- (2) The assessable profit or allowable loss so accruing in the period is the difference (if any) between the sum of the positive amounts for the period and the sum of the negative amounts for the period; and that difference (if any) is an assessable profit if the sum of the positive amounts is greater than the sum of the negative amounts, and is otherwise an allowable loss.
- (3) For the period—
 - (a) the positive amounts for the purposes of this section are the following (as defined in this section), namely the gross profit (if any) accruing to the participator in the period, his licence credit (if any) for the period, and any amount to be credited to him for the period in respect of expenditure; and
 - (b) the negative amounts for those purposes are the following (as so defined) namely the gross loss (if any) so accruing, his licence debit (if any) for the period, and any amount to be debited to him for the period in respect of expenditure.
- (4) [^{F5}For the purposes of the tax (including advance petroleum revenue tax)] the gross profit or loss (if any) accruing to the participator in the period is the difference (if any) between—
 - (a) the aggregate of the amounts mentioned in subsection (5) below; and
 - (b) one-half of the market value, [^{F6}in the last calendar month] of the preceding chargeable period, of so much of his share of oil won from the field as he had [^{F6}at the end of that period] either—
 - (i) not disposed of and not relevantly appropriated; or
 - (ii) disposed of but not delivered,and the difference (if any) is a gross profit if the said aggregate is greater than one-half of the said market value, and is otherwise a gross loss.
- (5) [^{F7}Subject to subsection (5A) below] the amounts referred to in subsection (4)(a) above are—
 - (a) the price received or receivable for so much of any oil won from the field and disposed of by him crude in sales at arm's length as was delivered by him in the period (excluding oil delivered before 13th November 1974);
 - (b) the aggregate market value, ascertained in accordance with Schedule 3 to this Act, of so much of any oil so won and disposed of by him crude otherwise than in sales at arm's length as was delivered by him in the period (excluding oil delivered before 13th November 1974);
 - (c) the aggregate market value, ascertained in accordance with Schedule 3 to this Act, of so much of any oil so won as was relevantly appropriated by him in the period without being disposed of (excluding oil so appropriated before 13th November 1974); and
 - (d) one-half of the market value, [^{F6}in the last calendar month] of the period, of so much of his share of oil so won as he had [^{F6}at the end of that period] either—
 - (i) not disposed of and not relevantly appropriated; or
 - (ii) disposed of but not delivered [^{F8}and]

- (a) the price received or receivable for the gas shall be deemed to be that for which it would have been sold, and
 - (b) the gas shall be deemed to be delivered at the time it would have been delivered, if the terms of the contract [^{F11}did not require the seller to meet any such costs as are mentioned above but did require the gas to be delivered—

 - (ii) in the case of gas extracted from strata in the sea bed and subsoil of the territorial sea of the United Kingdom or of a designated area, at the place in the United Kingdom at which the seller could reasonably be expected to deliver it or, if there is more than one such place, the one nearest to the place of extraction.]]

- (a) the sum of the amounts mentioned in subsection (9) below; and
 - (b) subject to subsection (10) below, any amount taken into account under paragraph (a) of the said subsection (9) in computing the assessable profit or allowable loss accruing to the participator in the last but one preceding chargeable period;

but nothing in paragraph (e) above shall be taken to apply to a payment made by a participator in pursuance of a contract whereby expenditure incurred for any of the purposes mentioned in subsection (1) above is to be shared between that participator and any of the other participators in the field.

- (5) [^{F37}Subject to subsection (5A) below] expenditure allowable under this section for an oil field qualifies for supplement under section 2(9)(b)(ii) or (c)(ii) of this Act if and to the extent that it is incurred for one or more of the following purposes, namely—

[^{F40}(5B) Expenditure incurred by a participator in an oil field shall be taken to be incurred for the purpose mentioned in paragraph (hh) of subsection (1) above if, and only if,—

- (b) the abandonment guarantee is obtained in order to comply with a term of a relevant agreement relating to that field under which the participator is required to provide security (whether or not specifically in the form of an abandonment guarantee) in respect of his liabilities to contribute to field abandonment costs;

- (b) oil first landed in another country to a place in that or any other country (other than the United Kingdom) which is not the nearest place so referred to, so much of that expenditure as does not exceed what would have been the expenditure incurred in transporting it to that nearest place shall be regarded as falling within the said paragraph (f).]

