- (3) Any duty imposed by virtue of sub-paragraph (2) above shall, to the extent that its performance involves the removal of any telecommunication apparatus from any land, be enforceable only in accordance with paragraph 21 below.
- (4) Where—
 - (a) on a right in relation to any land being conferred or varied in accordance with paragraph 2 above, there is a depreciation in the value of any relevant interest in the land, and
 - (b) that depreciation is attributable to the fact that paragraph 21 below will apply to the removal from the land, when the owner for the time being of that interest becomes the occupier of the land, of any telecommunication apparatus installed in pursuance of that right,the operator shall pay compensation to the person who, at the time the right is conferred or, as the case may be, varied, is the owner of that relevant interest; and the amount of that compensation shall be equal (subject to sub-paragraph (9) below) to the amount of the depreciation.

 - (b) the owner of the interest becomes bound by the right or variation by virtue only of paragraph 2(3) above.
- (6) Any question as to a person's entitlement to compensation under sub-paragraph (4) above, or as to the amount of any compensation under that sub-paragraph, shall, in default of agreement, be referred to and determined by the Lands Tribunal; and sections 2 and 4 of the Land Compensation Act 1961 (procedure and costs before Lands Tribunal) shall apply, with the necessary modifications, in relation to any such determination.
- (7) A claim to compensation under sub-paragraph (4) above shall be made by giving the operator notice of the claim and specifying in that notice particulars of—

 - (d) the amount of the compensation claimed ;

Status: This is the original version (as it was originally enacted).

and such a claim shall be capable of being made at any time before the claimant becomes the occupier of the land in question, or at any time in the period of three years beginning with that time.

- (8) For the purposes of assessing any compensation under sub-paragraph (4) above, rules (2) to (4) set out in section 5 of the Land Compensation Act 1961 shall, subject to any necessary modifications, have effect as they have effect for the purposes of assessing compensation for the compulsory acquisition of any interest in land.
- (9) Without prejudice to the powers of the Lands Tribunal in respect of the costs of any proceedings before the Tribunal by virtue of this paragraph, where compensation is payable under sub-paragraph (4) above there shall also be payable, by the operator to the claimant, any reasonable valuation or legal expenses incurred by the claimant for the purposes of the preparation and prosecution of his claim for that compensation.
- (10) Subsections (1) to (3) of section 10 of the Land Compensation Act 1973 (compensation in respect of mortgages, trusts for sale and settled land) shall apply in relation to compensation under sub-paragraph (4) above as they apply in relation to compensation under Part I of that Act.
- (11) In the application of this paragraph to Scotland—

 - (c) for the reference in sub-paragraph (8) above to section 5 of the Land Compensation Act 1961 there is substituted a reference to section 12 of the Land Compensation (Scotland) Act 1963 ;
 - (d) for the reference in sub-paragraph (10) above to subsections (1) to (3) of section 10 of the Land Compensation Act 1973 there is substituted a reference to subsections (1) and (2) of section 10 of the Land Compensation (Scotland) Act 1973.
- (12) In the application of this paragraph to Northern Ireland—

Power to dispense with the need for required agreement

- 5 (1) Where the operator requires any person to agree for the purposes of paragraph 2 or 3 above that any right should be conferred on the operator, or that any right should

Status: This is the original version (as it was originally enacted).

bind that person or any interest in land, the operator may give a notice to that person of the right and of the agreement that he requires.

- (2) Where the period of 28 days beginning with the giving of a notice under sub-paragraph (1) above has expired without the giving of the required agreement, the operator may apply to the court for an order conferring the proposed right, or providing for it to bind any person or any interest in land, and (in either case) dispensing with the need for the agreement of the person to whom the notice was given.
- (3) The court shall make an order under this paragraph if, but only if, it is satisfied that any prejudice caused by the order—
 - (a) is capable of being adequately compensated for by money; or
 - (b) is outweighed by the benefit, accruing from the order to the persons whose access to a telecommunication system will be secured by the order;and in determining the extent of the prejudice, and the weight of that benefit, the court shall have regard to all the circumstances and to the principle that no person should unreasonably be denied access to a telecommunication system.
- (4) An order under this paragraph made in respect of a proposed right may, in conferring that right or providing for it to bind any person or any interest in land and in dispensing with the need for any person's agreement, direct that the right shall have effect with such modifications, be exercisable on such terms and be subject to such conditions as may be specified in the order.
- (5) The terms and conditions specified by virtue of sub-paragraph (4) above in an order under this paragraph, shall include such terms and conditions as appear to the court appropriate for ensuring that the least possible loss and damage is caused by the exercise of the right in respect of which the order is made to persons who occupy, own interests in or are from time to time on the land in question.
- (6) For the purposes of proceedings under this paragraph in a county court in England and Wales or Northern Ireland, section 63(1) of the County Courts Act 1984 and Article 33(1) of the County Courts (Northern Ireland) Order 1980 (assessors) shall have effect as if the words " on the application of any party " were omitted ; and where an assessor is summoned, or, in Northern Ireland, appointed, by virtue of this sub-paragraph—
 - (a) he may, if so directed by the judge, inspect the land to which the proceedings relate without the judge and report on the land to the judge in writing; and
 - (b) the judge may take the report into account in determining whether to make an order under this paragraph and what order to make.

In relation to any time before 1st August 1984, the reference in this sub-paragraph to section 63(1) of the County Courts Act 1984 shall have effect as a reference to section 91(1) of the County Courts Act 1959.

