#### THE MINISTER.

1.—(1) His Majesty may by Order in Council transfer all or any of the functions of the Secretary of State under the Air-Raid Precautions Act, 1937 (hereinafter referred to as "the Act of 1937") to such other Minister of the Crown as may be specified in the Order, and, as respects any period during which the Order is in force, references in the Act of 1937 to the Secretary of State shall, except as otherwise expressly provided in the Order, be construed as references to the Minister so specified.

Transfer of

Secretary  
of State.  
1 & 2 Geo. 6.  
c. 6.

(2) In this Act, except in Part VII thereof, the expression "the Minister" means the Minister specified in the Order for the time being in force under subsection (1) of this section, or if no such Order is in force, the Secretary of State.

—cont. Crown.

(4) Anything done before the commencement of this Act in exercise or purported exercise of any functions conferred or imposed by the Act of 1937 on the Secretary of State shall, if done at his request by any other Minister of the Crown, be as valid and effective for all purposes as if it had been done by the Secretary of State.

## PART II.

## PUBLIC SHELTERS, &amp;C.

Designation  
of premises.

2.—(1) Where it appears to the local authority that the whole or any part of a building is or can be made suitable—

(a) for use as a public air-raid shelter; or

(b) for use, in the event of hostile attack, by the local authority in carrying out any of their civil defence functions,

the local authority may post in the building or part a notice declaring that that building or part may be required for use for public purposes of civil defence.

(2) Where the local authority post such a notice, they shall notify the Minister and take such steps as appear reasonably practicable to bring the contents of the notice to the knowledge of the persons having estates or interests in the building or part of a building, and section fifteen of the Land Charges Act, 1925, (which relates to the registration of local land charges) shall apply in relation to such a notice as if the notice were a local land charge and the notice shall be registered by the proper officer as a local land charge accordingly.

(3) The local authority may at any time withdraw any such notice as aforesaid by posting a notice to that effect in the building or part of a building, and causing the registration of the notice as a local land charge to be cancelled.

(4) A building or part of a building where a notice under subsection (1) of this section has been posted and has not been withdrawn is in this Act referred to as "designated premises" and references in this Act to the designation of premises shall be construed accordingly.

(5) Notwithstanding anything in this section, the local authority shall not, without the prior consent of the appropriate department, designate any premises which either—

- (a) are occupied by any public utility undertakers for the purposes of their undertaking, or
- (b) are situate on land over which any public utility undertakers exercise any control under any enactment or order relating to their undertaking.

(6) Where the occupier of any designated premises holds any part of the premises on lease, he shall, immediately he becomes aware of the designation of the premises, serve upon his immediate landlord or, where he holds different parts of the premises under different landlords, on each of his immediate landlords, notice that the premises have been designated under this section and each person upon whom such a notice is served in satisfaction of an obligation imposed by this subsection shall forthwith himself serve a copy of the notice upon his immediate landlord or landlords, if any.

**3.**—(1) Within fourteen days from the designation of any premises, any person having any estate or interest therein may appeal to the Minister against the designation thereof on the ground—

Appeal from  
designation  
of premises.

- (a) that the whole or any part of the premises is required for use for purposes of public importance and that accordingly it is inexpedient that they should be designated as aforesaid; or
- (b) that the whole or any part of the premises is required for use as a private air-raid shelter for the persons in the premises or in the building of which they form part.

(2) If on any such appeal the Minister is satisfied as to the truth of the grounds of the appeal, he may, if he thinks fit, order that the designation of the premises shall cease to have effect, or that it shall cease to have effect as respects a specified part of the premises originally designated.

(3) Where a designation so ceases to have effect as respects the whole or any part of any premises, the premises or part shall not again be designated without the leave of the Minister.

PART II.  
—cont.

(4) Nothing in this section applies to the premises mentioned in subsection (5) of the last preceding section.

Execution  
of works.

4. Where it appears to the local authority expedient for the purpose of making designated premises suitable or more suitable for any of the purposes mentioned in subsection (1) of section two of this Act, or of keeping them suitable for any of those purposes, that works should be executed in those premises, or in the building of which they form part, or in or on any adjacent building or land, they may, if they are unable to secure the execution of those works by agreement, themselves execute those works :

Provided that—

- (a) the local authority shall not, except with the agreement of all persons concerned, begin any such works as aforesaid until the period has expired for appealing to the Minister against the designation of the premises in question or, if an appeal is brought within that period, until the determination or abandonment of that appeal;
- (b) before entering (otherwise than with the consent of the occupier) on any premises, building or land for the purpose of executing any works, the local authority shall give to the occupier at least fourteen days' notice in writing of their intention so to do, but any such notice may be given at any time after the designation of the premises.

Designated  
premises to  
remain  
unaltered.

5.—(1) Subject to the provisions of this section, no person shall, without the consent of the local authority,—

- (a) make any structural alteration in any designated premises; or
- (b) remove or alter any works executed by, or by arrangement with, the local authority in or on any designated premises, any building of which designated premises form part, or any building or land adjacent to any designated premises :

Provided that, if the local authority refuse their consent or do not give their consent within six weeks from the date on which application is made therefor,

the applicant may appeal to a court of quarter sessions, and the court on the hearing of the appeal may authorise any alteration or removal desired by the applicant.

(2) Any person who contravenes the provisions of the preceding subsection shall be liable on summary conviction to a fine not exceeding fifty pounds :

Provided that no person shall be convicted of an offence under this section in relation to any designated premises if he proves that he did not know, and had no reasonable grounds for suspecting, that the premises were designated premises.