[^{F39}(7) In any case where—

- (a) expenditure which is incurred by any person as mentioned in subsection (6) above is so incurred in connection with a long-term asset, and

4 Allowance of expenditure on long-term assets.

- (1) Subject to subsection (13) below [^{F43}and section 1 of the Oil Taxation Act 1983], this section applies to expenditure (whether or not of a capital nature) which is incurred by a person at or before the time when he is a participator in an oil field, being expenditure incurred in acquiring, bringing into existence, or enhancing the value of an asset which is to be or is subsequently used in connection with the field and [^{F44}which, at the end of the first relevant claim period, is or is expected to be a long-term asset as defined in section 3(8) of the Oil Taxation Act 1983]:

Provided that this section shall not apply to expenditure incurred as aforesaid in any case where the Board consider that its application to that expenditure would have only a negligible effect on the total expenditure allowable under this Part of this Act for the field and so notify the responsible person.

- (2) The following provisions of this section are subject to Schedules 4, 5 and 6 to this Act.

(3)^{F45}

- (5) Subject to the following provisions of this section, a proportion of the expenditure shall be allowable under this section on a claim for the first relevant claim period, and that proportion is . . .^{F45}the proportion which the time during which the asset has been used in [^{F44}connection with the field] in the period between the incurring of the

expenditure or the asset's first use in [^{F44}connection with the field] (whichever is later) and the end of the first relevant claim period bears to the time between the incurring of the expenditure and the date when the asset's useful life is reasonably likely to end:

Provided that, where the asset was not used for any purpose in the period between the incurring of the expenditure and the asset's first use in connection with the field, the expenditure shall for the purposes of this subsection be treated as having been incurred on the date when the asset was first used in connection with the field.

(6) ^{F45}

(7) [^{F44}For each claim period subsequent to the first relevant claim period and] up to and including that in which use of the asset in connection with the field permanently ceases, the proportion of the expenditure allowable under this section for the relevant period shall be computed by applying the provisions of [^{F44}subsection (5)] above with the omission of the words “on a claim” (wherever occurring) and the substitution of references to the relevant period for references to the first relevant claim period.

For the purposes of this subsection “the relevant period”, in relation to a claim period, means the period consisting of that claim period and each earlier claim period back to and including that in which the expenditure was incurred.

(8) If, as computed under subsection (7) above for any claim period, the proportion of the expenditure allowable for the relevant period exceeds the amount thereof which (taking into account any previous adjustments made under the following subsection) has been allowed on claims made for earlier claim periods falling within the relevant period, the excess shall be allowable under this section on a claim for that claim period.

(9) If, as computed under subsection (7) above for any claim period, the proportion of the expenditure allowable for the relevant period is exceeded by the amount thereof which (taking into account any previous adjustments made under this subsection) has been allowed on claims made for earlier claim periods falling within the relevant period, the total amount of expenditure allowable under this and the preceding section on a claim for the first-mentioned claim period shall be reduced by an amount equal to the excess.

(10) Subsections (3) to (5) of section 3 of this Act shall apply for the purposes of this section as they apply for the purposes of that section; and where in accordance with subsection (9) above the total amount of the expenditure allowable under this and the preceding section on a claim for any claim period is reduced, the amount falling to be taken into account under section 2(9)(b)(ii) or (c)(ii) of this Act by reference to that expenditure shall be reduced by a proportion equal to the proportion by which the total amount of that expenditure is so reduced.