- (7) Where an order under this paragraph, for the purpose of conferring any right or making provision for a right to bind any person or any interest in land, dispenses with the need for the agreement of any person, the order shall have the same effect and incidents as the agreement of the person the need for whose agreement is dispensed with and accordingly (without prejudice to the foregoing) shall be capable of variation or release by a subsequent agreement.

Status: This is the original version (as it was originally enacted).

Acquisition of rights in respect of apparatus already installed

- 6 (1) The following provisions of this paragraph apply where the operator gives notice under paragraph 5(1) above to any person and—
- (a) that notice requires that person's agreement in respect of a right which is to be exercisable (in whole or in part) in relation to telecommunication apparatus already kept installed on, under or over the land in question, and
 - (b) that person is entitled to require the removal of that apparatus but, by virtue of paragraph 21 below, is not entitled to enforce its removal.
- (2) The court may, on the application of the operator, confer on the operator such temporary rights as appear to the court reasonably necessary for securing that, pending the determination of any proceedings under paragraph 5 above or paragraph 21 below, the service provided by the operator's system is maintained and the apparatus properly adjusted and kept in repair.
- (3) In any case where it is shown that a person with an interest in the land was entitled to require the removal of the apparatus immediately after it was installed, the court shall, in determining for the purposes of paragraph 5 above whether the apparatus should continue to be kept installed on, under or over the land, disregard the fact that the apparatus has already been installed there.

Court to fix financial terms where agreement dispensed with

- 7 (1) The terms and conditions specified by virtue of sub-paragraph (4) of paragraph 5 above in an order under that paragraph dispensing with the need for a person's agreement, shall include—
- (a) such terms with respect to the payment of consideration in respect of the giving of the agreement, or the exercise of the rights to which the order relates, as it appears to the court would have been fair and reasonable if the agreement had been given willingly and subject to the other provisions of the order; and
 - (b) such terms as appear to the court appropriate for ensuring that that person and persons from time to time bound by virtue of paragraph 2(4) above by the rights to which the order relates are adequately compensated (whether by the payment of such consideration or otherwise) for any loss or damage sustained by them in consequence of the exercise of those rights.
- (2) In determining what terms should be specified in an order under paragraph 5 above for requiring an amount to be paid to any person in respect of—
- (a) the provisions of that order conferring any right or providing for any right to bind any person or any interest in land, or
 - (b) the exercise of any right to which the order relates,
- the court shall take into account the prejudicial effect (if any) of the order or, as the case may be, of the exercise of the right on that person's enjoyment of, or on any interest of his in, land other than the land in relation to which the right is conferred.
- (3) In determining what terms should be specified in an order under paragraph 5 above for requiring an amount to be paid to any person, the court shall, in a case where the order is made in consequence of an application made in connection with proceedings under paragraph 21 below, take into account, to such extent as it thinks fit, any period during which that person—

Status: This is the original version (as it was originally enacted).

- (a) was entitled to require the removal of any telecommunication apparatus from the land in question, but
 - (b) by virtue of paragraph 21 below, was not entitled to enforce its removal;
- but where the court takes any such period into account, it may also take into account any compensation paid under paragraph 4(4) above.
- (4) The terms specified by virtue of sub-paragraph (1) above in an order under paragraph 5 above may provide—
 - (a) for the making of payments from time to time to such persons as may be determined under those terms; and
 - (b) for questions arising in consequence of those terms (whether as to the amount of any loss or damage caused by the exercise of a right or otherwise) to be referred to arbitration or to be determined in such other manner as may be specified in the order.
- (5) The court may, if it thinks fit—
 - (a) where the amount of any sum required to be paid by virtue of terms specified in an order under paragraph 5 above has been determined, require the whole or any part of any such sum to be paid into court;
 - (b) pending the determination of the amount of any such sum, order the payment into court of such amount on account as the court thinks fit.
- (6) Where terms specified in an order under paragraph 5 above require the payment of any sum to a person who cannot be found or ascertained, that sum shall be paid into court.

Notices and applications by potential subscribers

- 8 (1) Where—
- (a) it is reasonably necessary for the agreement of any person to the conferring of any right, or to any right's binding any person or any interest in land, to be obtained by the operator before another person (" the potential subscriber ") may be afforded access to the operator's system, and
 - (b) the operator has not given a notice or (if he has given a notice) has not made an application in respect of that right under paragraph 5 above,
- the potential subscriber may at any time give a notice to the operator requiring him to give a notice or make an application under paragraph 5 above in respect of that right.
- (2) At any time after notice has been given to the operator under sub-paragraph (1) above, the operator may apply to the court to have the notice set aside on the ground that the conditions mentioned in that sub-paragraph are not satisfied or on the ground that, even if the agreement were obtained, the operator would not afford the potential subscriber access to the operator's system and could not be required to afford him access to that system.
 - (3) Subject to any order of the court made in or pending any proceedings under sub-paragraph (2) above, if at any time after the expiration of the period of 28 days beginning with the giving to the operator of a notice under sub-paragraph (1) above the operator has not complied with the notice, the potential subscriber may himself, on the operator's behalf, give the required notice and (if necessary) make an application under paragraph 5 above or, as the case may be, make the required application.

Status: This is the original version (as it was originally enacted).