(3) Where the court by which a person is convicted of an offence under this section is satisfied that the contravention constituting the offence has rendered the designated premises in question unsuitable, or less suitable, for the public purposes for which they may be required, it may order that the local authority shall be at liberty to charge to the person convicted their reasonable expenses of again rendering the premises as suitable for those purposes as they would have been if the contravention had not taken place, and where such an order is made any such expenses of the local authority shall be recoverable by them from the person convicted as a debt.

6.—(1) Where works are executed under the preceding provisions of this Part of this Act in or on any premises, building or land by a local authority, the occupier of the premises, building or land shall be entitled to recover from the local authority compensation for any damage he has sustained by reason of any interference with his use of the premises, building or land during the execution of the works.

Compensation where works are executed.

(2) Where by reason of the execution aforesaid of any works, the usefulness of any premises, building or land is impaired, the local authority shall by way of compensation pay to the person who from time to time is the occupier of the premises, building or land, periodical sums, payable quarterly in arrear, calculated by reference to the diminution of the annual value of the premises, building or land, as the case may be, ascribable to the said impairment of the usefulness thereof.

(3) Where the designated premises in or in connection with which works were executed as aforesaid

PART II.  
—cont.

cease to be designated premises, the payments provided for by subsection (2) of this section shall cease to be payable, but it shall be the duty of the local authority—

- (a) to restore, as far as they think practicable, the premises, building or land to the condition in which they would be but for the execution of the works; and
- (b) if, after the restoration is completed, the premises, building, or land are less in value than they would be if the works had not been executed, to pay to each of the persons having any estate or interest in the premises, building, or land such compensation, if any, in respect of the difference in value as may be reasonable :

Provided that the local authority may include in their notice withdrawing the designation of the premises a statement that to such extent as may be specified in the notice they do not intend to carry out any such restoration as aforesaid, and if such a statement is so included, their obligation to restore shall be correspondingly diminished and their obligations as to compensation shall, as respects the matters specified in the statement, be determined by reference to the state of affairs existing at the date of the withdrawing of the designation.

(4) Where a local authority restore any premises, building or land in accordance with the last foregoing subsection, the occupier of the premises, building or land shall be entitled to recover from the local authority compensation for any damage he has sustained by reason of any interference with his use of the premises, building or land during the execution of the work.

(a) the authority shall, in addition to giving any notice required by the preceding subsection, publish by advertisement in a newspaper circulating in the area of the authority a notice describing the nature of their proposals and specifying the land to which they relate, and naming the place where plans illustrative of their proposals may be inspected at all reasonable hours by any person free of charge;

(b) if, within twenty-eight days after the publication of the notice, any notice of objection to the proposals is served on the local authority by any person affected thereby, the authority shall refer the notice of objection to the Minister for his consideration and shall not proceed with the proposals unless the Minister, after holding, if he thinks fit, an inquiry, has approved them, either with or without modification.

(3) The local authority may, in the exercise of their powers under this section, construct a shelter or other premises under any highway :

Provided that, in the case of a highway for the maintenance of which a highway authority is responsible, the local authority shall not exercise those powers without the consent of the highway authority (if it is a different authority) and shall not be required to serve any notices on persons having an estate or interest in the subsoil of the highway.

(4) Any shelter or premises constructed by the local authority under this section, together with the entrances to the shelter or premises and any shafts or other works executed in connection with the shelter or premises, shall, on completion, vest in the authority, and the authority shall be entitled to do anything reasonably necessary for the maintenance of any such shelter, premises, entrances, shafts or works and shall have such powers of entry as are necessary for that purpose.

PART II.  
—cont.

(5) The local authority shall pay to any person having an estate or interest in any land in which works are constructed under this section such compensation, if any, as may be just in respect of any damage caused to him by reason of the construction of the works or of anything done by the authority for the maintenance thereof.

(6) The powers conferred on local authorities by this section shall be exercisable notwithstanding anything in any Act (including a local or private Act) but shall not be exercisable with respect to any land occupied by public utility undertakers or persons carrying on any hydraulic power undertaking for the purposes of their undertaking and, as respects any other land, shall be exercisable subject to the following conditions :—

- (a) that the local authority shall not interfere with any mains, pipes, apparatus, or works belonging to such undertakers or persons unless they have given to those undertakers or persons not less than fourteen days' notice of their intention so to do nor in any case in which those undertakers or persons intimate in writing to the local authority within fourteen days after the receipt of such notice their intention themselves to carry out any reasonably necessary removal, diversion, or alteration of their mains, pipes, apparatus, or works, and proceed with reasonable dispatch to complete the removal, diversion or alteration;
- (b) that the local authority shall repay to the undertakers or persons the amount of any expenses reasonably incurred by them in connection with any such removal, diversion, or alteration; and

(a) not later than three months from the appropriate date to make a report in writing, in the case of factory premises to the factory inspector for the district, in the case of a mine to the mines inspector for the district, and in the case of a commercial building, to the local authority, stating what measures he has taken or is taking or proposing to take to provide air-raid shelter for the persons working or living in the factory premises, working in or about the mine, or working or living in the commercial building, as the case may be;

(b) on the completion of any works mentioned in any such report which have not been begun or are still incomplete at the date of the report, to report their completion in writing to the said inspector or local authority, as the case may be.

(2) If any person fails to make a report which he is required to make under the preceding subsection, he shall be liable on summary conviction to a fine not exceeding one hundred pounds, and, if the failure in respect of which he was so convicted continues after the conviction, he shall be liable on summary conviction to a fine not exceeding ten pounds for each day on which the failure so continues :

Provided that no person shall be convicted of an offence under this section in relation to any commercial building if he proves that he did not know, and had no reasonable ground for suspecting, that the building was a commercial building.