(11) For the purposes of [^{F44}subsection (5) above (including that subsection as it applies] under subsection (7) above) an asset which is throughout any period of time simultaneously used partly in connection with the field and partly otherwise shall be treated as being used in connection with the field for a proportion of that period equal to the proportion which the extent of its use in the period in that connection bears to the extent of its use in the period in that connection and otherwise.

(12) For the purposes of this section—

- (a) the asset is a brought-in asset if, between the time when it was acquired or brought into existence and its first use in connection with the field, the asset was used otherwise than in connection with the field; and
- (b) “the first relevant claim period”—

Status: Point in time view as at 27/07/1993. This version of this Act contains provisions that are not valid for this point in time.

Changes to legislation: There are currently no known outstanding effects for the Oil Taxation Act 1975. (See end of Document for details)

- (i) in the case of expenditure incurred in acquiring or bringing into existence a brought-in asset, means the claim period in which the asset was first used in connection with the field; and
 - (ii) in the case of any other expenditure, means the claim period in which the expenditure was incurred.
- (13) The preceding provisions of this section, and any other provisions in this Part of this Act as to which it is provided that this subsection applies, shall, with any necessary modifications, apply in relation to expenditure incurred by a person in acquiring an interest in an asset, or in bringing into existence an asset in which he is to have an interest, or in enhancing the value of an asset in which he has an interest, as the provisions in question apply in relation to expenditure incurred by a person in acquiring, bringing into existence, or enhancing the value of an asset, as the case may be.

5 Allowance of abortive exploration expenditure.

- (1) Subject to the following provisions of this section and Schedule 7 to this Act, the abortive exploration expenditure allowable in the case of a person who is a participator in an oil field is any expenditure (whether or not of a capital nature) incurred on or after 1st January 1960 [^{F46}and before 16th March 1983] which—
- (a) was incurred by that person or, if that person is a company, by that company or a company associated with it in respect of the expenditure; and
 - (b) was incurred wholly and exclusively for the purpose of searching for oil in the United Kingdom, the territorial sea thereof or a designated area; and
 - (c) is not, and is unlikely to become, allowable under section 3 or 4 of this Act for any oil field,

but so that any expenditure to which subsection (2) below applies shall not be allowable under this section except to the extent that it falls by virtue of that subsection

Status: Point in time view as at 27/07/1993. This version of this Act contains provisions that are not valid for this point in time.

to be treated as incurred wholly and exclusively for the purpose mentioned in paragraph (b) above.

- (2) Where any person has incurred expenditure in acquiring, bringing into existence, or enhancing the value of an asset which is subsequently used by him for the purpose mentioned in paragraph (b) of subsection (1) above, then—
- (a) subject to paragraph (b) below, if the useful life of the asset continues after the end of the twelve months beginning with the day on which he acquired the asset or brought it into existence, he shall be treated for the purposes of that subsection as having incurred wholly and exclusively for that purpose a fraction of that expenditure on each day after the expenditure was incurred on which the asset is used by him wholly and exclusively for that purpose, and that fraction is the fraction of which the numerator is 1 and the denominator is the number of days in the period beginning with the day on which he incurred that expenditure and ending with the day on which the asset's useful life is reasonably likely to end;
 - (b) if a subsequent disposal of the asset by that person otherwise than to a person connected with him gives rise to the receipt of a sum that falls to be taken into account under subsection (6) below, being a sum not less than the price which the asset might reasonably have been expected to fetch if sold in the open market at the time of the disposal, paragraph (a) above shall apply with the substitution, for the reference to the day on which the asset's useful life is reasonably likely to end, of a reference to the day on which the disposal was made.

Section 4(13) of this Act applies to the preceding provisions of this subsection.