- (4) The court may, on an application made by virtue of sub-paragraph (3) above, give such directions as it thinks fit—
 - (a) with respect to the separate participation of the operator in the proceedings to which the application gives rise, and
 - (b) requiring the operator to provide information to the court.
- (5) A covenant, condition or agreement which would have the effect of preventing or restricting the taking by any person as a potential subscriber of any step under this paragraph shall be void to the extent that it would have that effect.
- (6) Nothing in this paragraph shall be construed as requiring the operator to reimburse the potential subscriber for any costs incurred by the potential subscriber in or in connection with the taking of any step under this paragraph on the operator's behalf.

Street works

- 9 (1) The operator shall, for the statutory purposes, have the right to do any of the following things, that is to say—

 - (b) inspect, maintain, adjust, repair or alter any telecommunication apparatus so installed ; and

- (2) This paragraph has effect subject to section 11(1) of this Act, paragraph 3 above and the following provisions of this code, and the rights conferred by this paragraph shall not be exercisable in a street which is not a maintainable highway without either the agreement required by paragraph 2 above or an order of the court under paragraph 5 above dispensing with the need for that agreement.
- (3) The rights conferred by this paragraph shall not be exercisable on any land comprised in the route of a special road (within the meaning of the Highways Act 1980, the Special Roads Act 1949 or the Roads (Northern Ireland) Order 1980).

- 10 (1) Subject to paragraph 3 above and the following provisions of this code, where any telecommunication apparatus is kept installed on or over any land for the purposes of the operator's system, the operator shall, for the statutory purposes, have the right to install and keep installed lines which—
 - (a) pass over other land adjacent to or in the vicinity of the land on or over which that apparatus is so kept;

Status: This is the original version (as it was originally enacted).

- (c) are not at any point in the course of passing over the other land less than 3 metres above the ground or within 2 metres of any building over which they pass.
- (2) Nothing in sub-paragraph (1) above shall authorise the installation or keeping on or over any land of—
- (a) any telecommunication apparatus used to support, carry or suspend a line installed in pursuance of that sub-paragraph ; or
 - (b) any line which by reason of its position interferes with the carrying on of any business (within the meaning of section 6 of this Act) carried on on that land.

Tidal waters etc.

- 11 (1) Subject to paragraph 3 above and the following provisions of this code, the operator shall have the right for the statutory purposes—

 - (b) to keep telecommunication apparatus installed on, under or over tidal water or lands ; and
 - (c) to enter any tidal water or lands to inspect any telecommunication apparatus so installed.
- (2) A right conferred by this paragraph shall not be exercised in relation to any land in which a Crown interest, within the meaning of paragraph 26 below, subsists unless agreement to the exercise of the right in relation to that land has been given, in accordance with sub-paragraph (3) of that paragraph, in respect of that interest.
- (3) Before executing any works in exercise of a right conferred by this paragraph the operator (not being the Secretary of State) shall submit a plan of the proposed works to the Secretary of State for the Secretary of State's approval.
- (4) Sub-paragraph (3) above shall not apply to the execution of any emergency works, but as soon as practicable after commencing any emergency works on any tidal water or lands the operator (not being the Secretary of State) shall submit a plan of those works to the Secretary of State for the Secretary of State's approval.
- (5) As soon as reasonably practicable after a plan is submitted to him under sub-paragraph (3) or (4) above the Secretary of State shall, after consulting such authorities exercising functions in relation to the tidal water or lands in question as it appears to him appropriate to consult, consider whether to approve it; and, if he does approve it, he may do so subject to such modifications and conditions and on such terms as he thinks fit.
- (6) The Secretary of State shall not approve a plan submitted to him under sub-paragraph (3) or (4) above unless he is satisfied that adequate arrangements have been made for compensating any persons appearing to him to be owners of interests in the tidal water or lands in question for any loss or damage sustained by those persons in consequence of the execution of the works to which the plan relates.
- (7) If-
- (a) the operator (not being the Secretary of State) executes any works in exercise of a right conferred by this paragraph, but

Status: This is the original version (as it was originally enacted).

- (b) those works are executed otherwise than in accordance with a plan approved by the Secretary of State (including, in the case of emergency works, where works already commenced are not approved) or a condition on which any approval of the Secretary of State is given is or has been contravened, the Secretary of State may by notice require the operator to execute such remedial works as the Secretary of State thinks appropriate having regard to the terms and conditions of any approval that he has given and, if those works are not executed in accordance with the notice, may execute them himself at the operator's expense.
- (8) Where, as the result:—
- (a) of the failure of the operator (not being the Secretary of State) reasonably to maintain any telecommunication apparatus kept installed for the purposes of the operator's system on, under or over any tidal water or lands, or
- (b) of the abandonment by the operator of any such apparatus,
- it appears to the Secretary of State that any remedial works should be executed, he may by notice require the operator to execute those works and, if those works are not executed in accordance with the notice, may execute them himself at the operator's expense.
- (9) The Secretary of State shall have power for the purposes of exercising his functions (other than as the operator) under this paragraph, and of determining whether to exercise those functions, to cause a survey or examination to be carried out, at the operator's expense, of any works or apparatus or of the site or proposed site of any works or apparatus.
- (10) Where the Secretary of State is authorised by this paragraph to do any tiling at the operator's expense, the expenses incurred by the Secretary of State in or in connection with the doing of that thing shall be recoverable by the Secretary of State from the operator in any court of competent jurisdiction.
- (11) In this paragraph—
- " remedial works " includes any works of repair or restoration, the alteration of any apparatus and any works to restore the site of any apparatus to its original condition;
- " tidal water or lands " includes any estuary or branch of the sea, the shore below mean high water springs and the bed of any tidal water.

