

ELIZABETH II

1979 CHAPTER xxiv

An Act to empower the Conservators of Epping Forest to grant to the Minister of Transport interests or rights in land for road purposes; to provide for the alteration of the site of Billingsgate Market; to empower the Board of Governors of the Museum of London to make charges for admission; to make further provision with respect to Tower Bridge and Spitalfields Market; and for other purposes. [20th December 1979]

WHEREAS—

(1) The open waste lands of Epping Forest are vested in the Corporation of London as the Conservators of Epping Forest and, under the Epping Forest Act 1878, the Conservators are required to keep the forest unenclosed and unbuilt on as an open space for the recreation and enjoyment of the public: 1878 c. ccxiii.

(2) For the purposes of a new special road and connecting roads forming part of the M.25 London Orbital Motorway, and of certain side roads and other works associated with that special road which the Minister of Transport has been authorised to construct between the principal road (A.121) at Honey Lane and the M.11 Motorway at Theydon Garnon in the parishes of

Waltham Abbey, Epping Upland, Epping and Theydon Bois in the district of Epping Forest in the county of Essex, it is expedient to authorise the Conservators to grant to the Minister interests and rights in or over lands forming part of the open waste of the forest in exchange for other lands, not less in area than the lands so affected by grants for road purposes, to be vested in the Conservators for addition to the forest:

(3) In consequence of a proposed widening of Lower Thames Street affecting Billingsgate Market in the city of London, and the impracticability of reaccommodating the market in new premises on or near the site of the existing market, it is expedient that provision be made to move the market to a new site available adjoining the West India Dock in the London borough of Tower Hamlets:

(4) It is further expedient to authorise the making of charges for admission to the Museum of London in the city, to make provision to enable the Corporation to develop as a place of resort for the public the parts of Tower Bridge which are not required for highway purposes, to make new provision for the letting of stalls in Spitalfields Market and to enact the other provisions contained in this Act:

(5) The objects of this Act cannot be attained without the authority of Parliament:

(6) Plans showing the lands in Epping Forest which may be used for road purposes under the authority of this Act, and a book of reference to those plans containing the names of the owners and occupiers of those lands, have been deposited in the office of the Clerk of the Parliaments and in the Private Bill Office of the House of Commons, with the Chief Executive of the Essex County Council and with the Chief Executive of the Epping Forest District Council:

May it therefore please Your Majesty that it may be enacted, and be it enacted, by the Queen's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:—