(3) In this section the expression “the appropriate date” means, in relation to any factory premises, mine or commercial building, whichever of the three following dates is the latest, that is to say—

- (a) the first issue or approval of a code under the last preceding section ;
- (b) the making of an order applying this Part of this Act to, or to an area containing, the premises, mine or building ;
- (c) the fulfilment of the conditions specified in the definition of “factory premises”, “mine”, or “commercial building”, as the case may be, contained in the provisions of this Act defining those expressions for the general purposes thereof.

**15.**—(1) Subject to the provisions of this Part of this Act as to appeals and notices, the occupier of any factory premises, the owner of any mine and the owner of any commercial building may execute any works for the purpose of providing shelter of the approved standard in the premises, or, in the case of a mine or commercial building, in any part of the mine or building or on any land appurtenant to the mine or building.

Power of  
occupier or  
owner to  
execute  
works.

(2) Before commencing any such works, the occupier of any factory premises who is not the owner of the whole of the premises and the owner of any commercial building who is not the occupier of the whole of the building shall serve upon the persons hereinafter mentioned a notice in writing stating his intention to provide shelter of the approved standard, specifying with such particularity as the occupier or owner thinks reasonably necessary the nature and situation of the shelter, and specifying the number of persons that the shelter is to be constructed to accommodate.

(3) The said notice shall, in the case of factory premises, be served on the immediate landlord of the occupier, or, where he holds different parts of the premises under different landlords, on each of his immediate landlords, and, in the case of a commercial building, shall be served on—

- (a) every lessee of the whole or any part of the building whose lease is immediately derived from the estate or interest of the owner ; and

PART III.  
—cont.

(b) the occupier of the building, or, where different parts of the building are occupied by different persons, each of those persons.

(4) Where the occupier of factory premises or the owner of a commercial building holds any part of the premises or building on lease, he shall, before commencing any such works, serve upon his immediate landlord, or where he holds different parts of the premises or building under different landlords, on each of his immediate landlords, such a notice as is mentioned in subsection (2) of this section, and each person upon whom such a notice or a copy thereof is served in satisfaction of an obligation imposed by this subsection, shall within seven days from the date of the service of the notice or copy himself serve a copy thereof upon his immediate landlord or landlords, if any :

Provided that, where the occupier of factory premises has, under the said subsection (2) served a copy of a notice on any person, the service of that notice shall be treated as satisfying his obligation under this subsection to serve a notice on that person.

(5) The rights conferred by this section on the occupier of factory premises, the owner of a mine and the owner of a commercial building shall be exercisable by him notwithstanding any limitation on his interest in the premises, mine or building or any agreement or restrictive covenant to the contrary, and notwithstanding, in the case of the owner of a commercial building, that he is not in occupation of the part of the building, or the land affected, and the person who exercises any such right shall not be liable to pay damages for anything done by him which is reasonably necessary for the due exercise of the right.

Power of  
factory  
inspector,  
mines  
inspector or  
local  
authority  
to require  
provision of  
air-raid  
shelter.

16.—(1) A factory inspector may serve on the occupier of factory premises, a mines inspector may serve on the owner of a mine, and the local authority may serve on the owner of a commercial building (whether or not any report has been made under the preceding provisions of this Part of this Act) a notice in writing requiring him to provide air-raid shelter of the approved standard for all or any of the persons working or living in the factory premises, working in or about the mine, or working or living in the commercial building, as the case may be.

(2) Any such notice shall specify with such particularity as the inspector or authority thinks or think reasonably necessary the nature and situation of the shelter, and shall specify the number of persons that the shelter is to be constructed to accommodate.

(3) Any such notice shall also state—

- (a) that the shelter is to be provided within such time as may be specified in the notice or such longer time as the Minister may allow;
- (b) that that time will begin to run twenty-eight days after the service of the notice, or, if an appeal is brought against the notice, from the date of the determination or abandonment of the appeal.

(4) An occupier or owner on whom such a notice has been served shall not exercise any power to execute works conferred by the last preceding section except for the purpose of complying with the said requirements.

(5) If any person fails to comply with the requirements of a notice served on him under this section, he shall be liable on summary conviction to a fine not exceeding one hundred pounds and, if the default in respect of which he was so convicted continues after the conviction, he shall be liable on summary conviction to a fine not exceeding fifty pounds for each day on which the default so continues :

Provided that the court by which a person is convicted of an offence may fix a reasonable period from the date of conviction for compliance by the defendant with the requirements of the notice, and, where a court has fixed such a period, the said daily penalty shall not be recoverable in respect of any day before the expiration thereof.

(6) Where a notice is served under this section on the occupier of factory premises who is not the owner of the whole of the premises, he shall, within fourteen days from the date of the service of the notice on him, serve a copy thereof on his immediate landlord, or, where he holds different parts of the premises under different landlords, on each of his immediate landlords.

(7) Where a notice is served under this section on the owner of a commercial building who is not the occupier of the whole of the building, he shall, within fourteen

PART III. days from the date of the service of the notice on him,  
—cont. serve a copy thereof on—

- (a) every lessee of the whole or any part of the building whose lease is immediately derived from the estate or interest of the owner; and
- (b) the occupier of the building or, where different parts of the building are occupied by different persons, each of those persons.

(8) Where a notice is served under this section on the occupier of factory premises or the owner of a commercial building and the occupier or owner holds any part of the premises or building on lease, he shall within fourteen days from the date of the service of the notice on him serve a copy thereof upon his immediate landlord or where he holds different parts of the premises or building under different landlords, on each of his immediate landlords, and each person upon whom a copy of such a notice is served in satisfaction of an obligation imposed by this subsection shall within seven days from the date of the service of the copy on him himself serve a copy upon his immediate landlord or landlords, if any:

Provided that, where the occupier of factory premises has under subsection (6) of this section served a copy of a notice on a person, the service of the copy shall be treated as satisfying his obligation under this subsection to serve a copy on that person.