Linear obstacles

- 12 (1) Subject to the following provisions of this code, the operator shall, for the statutory purposes, have the right in order to cross any relevant land with a line, to install and keep the line and other telecommunication apparatus on, under or over that land and—
- (a) to execute any works on that land for or in connection with the installation, maintenance, adjustment, repair or alteration of that line or the other telecommunication apparatus ; and
- (b) to enter on that land to inspect the line or the other apparatus.
- (2) A line installed in pursuance of any right conferred by this paragraph need not cross the relevant land in question by a direct route or by the shortest route from the point at which the line enters that land, but it shall not cross that land by any route which, in the horizontal plane, exceeds the said shortest route by more than 400 metres.

Status: This is the original version (as it was originally enacted).

- (3) Telecommunication apparatus shall not be installed in pursuance of any right conferred by this paragraph in any position on the relevant land in which it interferes with traffic on the railway, canal or tramway on that land.
- (4) The operator shall not execute any works on any land in pursuance of any right conferred by this paragraph unless—
 - (a) he has given the person with control of the land 28 days' notice of his intention to do so ; or
 - (b) the works are emergency works.
- (5) A notice under sub-paragraph (4) above shall contain a plan and section of the proposed works or (in lieu of a plan and section) any description of the proposed works (whether or not in the form of a diagram) which the person with control of the land has agreed to accept for the purposes of this sub-paragraph.
- (6) If, at any time before a notice under sub-paragraph (4) above expires, the person with control of the land gives the operator notice of objection to the works, the operator shall be entitled to execute the works only—
 - (a) if, within the period of 28 days beginning with the giving of the notice of objection, neither the operator nor that person has given notice to the other requiring him to agree to an arbitrator to whom the objection may be referred under paragraph 13 below ; or
 - (b) in accordance with an award made on such a reference ; or
 - (c) to the extent that the works have at any time become emergency works.
- (7) If the operator exercises any power conferred by this paragraph to execute emergency works on any land, he shall, as soon as reasonably practicable after commencing those works, give the person with control of the land a notice identifying the works and containing—
 - (a) a statement of the reason why the works are emergency works ; and
 - (b) either the matters which would be required to be contained in a notice under sub-paragraph (4) above with respect to those works or, as the case may require, a reference to an earlier notice under that sub-paragraph with respect to those works.
- (8) If within the period of 28 days beginning with the giving of a notice under sub-paragraph (7) above the person to whom that notice was given gives a notice to the operator requiring him to pay compensation, the operator shall be liable to pay that person compensation in respect of loss or damage sustained in consequence of the carrying out of the emergency works in question; and any question as to the amount of that compensation shall, in default of agreement, be referred to arbitration under paragraph 13 below.
- (9) If the operator commences the execution of any works in contravention of any provision of this paragraph, he shall be guilty of an offence and liable on summary conviction to a fine not exceeding level 3 on the standard scale.
- (10) In this paragraph " relevant land " means land which is used wholly or mainly either as a railway, canal or tramway or in connection with a railway, canal or tramway on that land, and a reference to the person with control of any such land is a reference to the person carrying on the railway, canal or tramway undertaking in question.

Status: This is the original version (as it was originally enacted).

Arbitration in relation to linear obstacles

- 13 (1) Any objection or question which, in accordance with paragraph 12 above, is referred to arbitration under this paragraph shall be referred to the arbitration of a single arbitrator appointed by agreement between the parties concerned or, in default of agreement, by the President of the Institution of Civil Engineers.
- (2) Where an objection under paragraph 12 above is referred to arbitration under this paragraph the arbitrator shall have the power—
- (a) to require the operator to submit to the arbitrator a plan and section in such form as the arbitrator may think requisite for the purposes of the arbitration;
 - (b) to require the observations on any such plan or section of the person who objects to the works to be submitted to the arbitrator in such form as the arbitrator may think requisite for those purposes ;
 - (c) to direct the operator or that person to furnish him with such information and to comply with such other requirements as the arbitrator may think requisite for those purposes;
 - (d) to make an award requiring modifications to the proposed works and specifying the terms on which and the conditions subject to which die works may be executed ; and
 - (e) to award such sum as the arbitrator may determine in respect of one or both of the following matters, that is to say—
 - (i) compensation to the person who objects to the works in respect of loss or damage sustained by that person in consequence of the carrying out of the works, and
 - (ii) consideration payable to that person for the right to carry out the works.
- (3) Where a question as to compensation in respect of emergency works is referred to arbitration under this paragraph, the arbitrator—
- (a) shall have the power to direct the operator or the person who requires the payment of compensation to furnish him with such information and to comply with such other requirements as the arbitrator may think requisite for the purposes of the arbitration ; and
 - (b) shall award to the person requiring the payment of compensation such sum (if any) as the arbitrator may determine in respect of the loss or damage sustained by that person in consequence of the carrying out of the emergency works in question.
- (4) The arbitrator may treat compliance with any requirement made in pursuance of sub-paragraph (2)(a) to (c) or (3)(a) above as a condition of his making an award.
- (5) In determining what award to make on a reference under this paragraph, the arbitrator shall have regard to all the circumstances and to the principle that no person should unreasonably be denied access to a telecommunication system.
- (6) For the purposes of the making of an award under this paragraph—
- (a) the references in sub-paragraphs (2)(e) and (3)(b) above to loss shall, in relation to a person carrying on a railway, canal or tramway undertaking, include references to any increase in the expenses of carrying on that undertaking; and
 - (b) the consideration mentioned in sub-paragraph (2)(e) above shall be determined on the basis of what would have been fair and reasonable if the

Status: This is the original version (as it was originally enacted).

person who objects to the works had given his authority willingly for the works to be executed on the same terms and subject to the same conditions (if any) as are contained in the award.