- (3) Expenditure is not allowable under this section in connection with an oil field if, or to the extent that, it has been allowed under Schedule 7 to this Act in connection with any oil field.
- (4) Subsection (4) of section 3 of this Act shall apply for the purposes of this section with the following modifications, that is to say—
- (a) in paragraph (c) the words from “except” to the end of sub-paragraph (iii) shall be omitted;
 - (b) paragraph (d) shall be omitted;
 - (c) in paragraph (e), the reference to oil won or to be won from the field shall be read as a reference to oil won or to be won from any area whatsoever.
- (5) Paragraph 2 of Schedule 4 to this Act shall, . . . ^{F47}, apply in relation to this section as it applies in relation to sections 3 and 4 of this Act.
- (6) Where any expenditure which would otherwise be allowable under this section gives rise to the receipt of any sum (whether or not of a capital nature) by the person who incurred the expenditure or any person connected with him, that expenditure shall for the purposes of this section be reduced by an amount equal to that sum.
- (7) For the purposes of this section—
- (a) “company” means any body corporate;
 - (b) section [^{F48}839] of the Taxes Act (connected persons) shall apply; and
 - (c) a company which is a participator in an oil field is associated with another company in respect of expenditure incurred by the other company if—

 - (ii) each of them was, throughout that part of the relevant period in which it was in existence, a 51 per cent. subsidiary of a third company which was not itself a 51 per cent. subsidiary of any company.
- (8) For the purposes of subsection (7)(c) above—
- (a) “the relevant period” is the period beginning immediately before the expenditure was incurred and ending with the end of whichever of the following periods ends later, that is to say—
 - (i) the earliest chargeable period in which the company which is a participator in the oil field in question was a participator in that field; and
 - (ii) the chargeable period (for that field) in which the expenditure was incurred,
 (or, if they are the same period, with the end of that period); and
 - (b) section [F48838] of the Taxes Act (subsidiaries) shall apply.

(1B) In considering whether a person has at any time such a contractual obligation as is referred to in paragraph (a) or paragraph (b) of subsection (1A) above in respect of any expenditure,

- (a) if the contract contains a power (however exercisable) by virtue of which the person concerned, or a company associated with him in respect of the expenditure, is able to bring any contractual obligations to an end, he shall not be regarded as committed to any expenditure which, if the power were to be exercised, would not be incurred; and
- (b) if the person concerned (or a company associated with him in respect of the expenditure) has an option (however described) which was not exercised before 16th March 1993 but the exercise of which would increase his expenditure under the contract, he shall not be regarded as committed to any expenditure which would be incurred only as a result of the exercise of the option.

(1C) For the purposes of subsection (1A) above a contract is an exploration and appraisal contract if it is a contract for the provision of any services or other business facilities or assets for any of the purposes specified in subsection (2) below.]

(2) The purposes referred to in [^{F52}subsections (1) to (1C)] above are—

- (b) the purpose of ascertaining the extent or characteristics of any oil-bearing area in [^{F53}the territorial sea of the United Kingdom] or a designated area;
- (c) the purpose of ascertaining what are the reserves of oil of any such oil-bearing area; and
- (d) subject to subsection (3) below, the purpose of making to the Secretary of State any payment under or for the purpose of obtaining a licence (not being a payment by way of royalty or other periodic payment).

[Any reference in subsection (2) above to a designated area does not include a ^{F54}(2A) sector which, by virtue of subsection (3)(b) of section 107 of the Finance Act 1980 (transmedian fields), is deemed to be a designated area.]

(3) Expenditure incurred for the purpose mentioned in subsection (2)(d) above is not allowable under this section unless, at the time the allowance is claimed,—

- (a) the licence to which the expenditure related has expired or has been determined or revoked; or
- (b) part of the licensed area has been surrendered;

and where paragraph (b) above applies only that proportion of the expenditure which corresponds to the proportion of the licensed area which has been surrendered is expenditure falling within subsection (1) above.