(9) A notice under this section requiring the provision of air-raid shelter shall be deemed to be complied with if, by an agreement under Part II of this Act between the occupier of the premises or the owner of the building, as the case may be, and the local authority for the purposes of that Part, that shelter is provided in a public air-raid shelter.

Appeals.

17.—(1) Where a notice is served under subsection (2) of section fifteen or subsection (1) of section sixteen of this Act, any person who was served thereunder with the notice or is entitled to any interest which may, under the provisions of this Part of this Act relating to factory premises occupied under short leases, become the subject of a charge in respect of the expenses of the occupier of the premises in providing the shelter to which the notice relates, or is, under the provisions of this Part of this Act relating to increases of rent in the case of

certain commercial buildings, liable to an increase of rent in respect of the expenses of the owner of the building in providing the said shelter, may, within the period specified in subsection (4) of this section, appeal to the Minister on the ground that—

- (a) the proposals or requirements of the notice are not appropriate, or are not those most appropriate to the circumstances of the case; or
- (b) it is not reasonable to require the provision of any air-raid shelter in the case of the premises, mine or building.

(2) If the Minister allows an appeal on the ground specified in paragraph (a) of subsection (1) of this section, he shall vary the terms of the notice in such manner as he thinks fit and if he allows it on the ground specified in paragraph (b) thereof, he shall cancel the notice.

(3) Where under either of the last two preceding sections an occupier or owner has served a notice, or is required to serve a copy of a notice served upon him, with respect to air-raid shelter, he shall not begin to execute works for the purpose of providing the shelter to which the notice relates before the expiration of the period specified in subsection (4) of this section, or, if within that period an appeal is brought against the notice, until the determination or abandonment of the appeal.

(4) The period referred to in the preceding provisions of this section shall,—

- (a) where a notice has been served by a factory inspector, mines inspector or local authority, be twenty-one days from the service of the notice by that inspector or authority;
- (b) in the case of factory premises where no notice has been served by a factory inspector, be fourteen days from the service of the notice by the occupier;
- (c) in the case of a commercial building where no notice has been served by the local authority, be fourteen days from the service of the notice by the owner.

18.—(1) The provisions of this section shall have effect where the occupier of factory premises who is not the owner of the whole of the premises incurs expenses in executing works in pursuance of a notice served by or

on him under the preceding provisions of this Part of this Act, being a notice which or, as the case may be, a copy of which, has been duly served on all the persons on whom the occupier is required to serve it by the said provisions, and not being a notice cancelled on appeal.

(2) On the termination, within the period of ten years immediately following the date of the completion of the works, of any tenancy of the whole or any part of the premises, being a tenancy in existence at that date, the interest expectant on the termination of the tenancy shall, unless it is otherwise agreed in connection with the works or after the completion thereof, be charged in favour of the outgoing tenant with a sum which bears to the net ascertained cost of the works, the proportion which so much of the said period as is unexpired at the termination of the tenancy bears to the whole of the period.

(3) In this section, the expression “the net ascertained cost of the works,” means such sum as may, within the six months next following the completion of the works, be agreed by all persons entitled to interests which may become subject to such a charge as aforesaid, or as may be decided in proceedings commenced within the said six months, to be the amount of the reasonable expenses incurred in executing the works, as reduced by any grant out of moneys provided by Parliament towards those expenses :

Provided that, in relation to a tenancy not extending to the whole of the premises, the said expression shall be construed as if for the reference to the amount of the said expenses reduced as aforesaid, there were substituted a reference to an amount bearing to that amount (as so reduced) the same proportion that the annual value, at the date of the completion of the works, of the premises comprised in the tenancy bears to the annual value at that date of the whole of the premises.

Where the air-raid shelter which has been provided in pursuance of the notice provides a greater degree of protection or accommodation than is contemplated by the code, no greater expense shall be deemed for the purposes of this subsection to have been reasonably incurred in executing the works for the purpose of providing the shelter than would have been so incurred if that greater degree of protection or accommodation had not been provided.

(4) Any charge created by this section on any interest in factory premises shall have priority over all other incumbrances on that interest, except charges created or arising under any enactment authorising a charge for the recovery of expenses incurred by a local authority and charges created under any enactment authorising advances of public money; and any charge created under this section may be registered under section ten of the Land Charges Act, 1925, as a land charge of Class A and the person in whose favour the charge is created shall, for the purpose of enforcing it, have the same powers and remedies under the Law of Property Act, 1925, and otherwise, as he would have if he were a mortgagee by deed having powers of sale and lease, and of appointing a receiver.

PART III.  
—cont.

(5) The provisions of this section shall have effect in relation to any tenancy notwithstanding any term thereof requiring the tenant to pay outgoings or any similar term.

15 & 16  
Geo. 5. c. 20.

(6) Where the occupier of factory premises has become liable to pay any sums to the local authority (for the purposes of Part II of this Act) under an agreement for the provision by that authority of a public air-raid shelter for the use, in whole or in part, of persons working or living in the premises, subsections (2) to (5) of this section shall apply as if those sums were expenses incurred in executing works in pursuance of a notice duly served by the occupier under the preceding provisions of this Part of this Act (not being a notice cancelled on appeal), and as if the date of the conclusion of the agreement were the date of the completion of the works.

**19.**—(1) Where works are, by virtue of this Part of this Act, executed by the owner of a commercial building in any part thereof of which he is not the occupier, the occupier of that part of the building shall be entitled to recover from the owner compensation for any damage he has sustained by reason of any interference with his use of that part of the building during the execution of the works.

Provisions  
as to com-  
mercial  
buildings  
when owner  
does not  
occupy the  
whole  
building.