- (7) In the application of this paragraph to Scotland, the reference to an arbitrator shall have effect as a reference to an arbiter and the arbiter may and, if so directed by the Court of Session, shall state a case for the decision of that Court on any question of law arising in the arbitration.
- (8) In the application of this paragraph to Northern Ireland, the Arbitration Act (Northern Ireland) 1937 shall apply in relation to an arbitration under this paragraph as if this code related exclusively to matters in respect of which the Parliament of Northern Ireland had power to make laws.

Alteration of apparatus crossing a linear obstacle

- 14
- (1) Without prejudice to the following provisions of this code, the person with control of any relevant land may, on the ground that any telecommunication apparatus kept installed on, under or over that land for the purposes of the operator's system interferes, or is likely to interfere, with—
 - (a) the carrying on of the railway, canal or tramway undertaking carried on by that person, or
 - (b) anything done or to be done for the purposes of that undertaking,give notice to the operator requiring him to alter that apparatus.
 - (2) The operator shall within a reasonable time and to the reasonable satisfaction of the person giving the notice comply with a notice under sub-paragraph (1) above unless before the expiration of the period of 28 days beginning with the giving of the notice he gives a counter-notice to the person with control of the land in question specifying the respects in which he is not prepared to comply with the original notice.
 - (3) Where a counter-notice has been given under sub-paragraph (2) above the operator shall not be required to comply with the original notice but the person with control of the relevant land may apply to the court for an order requiring the alteration of any telecommunication apparatus to which this notice relates.
 - (4) The court shall not make an order under this paragraph unless it is satisfied that the order is necessary on one of the grounds mentioned in sub-paragraph (1) above and in determining whether to make such an order the court shall also have regard to all the circumstances and to the principle that no person should unreasonably be denied access to a telecommunication system.
 - (5) An order under this paragraph may take such form and be on such terms as the court thinks fit and may impose such conditions and may contain such directions to the operator or the person with control of the land in question as the court thinks necessary for resolving any difference between the operator and that person and for protecting their respective interests.
 - (6) In this paragraph references to relevant land and to the person with control of such land have the same meaning as in paragraph 12 above.

Status: This is the original version (as it was originally enacted).

Use of certain conduits

- 15 (1) Nothing in the preceding provisions of this code shall authorise the doing of anything inside a relevant conduit without the agreement of the authority with control of that conduit.
- (2) The agreement of the authority with control of a public sewer shall be sufficient in all cases to confer a right falling within any of the preceding provisions of this code where the right is to be exercised wholly inside that sewer.
- (3) In this paragraph—
- (a) " relevant conduit " and " public sewer " have the same meanings as in section 98 of this Act; and
 - (b) a reference to the authority with control of a relevant conduit shall be construed in accordance with subsections (7) and (8) of that section.

Compensation for injurious affection to neighbouring land etc.

- 16 (1) Where a right conferred by or in accordance with any of the preceding provisions of this code is exercised, compensation shall be payable by the operator under section 10 of the Compulsory Purchase Act 1965 (compensation for injurious affection to neighbouring land etc.) as if that section had effect in relation to injury caused by the exercise of such a right as it has effect in relation to injury caused by the execution of works on land that has been compulsorily purchased.
- (2) Sub-paragraph (1) above shall not confer any entitlement to compensation on any person in respect of the exercise of a right conferred in accordance with paragraph 2 or 3 above, if that person conferred the right or is bound by it by virtue of paragraph 2(2)(&) or (d) above, but, save as aforesaid, the entitlement of any person to compensation under this paragraph shall be determined irrespective of his ownership of any interest in the land where the right is exercised.
- (3) Compensation shall not be payable on any claim for compensation under this paragraph unless the amount of the compensation exceeds £50.
- (4) In the application of this paragraph to Scotland—
- (a) for any reference in sub-paragraph (1) to section 10 of the Compulsory Purchase Act 1965 there is substituted a reference to section 6 of the Railway Clauses Consolidation (Scotland) Act 1845 ;
 - (b) for the reference in that sub-paragraph to land that has been compulsorily purchased there is substituted a reference to land that has been taken or used for the purpose of a railway;
 - (c) any question as to a person's entitlement to compensation by virtue of that sub-paragraph, or as to the amount of that compensation, shall, in default of agreement, be determined by the Lands Tribunal for Scotland.
- (5) In the application of this paragraph to Northern Ireland—
- (a) for any reference in sub-paragraph (1) to section 10 of the Compulsory Purchase Act 1965 there is substituted a reference to Article 18 of the Land Compensation (Northern Ireland) Order 1982 ;
 - (b) any question as to a person's entitlement to compensation by virtue of sub-paragraph (1) above, or as to the amount of that compensation, shall, in default of agreement, be determined by the Lands Tribunal for Northern Ireland.

