

Human Fertilisation and Embryology Act 1990

1990 CHAPTER 37

The Human Fertilisation and Embryology Authority, its functions and procedure

8 General functions of the Authority

The Authority shall—

- (a) keep under review information about embryos and any subsequent development of embryos and about the provision of treatment services and activities governed by this Act, and advise the Secretary of State, if he asks it to do so, about those matters,
- (b) publicise the services provided to the public by the Authority or provided in pursuance of licences,
- (c) provide, to such extent as it considers appropriate, advice and information for persons to whom licences apply or who are receiving treatment services or providing gametes or embryos for use for the purposes of activities governed by this Act, or may wish to do so, and
- (d) perform such other functions as may be specified in regulations.