Any such compensation shall be charged on the estate or interest of the owner in the building, and any such charge shall have priority over all other encumbrances on that estate or interest, except charges arising under any enactment authorising a charge for the recovery

PART III.  
—cont.

of expenses incurred by a local authority and charges created under any enactment authorising advances of public money, and may be registered under section ten of the Land Charges Act, 1925, as a land charge of Class A, and the person in whose favour the charge is created shall, for the purpose of enforcing it, have the same powers and remedies under the Law of Property Act, 1925, and otherwise, as he would have if he were a mortgagee by deed having powers of sale and lease and of appointing a receiver.

(2) Where the usefulness of any part of a commercial building is impaired by reason of the execution therein of any works by virtue of this Part of this Act by the owner of the building, then, unless it is otherwise agreed in connection with, or after, the provision of the shelter, the rent payable under every lease derived from the estate or interest of the owner, being a lease in existence at the date of the completion of the works and comprising the part of the building the usefulness of which is so impaired, shall be decreased to the extent and for the period specified in the subsequent provisions of this section.

(3) The said decrease shall be at an annual rate equal to the diminution of the annual value of the part of the building ascribable to the impairment, ascertained as at the date of the completion of the works.

(4) Where a notice has been served under the preceding provisions of this Part of this Act by or on the owner of a commercial building who is not the occupier of the whole of the building and the owner has incurred expenses in providing shelter of the approved standard in pursuance of the notice, then, unless the notice has been cancelled on appeal, the rent payable under every lease derived from his estate or interest (being a lease in existence at the date of the completion of the works) shall, unless it is otherwise agreed in connection with, or after, the provision of the shelter, be increased to the extent and for the period specified in the subsequent provisions of this section :

Provided that no increase shall be payable by any person unless the owner has served the notice, or, as the case may be, a copy thereof, on all the persons on whom he is required to serve it by the preceding provisions of this Part of this Act within the time limited by those provisions.

(5) The said increase shall be at the annual rate of the total of the two following amounts, that is to say :—

- (a) one-tenth of the expenses of the owner under the notice ;
- (b) any diminution of the annual value of any part of the building ascribable to an impairment of the usefulness thereof by reason of the execution of the works ascertained as at the date of the completion of the works :

Provided that, in the case of a lease of part of a commercial building, the increase shall be calculated by reference not to the whole of the said total but to an amount bearing thereto the same proportion as the annual value of the part of the building at the date of the completion of the works bears to the annual value of the whole building at that date.

(6) The said increase shall operate in relation to a lease notwithstanding that the rent payable thereunder is decreased under the provisions of subsection (2) of this section, and any such increase and any such decrease shall be set off against each other accordingly.

(7) The rent on which any such increase or decrease as aforesaid operates is all rent payable under the lease in question in respect of any rent period beginning after the date of the completion of the works :

Provided that no increase or decrease shall operate in respect of more than ten years.

In this subsection the expression “rent period” means the quarter or other period in respect of which an instalment of rent becomes payable under the lease in question.

(8) In this section the expression “expenses” in relation to a notice means the expenses reasonably incurred by the owner in providing shelter of the approved standard in pursuance of the notice together with—

- (a) the amount of any compensation properly paid by the owner under subsection (1) of this section ;  
and
- (b) where the owner is the occupier of any part of the building in which works were executed for

PART III.

the purpose of providing the shelter, the amount of compensation which he would have been entitled to recover under that subsection from the owner of the building if he himself had not been the owner thereof, and the works had been done by the owner by virtue of the provisions of this Part of this Act.

Where air-raid shelter which has been provided in pursuance of the notice provides a greater degree of protection or accommodation than is contemplated by the code, no greater expense shall be deemed for the purposes of this subsection to have been reasonably incurred in executing the works for the purpose of providing the shelter than would have been so incurred if that greater degree of protection or accommodation had not been provided.

(9) Notwithstanding anything in this section, if any lessee proves that he or his predecessor in title, as the case may be, was not a person on whom the notice or a copy of the notice in question was required to be served by the preceding provisions of this Act and had no reasonable opportunity of appealing to the Minister against the notice and that by reason of his or his said predecessor's inability to appeal he has suffered damage, such reduction shall be made in the amount of the increase of the rent payable under his lease as may be just.

(10) A surety for the payment of any rent which is increased under this section shall not be discharged by reason of the increase but shall not be liable in respect of the increase.

(11) Where an owner claims or could have claimed an increase of rent under this section in respect of any expenses, he shall not be entitled to claim those expenses or any part thereof under any term of a lease requiring the tenant to pay outgoings or any similar term.

(12) Subsections (4), (5), (7), (10) and (11) of this section shall apply in relation to any sums for which the owner of a commercial building becomes liable to a local authority (for the purposes of Part II of this Act) under an agreement for the provision of a public air-raid shelter for the use, in whole or in part, of persons working or living in the building, as if—

(a) the owner had provided shelter of the approved standard in pursuance of a notice duly served

by him under the preceding provisions of this Part of this Act (not being a notice cancelled on appeal) and the said sums were expenses under that notice; and

PART III.  
—cont.

- (b) the date of the conclusion of the agreement were the date of the completion of the works.

**20.**—(1) Where any person having any estate or interest in factory premises or a commercial building or any part thereof has, before the passing of this Act, commenced works for the purpose of providing air-raid shelter of the approved standard for all or any of the persons working or living in the premises or building, he may make a claim to the tribunal by which claims for compensation and increases and decreases of rent are determined under this Act for the payment of contributions by all or any of the persons hereinafter mentioned towards the expenses incurred in providing the shelter, and the said tribunal may order the payment of such contributions by such of the said persons as it considers just.

Contribu-  
tions in  
respect of  
works com-  
menced  
before the  
passing of  
this Act.