Status: This is the original version (as it was originally enacted).

Objections to overhead apparatus

- 17 (1) This paragraph applies where the operator has completed the installation for the purposes of the operator's system of any telecommunication apparatus the whole or part of which is at a height of 3 metres or more above the ground.
- (2) At any time before the expiration of the period of 3 months beginning with the completion of the installation of the apparatus a person who is the occupier of or owns an interest in—
- (a) any land over or on which the apparatus has been installed, or
 - (b) any land the enjoyment of which, or any interest in which, is because of the nearness of the land to the land on or over which the apparatus has been installed, capable of being prejudiced by the apparatus,
- may give the operator notice of objection in respect of that apparatus.
- (3) No notice of objection may be given in respect of any apparatus if the apparatus—
- (a) replaces any telecommunication apparatus which is not substantially different from the new apparatus ; and
 - (b) is not in a significantly different position.
- (4) Where a person has both given a notice under this paragraph and applied for compensation under any of the preceding provisions of this code, the court—
- (a) may give such directions as it thinks fit for ensuring that no compensation is paid until any proceedings under this paragraph have been disposed of, and
 - (b) if the court makes an order under this paragraph, may provide in that order for some or all of the compensation otherwise payable under this code to that person not to be so payable, or, if the case so requires, for some or all of any compensation paid under this code to that person to be repaid to the operator.
- (5) At any time after the expiration of the period of 2 months beginning with the giving of a notice of objection but before the expiration of the period of 4 months beginning with the giving of that notice, the person who gave the notice may apply to the court to have the objection upheld.
- (6) Subject to sub-paragraph (7) below, the court shall uphold the objection if the apparatus appears materially to prejudice the applicant's enjoyment of, or interest in, the land in right of which the objection is made and the court is not satisfied that the only possible alterations of the apparatus will-
- (a) substantially increase the cost or diminish the quality of the service provided by the operator's system to persons who have, or may in future have, access to it, or
 - (b) involve the operator in substantial additional expenditure (disregarding any expenditure occasioned solely by the fact that any proposed alteration was not adopted originally or, as the case may be, that the apparatus has been unnecessarily installed), or
 - (c) give to any person a case at least as good as the applicant has to have an objection under this paragraph upheld.
- (7) The court shall not uphold the objection if the applicant is bound by a right of the operator falling within paragraph 2 or 3(1) above to install the apparatus and it appears to the court unreasonable, having regard to the fact that the applicant is so bound and the circumstances in which he became so bound, for the applicant to have given notice of objection.

Status: This is the original version (as it was originally enacted).

- (8) In considering the matters specified in sub-paragraph (6) above the court shall have regard to all the circumstances and to the principle that no person should unreasonably be denied access to a telecommunication system.
- (9) If it upholds an objection under this paragraph the court may by order—
- (a) direct the alteration of the apparatus to which the objection relates ;
 - (b) authorise the installation (instead of the apparatus to which the objection relates), in a manner and position specified in the order, of any apparatus so specified ;
 - (c) direct that no objection may be made under this paragraph in respect of any apparatus the installation of which is authorised by the court.
- (10) The court shall not make any order under this paragraph directing the alteration of any apparatus or authorising the installation of any apparatus unless it is satisfied either—
- (a) that the operator has all such rights as it appears to the court appropriate that he should have for the purpose of making the alteration or, as the case may be, installing the apparatus, or
 - (b) that—
 - (i) he would have all those rights if the court, on an application under paragraph 5 above, dispensed with the need for the agreement of any person, and
 - (ii) it would be appropriate for the court, on such an application, to dispense with the need for that agreement;
 and, accordingly, for the purposes of dispensing with the need for the agreement of any person to the alteration or installation of any apparatus, the court shall have the same powers as it would have if an application had been duly made under paragraph 5 above for an order dispensing with the need for that person's agreement.
- (11) For the purposes of sub-paragraphs (6)(c) and (10) above, the court shall have power on an application under this paragraph to give the applicant directions for bringing the application to the notice of such other interested persons as it minks fit.

Obligation to affix notices to overhead apparatus

- 18 (1) Where the operator has for the purposes of the operator's system installed any telecommunication apparatus the whole or part of which is at a height of 3 metres or more above the ground, the operator shall, before the expiration of the period of 3 days beginning with the completion of the installation, in a secure and durable manner affix a notice—
- (a) to every major item of apparatus installed ; or
 - (b) if no major item of apparatus is installed, to the nearest major item of telecommunication apparatus to which the apparatus that is installed is directly or indirectly connected.
- (2) A notice affixed under sub-paragraph (1) above shall be affixed in a position where it is reasonably legible and shall give the name of the operator and an address in the United Kingdom at which any notice of objection may be given under paragraph 17 above in respect of the apparatus in question ; and any person giving such a notice at that address in respect of that apparatus shall be deemed to have been furnished with that address for the purposes of paragraph 24(4)(a) below.

Status: This is the original version (as it was originally enacted).

- (3) If the operator contravenes the requirements of this paragraph he shall be guilty of an offence and liable on summary conviction to a fine not exceeding level 2 on the standard scale.
- (4) In any proceedings for an offence under this paragraph it shall be a defence for the person charged to prove that he took all reasonable steps and exercised all due diligence to avoid committing the offence.