- (b) if that oil had been disposed of in a sale at arm's length, then, by virtue of section 5(6) of this Act as applied by subsection (5) above, certain expenditure would have been reduced by reference to the receipt of a sum from that disposal.
- (5B) Where this subsection applies, the oil concerned shall be treated for the purposes of subsection (5)(c)(i) above and section 5(6) of this Act as having been disposed of for a sum equal to its market value [^{F57}at the material time] in the calendar month in which it was disposed of or appropriated as mentioned in subsection (5A)(a) above and, accordingly, for those purposes—

- and subsections (4) and (5) of section 36 of the Finance Act 1983 (meaning of development etc.) apply in relation to this subsection as they apply in relation to subsections (2) and (3) of that section.

6 Allowance of unrelievable loss from abandoned field.

- (1) Subject to Schedule 8 to this Act, the following is, in the case of a participator in an oil field, an allowable unrelievable field loss, that is to say so much of any allowable loss which, in the case of any other oil field being a field from which the winning of oil has permanently ceased, has in any chargeable period accrued therefrom to the participator or, if the participator is a company, to a company associated with it in respect of that loss as cannot under the provisions of section 7 of this Act be relieved against assessable profits accruing from that other field to the participator or the company so associated with the participator.
- (2) In determining for the purposes of this section whether an allowable loss has accrued as mentioned in subsection (1) above from an oil field from which the winning of oil permanently ceased before the total amount of oil ever won and saved from it reached the amount by reference to which the critical half year is defined in section 1(4) of this Act, the first chargeable period for that field shall be taken to have been the period ending at the end of the half year in which the winning of oil from the field so ceased (including an unlimited time prior to the beginning of that half year).

In this subsection “half year” has the same meaning as in section 1 of this Act.

- (3) For the purposes of this section—
 - (a) “company” means any body corporate; and
 - (b) a company which is a participator in an oil field is associated with another company in respect of an allowable loss which accrued to that other company in a chargeable period from another oil field if—
 - (i) throughout that part of the relevant period in which both were in existence one was a 51 per cent. subsidiary of the other and the other was not a 51 per cent. subsidiary of any company; or
 - (ii) each of them was, throughout that part of the relevant period in which it was in existence, a 51 per cent. subsidiary of a third company which was not itself a 51 per cent. subsidiary of any company;and in this section and Schedule 8 to this Act any reference to the winning of oil from an oil field permanently ceasing includes a reference to the permanent cessation of operations for the winning of oil from the field.
- (4) For the purposes of subsection (3)(b) above—
 - (a) the relevant period is the period beginning with the chargeable period in which the allowable loss accrued to the other company referred to in that paragraph and ending with the end of whichever of the following period ends later, that is to say—
 - (i) the earliest chargeable period in which the company which is a participator in the oil field in question was a participator in that field; and
 - (ii) the chargeable period in which the allowable loss accrued, (or, if they are the same period, with the end of that period); and
 - (b) section [F61 838] of the Taxes Act (subsidiaries) shall apply.

7 Relief for allowable losses.

- (1) Where the Board have determined under Schedule 2 to this Act that an allowable loss has accrued to a participator in a chargeable period from an oil field, then, subject to the following provisions of this section, the assessable profit accruing to him from the field in any succeeding chargeable period shall be treated as reduced by the amount of that allowable loss, or by so much of that amount as cannot, under this subsection or on a claim (if made) under subsection (2) below, be relieved against the assessable profit accruing to him from the field in any earlier chargeable period.
- (2) Where the Board have determined under Schedule 2 to this Act that an allowable loss has accrued to a participator in a chargeable period from an oil field, the participator may make a claim requiring that the loss be in the first instance set against any assessable profit which accrued to him from the field in any preceding chargeable period; and the assessable profit which so accrued to him in any such period shall then be treated as reduced by the amount of the loss, or by so much of that amount as cannot be relieved under this subsection against any assessable profit accruing to him from the field in a later chargeable period.