(2) The persons liable to make contributions under the preceding subsection are persons having an estate in fee simple or a leasehold interest in the factory premises or commercial building, or any part thereof, being an estate or interest in existence at the passing of this Act or at the date of the completion of the works, whichever is the later, and not being an estate or interest in reversion expectant on a lease the unexpired term of which is ten years or more.

(3) The said tribunal in determining a claim under this section—

- (a) may set aside or vary the terms of any agreement entered into before the passing of this Act to such extent as may be necessary to give effect to its determination;
- (b) may order that the contributions (if any) shall take the form of increases or decreases of rent, or of lump sum or periodical payments, and, if they take the form of payments, may order that they shall be charged on the interests of the persons liable therefor.

PART III.  
—cont.

(4) In this section, references to the expenses incurred by any person in providing air-raid shelter shall include references to—

- (a) any sum which he is liable to pay as compensation for interference with the use of any part of the factory premises or commercial building during the execution of the works, or for the impairment of the value of any such part by reason of the execution of the works;
- (b) if the works are executed in a part of the premises or building occupied by him or impair the value of a part in which he has an estate or interest, such sum as may be just in respect of the interference with the use of that part or, as the case may be, the impairment of its value.

(5) The provisions of this Act relating to the determination of claims for compensation and increases and decreases of rent shall apply in relation to the determination of claims for contributions under this section.

Saving for rights of occupier or owner existing apart from this Part.

**21.** Nothing in this Part of this Act shall be construed as preventing the occupier of any factory premises, the owner of any mine or the owner of any commercial building from doing anything with a view to providing air-raid shelter which he would have been entitled to do if this Part of this Act had not been enacted, unless the doing thereof is inconsistent with compliance with the requirements of a notice duly served on him under this Part of this Act.

Exchequer grants in respect of provision of air-raid shelter in factory premises, mines, commercial buildings, &c.

**22.—(1)** Subject to the provisions of this section, there shall be paid out of moneys provided by Parliament to every occupier of factory premises and to every owner of a mine or commercial building who provides or secures the provision of air-raid shelter of the approved standard for all or any of the persons working or living in the factory premises, working in or about the mine, or working or living in the commercial building, as the case may be, a grant equal to the appropriate proportion of so much of the expenses of a capital nature incurred by him in providing or securing the provision of the shelter as the Minister considers reasonable.

(2) Subject to the provisions of this section, there shall be paid out of moneys provided by Parliament to every other person who incurs expenses of a capital nature in providing or securing the provision of air-raid shelter of the approved standard for all or any of the persons employed by him (otherwise than in a building in connection with which a grant is payable under subsection (1) of this section or a building wholly or mainly occupied as a school, college, university, hotel, restaurant, club, place of public entertainment or amusement, hospital or nursing home), a grant equal to the appropriate proportion of so much of those expenses as the Minister considers reasonable :

Provided that nothing in this subsection shall apply to any public utility undertakers.

(3) In this section the expression " the appropriate proportion " means an amount in the pound equal to the standard rate of income tax for the year 1939-40.

(4) No grant shall be paid under this section in respect of expenses incurred in providing or securing the provision of air-raid shelter unless either—

(a) the shelter has been provided before the end of September nineteen hundred and thirty-nine; or

(b) work on the shelter is then in progress, or preparatory measures are then being taken for the provision of the shelter and (in each case) the Minister is satisfied that the shelter will be provided within a reasonable time thereafter;

and no expenses shall be deemed for the purposes of this section to be reasonable in so far as they exceed such standard as may be prescribed by regulations of the Minister made with the consent of the Treasury, unless they were incurred in circumstances so prescribed.

(5) This section applies in relation to shelter provided before, as well as in relation to shelter provided after, the passing of this Act.

**23.**—(1) This section applies to every person who employs more than thirty persons in any factory premises, in or about any mine or in any commercial building. Training of employees.

(2) It shall be the duty of every person to whom this section applies, not later than one month from the

date on which this section first applies to him, to make a report in writing, in the case of factory premises, to the factory inspector for the district, in the case of a mine, to the mines inspector for the district, and, in the case of a commercial building, to the local authority, stating what measures he has taken or is taking or proposing to take to secure that all the persons employed by him in the premises, in or about the mine or in the building are trained as respects the routine to be followed in the event of an air-raid and that a suitable proportion of those persons are trained and equipped to give first-aid treatment, to deal with the effects of gas and to fight fires.

(3) A factory inspector may, in the case of factory premises, a mines inspector may, in the case of a mine, and the local authority may, in the case of a commercial building, serve on an employer to whom this section applies a notice in writing requiring him to take such measures in relation to the aforesaid matters as may be specified in the notice, and it shall thereupon be the duty of the employer, subject to the next following subsection, to comply with the requirements of the notice.

(4) Any person upon whom a notice is served as aforesaid may, within fourteen days after receipt of the notice, appeal to the Minister, and the Minister may on any such appeal cancel or vary the notice, and the decision of the Minister shall be final.

(5) If any person to whom this section applies fails to make such a report as aforesaid or to comply with the requirements of such a notice as aforesaid, he shall be liable on summary conviction to a fine not exceeding one hundred pounds, and, if the default in respect of which he was so convicted continues after the conviction, he shall be liable on summary conviction to a fine not exceeding fifty pounds for each day on which the default so continues.

Saving for  
certain  
authorities.

24. The provisions of this Part of this Act requiring owners and occupiers to make reports and authorising inspectors and local authorities to serve notices shall not require the making of reports by, or authorise the service of any notice on, any local authority or any police authority as defined in the Police Pensions Act, 1921.

##### OTHER PROVISIONS AS TO SHELTER.

26.—(1) Where the occupier of any premises has been provided on behalf of His Majesty with materials for an air-raid shelter to be erected on the premises, the local authority shall give him advice as to the position in which the shelter should be erected :

Erection of  
shelters  
provided by  
the Crown.

