

Avon Weir Act 1992

1992 CHAPTER v

PART II

WORKS

21 Abatement of works abandoned or decayed

- (1) Where a tidal work is abandoned or suffered to fall into decay, the Secretary of State may by notice in writing require the Corporation at its own expense either to repair and restore the work or any part thereof, or to remove the work and restore the site thereof to its former condition, to such an extent and within such limits as the Secretary of State thinks proper.
- (2) Where a work, authorised by this Act and consisting partly of a tidal work and partly of works on or over land above the level of high water, is abandoned or suffered to fall into decay and that part of the work on or over land above the level of high water is in such condition as to interfere or to cause reasonable apprehension that it may interfere with the right of navigation or other public rights over the foreshore, the Secretary of State may include that part of the work, or any portion thereof, in any notice under this section.
- (3) If, on the expiration of 30 days from the date when a notice under this section is served upon the Corporation, it has failed to comply with the requirements of the notice, the Secretary of State may execute the works specified in the notice and any expenditure incurred by him in so doing shall be recoverable from the Corporation.