Tree lopping

- 19 (1) Where any tree overhangs any street and, in doing so, either—
- (a) obstructs or interferes with the working of any telecommunication apparatus used for the purposes of the operator's system, or
 - (b) will obstruct or interfere with the working of any telecommunication apparatus which is about to be installed for those purposes.
- the operator may by notice to the occupier of the land on which the tree is growing require the tree to be lopped so as to prevent the obstruction or interference.
- (2) If within the period of 28 days beginning with the giving of the notice by the operator, the occupier of the land on which the tree is growing gives the operator a counter-notice objecting to the lopping of the tree, the notice shall have effect only if confirmed by an order of the court.
- (3) If at any time a notice under sub-paragraph (1) above has not been complied with and either—
- (a) a period of 28 days beginning with the giving of the notice has expired without a counter-notice having been given, or
 - (b) an order of the court confirming the notice has come into force,
- the operator may himself cause the tree to be lopped as mentioned in sub-paragraph (1) above.
- (4) Where the operator lops a tree in exercise of the power conferred by sub-paragraph (3) above he shall do so in a husband-like manner and in such a way as to cause the minimum damage to the tree.
- (5) Where-
- (a) a notice under sub-paragraph (1) above is complied with either without a counter-notice having been given or after the notice has been confirmed, or
 - (b) the operator exercises the power conferred by sub-paragraph (3) above,
- the court shall, on an application made by a person who has sustained loss or damage in consequence of the lopping of the tree or who has incurred expenses in complying with the notice, order the operator to pay that person such compensation in respect of the loss, damage or expenses as it thinks fit.

Power to require alteration of apparatus

- 20 (1) Where any telecommunication apparatus is kept installed on, under or over any land for the purposes of the operator's system, any person with an interest in that land or adjacent land may (notwithstanding the terms of any agreement binding that person) by notice given to the operator require the alteration of the apparatus on the ground that the alteration is necessary to enable that person to carry out a proposed improvement of the land in which he has an interest.

Status: This is the original version (as it was originally enacted).

- (2) Where a notice is given under sub-paragraph (1) above by any person to the operator, the operator shall comply with it unless he gives a counter-notice under this sub-paragraph within the period of 28 days beginning with the giving of the notice.
- (3) Where a counter-notice is given under sub-paragraph (2) above to any person, the operator shall make the required alteration only if the court on an application by that person makes an order requiring the alteration to be made.
- (4) The court shall make an order under this paragraph for an alteration to be made only if, having regard to all the circumstances and the principle that no person should unreasonably be denied access to a telecommunication system, it is satisfied—
- (a) that the alteration is necessary as mentioned in sub-paragraph (1) above; and
 - (b) that the alteration will not substantially interfere with any service provided by the operator's system.
- (5) The court shall not make an order under this paragraph for the alteration of any apparatus unless it is satisfied either—
- (a) that the operator has all such rights as it appears to the court appropriate that he should have for the purpose of making the alteration, or
 - (b) that—
 - (i) he would have all those rights if the court, on an application under paragraph 5 above, dispensed with the need for the agreement of any person, and
 - (ii) it would be appropriate for the court, on such an application, to dispense with the need for that agreement;
 and, accordingly, for the purposes of dispensing with the need for the agreement of any person to the alteration of any apparatus, the court shall have the same powers as it would have if an application had been duly made under paragraph 5 above for an order dispensing with the need for that person's agreement.
- (6) For the purposes of sub-paragraph (5) above, the court shall have power on an application under this paragraph to give the applicant directions for bringing the application to the notice of such other interested persons as it thinks fit.
- (7) An order under this paragraph may provide for the alteration to be carried out with such modifications, on such terms and subject to such conditions as the court thinks fit, but the court shall not include any such modifications, terms or conditions in its order without the consent of the applicant, and if such consent is not given may refuse to make an order under this paragraph.
- (8) An order made under this paragraph on the application of any person shall, unless the court otherwise thinks fit, require that person to reimburse the operator in respect of any expenses which the operator incurs in or in connection with the execution of any works in compliance with the order.
- (9) In sub-paragraph (1) above "improvement" includes development and change of use.

Restriction on right to require the removal of apparatus

- 21 (1) Where any person is for the time being entitled to require the removal of any of the operator's telecommunication apparatus from any land (whether under any enactment or because that apparatus is kept on, under or over that land otherwise than in pursuance of a right binding that person or for any other reason) that person

Status: This is the original version (as it was originally enacted).

shall not be entitled to enforce the removal of the apparatus except, subject to sub-paragraph (12) below, in accordance with the following provisions of this paragraph.