Provided that, where the materials are sold to the occupier, the local authority shall not be under any duty to give such advice until requested by the occupier.

(2) Any occupier to whom advice has been given as aforesaid may erect the shelter in accordance therewith, and may for that purpose break up the surface of any land in his occupation whether paved or not, but shall take due care not to damage any drains, sewers, pipes, cables or other works; and the right conferred by this subsection on any occupier may be exercised notwithstanding any agreement or restrictive covenant to the contrary, and notwithstanding any limitation on his interest in the premises, and he shall not be liable to pay damages in respect of any act which is reasonably necessary for the due exercise of the right conferred on him, or, if he has exercised due care, for any damage done by him to drains, sewers, pipes, cables or other works.

(3) The local authority shall in giving any advice under this section exercise such care as is reasonable in the circumstances of the case, but unless they fail to exercise such care, they shall not be under any liability in respect of any damage caused by or in consequence of the erection of a shelter in accordance with advice given by them.

(4) Where any such materials for an air-raid shelter have been provided on behalf of His Majesty without

charge, the local authority may, with the consent of the occupier of the premises, themselves erect the shelter, and the provisions of subsection (2) of this section shall apply in relation to the local authority as they apply in relation to an occupier erecting a shelter in accordance with advice given by the local authority.

(5) For the purposes of this Part of this Act, references to the erection of an air-raid shelter include references to the affixing of the shelter to, or the embedding of the shelter in, any part of the premises and the carrying out of any other works necessary for the proper erection of the shelter.

(6) Public utility undertakers who carry on a gas, water or electricity undertaking shall not, unless they have been guilty of negligence, be liable to pay damages for or in respect of any loss of life or injury or damage to persons or property resulting from damage done by any occupier to any pipe, cable, or other work in the exercise of the powers conferred by subsection (2) of this section :

ening  
basements.

27.—(1) Where the occupier of any basement has been provided free of charge on behalf of His Majesty with appliances for strengthening it with a view to its use as an air-raid shelter, then, unless the occupier of the basement refuses his consent, it shall be the duty of the local authority—

- (a) to affix these appliances, and
- (b) to take such steps as appear desirable in order to provide additional exits from the basement or in order to enable additional exits therefrom to be readily provided ;

## PART IV.

Loans by  
local autho-  
rities to  
owners of  
dwelling-  
houses.

29.—(1) The local authority may advance money to the owner of any premises comprising a dwelling-house in an area specified by the Minister in an order made under Part III of this Act (not being premises the occupier of which has been provided free of charge, on behalf of His Majesty, with materials for an air-raid shelter) for the purpose of enabling the owner to provide in the premises an air-raid shelter of a permanent character.

(2) Every such advance shall be repaid with interest within such period not exceeding ten years from the date of the advance as may be agreed, and the rate of interest shall be such a rate as may be agreed, not being a rate less than one-quarter per cent. in excess of the rate of interest which, one month before the date on which the terms of the advance are settled, was the rate fixed by the Treasury under section one of the Public Works Loans Act, 1897, in respect of loans to local authorities advanced out of the Local Loans Fund for the purposes of Part V of the Housing Act, 1936.

(3) Any amount due to a local authority by way of repayment of an advance made by them under this section may be recovered summarily as a civil debt, and shall be a charge on the premises in respect of which the advance was made, and the local authority shall, for the purpose of enforcing any such charge, have the same powers and remedies under the Law of Property Act, 1925, and otherwise as they would have if they were mortgagees by deed having powers of sale and lease and of appointing a receiver.

(4) The Public Works Loans Commissioners may, if they think fit, make loans in the manner provided by the Public Works Loans Act, 1875, to any local authority for the purpose of enabling the authority to make advances under this section, and the enactments relating to loans made by the said Commissioners shall apply (so far as applicable) to loans made by virtue of this subsection as they apply to loans made under section nine of the said Act.

(5) In this section the expression "owner" in relation to any premises, means the person in whom the fee simple is vested, and includes also a lessee of the premises under a lease the unexpired term of which exceeds three years.

**30.**—(1) The owner of any building or block of buildings to which this section applies shall, if so required by more than one-half in number of the occupiers of the separate parts of the building or block, and in any other case may, prepare a scheme for providing air-raid shelter in or near the building or block for the persons living and working in the building or block.

PART IV.  
—cont.  
Provision  
of air-raid  
shelter in  
certain  
buildings.

(2) In this section the expression “building or block of buildings to which this section applies,” means a building or block of buildings which is situated in an area specified in an order made by the Minister under Part III of this Act, is wholly or mainly used for residential purposes and is let out in separate parts :

Provided that—

- (a) so much of any building or block of buildings as consists of, or is comprised in, any factory premises or commercial building shall be disregarded ;
- (b) the said expression does not include any building or block of buildings owned by any local authority ;
- (c) if and so long as arrangements are in existence under which particular classes of persons are provided free of charge on behalf of His Majesty with materials for air-raid shelter, the said expression does not include a building or block of buildings in the case of which the majority of the occupiers of the residential parts fall within those classes,

and any question whether any building or block of buildings is or is not excluded from the operation of this section by virtue of paragraph (c) of this proviso shall be referred to the Minister whose decision shall be final.

(3) Any such scheme shall—

- (a) state the situation and the general nature of the shelter to be provided under the scheme and the number of persons which the shelter is to be constructed to accommodate ;
- (b) state the estimated cost of the provision of the shelter exclusive of compensation ;

PART IV.  
—*cont.*

- (c) state whether any and if so what compensation is proposed to be paid by the owner to persons having an estate or interest in the premises in which the shelter is to be provided and whether, and if so what, compensation is proposed to be allowed to the owner in respect of his interest in the premises in which the shelter is to be provided;
- (d) contain a statement of the effect of the subsequent provisions of this section as to increases of rent;

and may contain such other information as appears to the owner to be relevant in connection with the scheme.