8 Oil allowance.

- (1) Subject to the provisions of this section and paragraphs 10 and 11 of Schedule 3 to this Act, where a participator in an oil field would, apart from this section and section 9 of this Act, be chargeable to tax for any chargeable period on an amount (“the said amount”) consisting of the assessable profit accruing to him in the period from the field or that profit as reduced under section 7 of this Act by any allowable losses, then for the purpose of determining his liability, if any, to tax for that period, the said amount shall be treated as reduced or further reduced as follows, that is to say—
- (a) if the said amount exceeds the cash equivalent of his share of the oil allowance for the field for that period, to an amount equal to the excess; or

- (b) if the said amount does not exceed the cash equivalent of his share of that allowance, to nil.
- (2) The oil allowance for an oil field is, for each chargeable period, [^{F62}250,000 metric tonnes], and shall be divided between the participators in shares proportionate to their shares of the oil won and saved from the field during the period.
- (3) For the purposes of this section the cash equivalent of a participator's share of the oil allowance for an oil field for a chargeable period is (subject to subsection (4) below) the amount given by the formula:—

$$£ \left(A \times \frac{B}{C} \right)$$

where—

A is the gross profit accruing to him in the period or, if a gross loss (or neither a gross profit nor a gross loss) accrues to him in the period, nil (in which case the cash equivalent itself will be nil);

B is his share of the allowance, in [^{F62}metric tonnes]; and

C is his share, exclusive of excluded oil within the meaning of section 10 of this Act, of the oil won and saved from the field during the period, in [^{F62}metric tonnes].

- (4) If a participator in an oil field so elects by notice in writing given to the Board at the time when he makes his return under paragraph 2 of Schedule 2 to this Act for a chargeable period, then the cash equivalent of his share of the oil allowance for the field for that period shall be determined under subsection (3) above—
- (a) to the extent that his share of that oil allowance does not exceed his share of the oil (other than gas) won and saved from the field in the period, as if in computing the gross profit or gross loss accruing to him in the period all amounts relating to gas fell to be disregarded; and
- (b) to the extent, if any, that his share of that oil allowance exceeds his share of the oil (other than gas) so won and saved, as if in computing the gross profit or gross loss so accruing all amounts relating to oil other than gas fell to be disregarded.
- (5) For the purposes of this section the amount of the oil allowance for an oil field utilised by a participator in any chargeable period is—
- (a) if in his case a reduction is made for that period under subsection (1)(a) above, an amount in [^{F62}metric tonnes] equal to his share of the oil allowance for the field for that period;
- (b) if in his case a reduction is made for that period under subsection (1)(b) above, the amount in [^{F62}metric tonnes] arrived at by multiplying his share of the oil allowance for the field for that period (in [^{F62}metric tonnes]) by the fraction of which the numerator is the amount of that reduction and the denominator is the cash equivalent of his share of the said oil allowance;
- (c) in any other case, nil.

Changes to legislation: There are currently no known outstanding effects for the Oil Taxation Act 1975. (See end of Document for details)

- (6) The total oil allowance for an oil field shall not exceed [^{F62}5 million metric tonnes], and accordingly—
- (a) for each chargeable period there shall be determined the aggregate of the amounts of the oil allowance for the field utilised by the participators in that period; and
 - (b) as regards the earliest chargeable period such that the sum of the aggregate determined under paragraph (a) above for that period and the aggregates so determined for each earlier chargeable period would, apart from this subsection, exceed [^{F62}5 million metric tonnes], the necessary restriction shall be apportioned between the participators in such manner as may be notified to the Board by the responsible person or, in default of such notification, as may be determined by the Board.
- In this subsection “the necessary restriction” means the restriction necessary to secure that the aggregate determined under paragraph (a) above for the chargeable period to which paragraph (b) above applies will, when added to the sum of the aggregates so determined for each earlier chargeable period, produce a total of [^{F62}5 million metric tonnes].
- (7) For the purposes of this section [^{F62}1,100 cubic metres] of oil consisting of gas at the temperature and pressure mentioned in section 1(4) of this Act shall be counted as equivalent to one [^{F62}metric tonne] of oil other than gas.