- (2) The person entitled to require the removal of any of the operator's telecommunication apparatus shall give a notice to the operator requiring the removal of the apparatus.
- (3) Where a person gives a notice under sub-paragraph (2) above and the operator does not give that person a counter-notice within the period of 28 days beginning with the giving of the notice, that person shall be entitled to enforce the removal of the apparatus.
- (4) A counter-notice given under sub-paragraph (3) above to any person by the operator shall do one or both of the following, that is to say—
 - (a) state that that person is not entitled to require the removal of the apparatus;
 - (b) specify the steps which the operator proposes to take for the purpose of securing a right as against that person to keep the apparatus on the land.
- (5) Those steps may include any steps which the operator could take for the purpose of enabling him, if the apparatus is removed, to re-install the apparatus ; and the fact that by reason of the following provisions of this paragraph any proposed re-installation is only hypothetical shall not prevent the operator from taking those steps or any court or person from exercising any function in consequence of those steps having been taken.
- (6) Where a counter-notice is given under sub-paragraph (3) above to any person, that person may only enforce the removal of the apparatus in pursuance of an order of the court; and, where the counter-notice specifies steps which the operator is proposing to take to secure a right to keep the apparatus on the land, the court shall not make such an order unless it is satisfied—
 - (a) that the operator is not intending to take those steps or is being unreasonably dilatory in the taking of those steps ; or
 - (b) that the taking of those steps has not secured, or will not secure, for the operator as against that person any right to keep the apparatus installed on, under or over the land or, as the case may be, to re-install it if it is removed.
- (7) Where any person is entitled to enforce the removal of any apparatus under this paragraph (whether by virtue of sub-paragraph (3) above or an order of the court under sub-paragraph (6) above), that person may, without prejudice to any method available to him apart from this sub-paragraph for enforcing the removal of that apparatus, apply to the court for authority to remove it himself ; and, on such an application, the court may, if it thinks fit, give that authority.
- (8) Where any apparatus is removed by any person under an authority given by the court under sub-paragraph (7) above, any expenses incurred by him in or in connection with the removal of the apparatus shall be recoverable by him from the operator in any court of competent jurisdiction ; and in so giving an authority to any person the court may also authorise him, in accordance with the directions of the court, to sell any apparatus removed under the authority and to retain the whole or a part of the proceeds of sale on account of those expenses.
- (9) Any telecommunication apparatus kept installed on, under or over any land shall (except for the purposes of this paragraph and without prejudice to paragraphs 6(3) and 7(3) above) be deemed, as against any person who was at any time entitled to require the removal of the apparatus, but by virtue of this paragraph not entitled to enforce its removal, to have been lawfully so kept at that time.

- 42 (1) Subject to sub-paragraph (2) below, nothing in this Act shall affect the operation of subsections (2) to (4) of section 28 of the 1981 Act in relation to any loan made to British Telecommunications under that section in respect of which any outstanding liability of British Telecommunications becomes a liability of the successor company on the transfer date.
- (2) No further directions may be given by the Secretary of State under subsection (2) of that section on or after the transfer date, but those applying to any such loan immediately before that date shall apply in relation to payments by the successor company in respect of that loan.

- 46 (1) Section 6(2) of the Commonwealth Telegraph Act 1949 shall continue to have effect with the modifications made by section 34(1) of the 1981 Act and, subject to that, shall have effect as if references which include references to British Telecommunications, in paragraph (c) and sub-paragraphs (iv), (v) and (vi) of paragraph (d), included references to the successor company.

- 48 (1) Where an asset, or the right to receive an asset, vests in the successor company by virtue of section 60 of this Act, then for the purposes of Part I of the Industry Act 1972 and Part II of the Industrial Development Act 1982—
- (a) so much of any expenditure incurred by British Telecommunications in providing that asset as is approved capital expenditure (of any description relevant for the purposes of regional development grant) in respect of which no payment of regional development grant has been made to British Telecommunications shall be treated as having been incurred by the successor company and not by British Telecommunications ; and
 - (b) where the asset itself vests in the successor company by virtue of section 60 of this Act, it shall be treated as a new asset if it would have fallen to be so treated if it had remained vested in British Telecommunications.
- (2) In this paragraph "regional development grant" means a grant under Part I of the Industry Act 1972 or Part II of the Industrial Development Act 1982 and " approved capital expenditure" has the same meaning as it has for the purposes of the provisions relating to regional development grant.
- 49 An order under section 19 of the Local Government Act 1974 (rating of certain public utilities and other bodies) which applies in relation to hereditaments occupied by British Telecommunications and is effective on the transfer date shall have effect as if it applied to the corresponding hereditaments occupied by the successor company.

 - (b) that the vesting effected by section 60 of this Act had been a vesting of all the property, rights and liabilities (other than the excepted liabilities) to which British Telecommunications was entitled or subject immediately before the beginning of the relevant year and had been effected immediately after the beginning of that year ;

Status: This is the original version (as it was originally enacted).

- (c) that the value of any asset and the amount of any liability of British Telecommunications vested in the successor company by virtue of that section had been the value or (as the case may be) the amount assigned to that asset or liability for the purposes of the statement of accounts prepared by British Telecommunications in respect of the accounting year immediately preceding the relevant year ;
 - (d) that any securities of the successor company issued or allotted before the declaration of the distribution had been issued or allotted before the end of the relevant year ; and
 - (e) such other assumptions (if any) as may appear to the directors of the successor company to be necessary or expedient for the purposes of this paragraph.
- (4) For the purposes of the said accounts the amount to be included in respect of any item shall be determined as if anything done by British Telecommunications (whether by way of acquiring, revaluing or disposing of any asset or incurring, revaluing or discharging any liability, or by carrying any amount to any provision or reserve, or otherwise) had been done by the successor company.

Accordingly (but without prejudice to the generality of the preceding provision) the amount to be included in any reserves of the successor company as representing its accumulated realised profits shall be determined as if any profits realised and retained by British Telecommunications had been realised and retained by the successor company.

- (5) The said accounts shall not be regarded as statutory accounts for the purposes of section 66 of this Act.
- (6) In this paragraph—
- " complete accounting year " means an accounting year ending with 31st March ;
