for the financial year immediately prior to the financial year for which the calculation is being carried out;

B is the relevant adjusted volume of supply for the financial year ending 1 year before the beginning of the financial year for which the calculation is being carried out; and

where—

D is the number of megalitres of potable water produced by the authority, and supplied during that year for use;

E is the number of megalitres of potable water produced by the authority, and supplied during that year in bulk to another authority;

F is the number of megalitres of potable water received by the authority in bulk during that year;

- (a) in respect of such lands and heritages as are occupied by the East Authority, be apportioned among the local authorities specified in column 1 of Schedule 2 to this Order in accordance with the formula—

EXPLANATORY NOTE

(This note is not part of the Order)

This Order makes provision for the valuation for financial years 2000-01 to 2004-05 of certain lands and heritages occupied by water authorities and wholly or mainly used for the purposes of water undertakings carried on by them (“the prescribed class of lands and heritages”) (article 3).

The Order prescribes the aggregate amount of the rateable values of the prescribed class of lands and heritages for financial year 2000-01 at £30,200,000 and prescribes how the aggregate amount should be arrived at for each of the four following financial years (article 4). It also apportions the aggregate amounts among the three water authorities (article 5) and among local authorities (article 6 and Schedules 1 and 2).

The Order also amends certain enactments relating to the valuation of the prescribed class of lands and heritages and revokes a previous Order, now spent (articles 7 to 10).