(4) The owner shall serve a copy of any such scheme on the occupier of every separate part of the building or block not occupied by the owner thereof.

(5) Unless the occupiers of more than one-half in number of the separate parts of the building or block dissent from the scheme, then the owner shall carry the scheme into effect and, on completion by the owner of the shelter specified by the scheme in accordance with the provisions thereof, the rent payable under every lease derived from the estate or interest of the owner (being a lease in existence at the date of the completion of the shelter) shall, unless it is otherwise agreed in connection with or after the provision of the shelter, be increased to the extent and for the period specified in the subsequent provisions of this section.

(6) The said increase shall be calculated as follows :—

- (a) there shall first be taken the expenses of the owner in providing the shelter (exclusive of compensation) or the amounts specified in the scheme as the estimate of those expenses, whichever is the less;
- (b) there shall then be added to the sum ascertained under paragraph (a) of this subsection
  - (i) the amount, if any, proposed by the scheme to be paid by the owner as compensation to persons having an estate or interest in the premises in which the shelter is to be provided or the amount, if any, properly paid by the owner in respect of such compensation, whichever is the less; and

- (ii) the amount, if any, proposed by the scheme to be allowed as compensation to the owner in respect of his interest in the premises in which the shelter is to be provided or the amount reasonably allowed to the owner in respect of such compensation, whichever is the less;
- (c) there shall then be ascertained the proportion which the annual value of the part of the building or block to which the lease in question relates at the date of the completion of the works bears to the annual value of the whole building or block at that date;
- (d) the proportion so arrived at shall be applied to the sum ascertained under paragraphs (a) and (b) of this subsection; and
- (e) the increase in rent shall be at the annual rate of one-eighth of the sum arrived at under paragraph (d).

(7) The rent on which the said increase operates is all rent payable under the lease in question in respect of any rent period beginning after the date of the completion of the shelter :

Provided that no increase shall operate for more than ten years.

(8) A surety for the payment of any rent which is increased under this section shall not be discharged by reason of the increase, but shall not be liable in respect of the increase.

(9) Nothing in this section shall be construed as authorising the owner of any building or block of buildings to enter upon any premises or land, or to do any work thereon, if he would not have been entitled to enter or to do that work apart from the provisions of this section.

(10) In this section—

- (a) the expression “owner” in relation to a building or block of buildings to which this section applies has the same meaning as that expression has in relation to a commercial building; and
- (b) the expression “separate part” means, in relation to a building or block of buildings, a

part thereof which is in separate occupation, or, if unoccupied, is intended for separate occupation; and

- (c) the expression “rent period” means, in relation to a lease, the quarter or other period in respect of which an instalment of rent becomes payable thereunder;

and where a part of a building or block of buildings is occupied under a lease of which the unexpired term is less than six months, that person shall be deemed for the purposes of this section to be the occupier of that part who would be the occupier thereof if every such lease thereof had been surrendered.

(11) The provisions of the last preceding section shall apply in relation to the owner of a building or block of buildings who is providing an air-raid shelter of a permanent character under a scheme under this section, as it applies in relation to the owner of any such premises as are mentioned in subsection (1) of that section.

Special provisions as to land used in common by tenants of certain buildings.

**31.**—(1) If, in the case of any building or block of buildings to which this section applies, there is adjacent thereto any land used in common by the occupiers of the building or block, a request in writing, signed by more than one-half in number of the occupiers of the separate parts of the building or block, that the local authority should utilise that land for the construction or erection of an air-raid shelter shall confer upon the local authority the like rights as respects entry upon the land and the execution of works thereon as they would possess if the request had been and continued to be concurred in by all persons in any way interested in the land.

(2) In this section the expression “building or block of buildings to which this section applies” means a building or block of buildings which is situated in an area specified in an order made by the Minister under Part III of this Act, is wholly or mainly used for residential purposes and is let out in separate parts :

Provided that—

- (a) so much of any building or block of buildings as consists of, or is comprised in, any factory premises or commercial building shall be disregarded;

(b) the said expression does not include any building or block of buildings the owner of which may be required to provide air-raid shelter in accordance with a scheme prepared under the last preceding section.

(2) Regulations made under this section shall apply to buildings erected after the coming into operation of the regulations and, to such extent as may be specified therein, to buildings in which structural alterations are made, or which are extended, after that date:

Provided that no regulations shall apply to any building on the ground that it is erected, altered or extended after the said date, if plans for the erection, alteration or extension in question were passed by the local authority under the Public Health Act, 1936, or any corresponding enactment in any local Act, before that date.

- (b) the regulations may, so far as they relate to areas in which a local Act dealing with the construction of buildings is in force, incorporate any of the provisions of any such Act with such modifications as may be necessary;
- (c) the regulations may include provisions as to the giving of notices and the deposit of plans, sections, specifications and written particulars, and the inspection of work, and the taking of samples of materials to be used in the construction of buildings or in the execution of other works;
- (d) the regulations may provide for imposing on persons offending against the regulations fines, recoverable on summary conviction, not exceeding twenty pounds and in the case of a continuing offence further fines not exceeding five pounds for each day during which the offence continues after conviction therefor.

(5) Where the local authority consider that the operation of any regulation under this section in force in their area would be unreasonable in relation to any particular case, they may, with the consent of the Minister, relax the requirements of the regulation or dispense with compliance therewith.

(6) Any building byelaws, or any provisions of any such local Act as aforesaid, which are inconsistent with

any regulations made under this section shall, while the regulations are in force, be void to the extent of the inconsistency.

PART IV.
