- (1) Expenditure on research and development includes all expenditure incurred for—
  - (a) carrying out research and development, or

- (6) Any additional VAT liability or rebate (as to which see Chapter 4) is to be disregarded in applying subsection (4)(b).

  - (b) after incurring the expenditure he sets up and commences a trade connected with the research and development.
- (2) The same expenditure may not be taken into account as qualifying expenditure in relation to more than one trade.
- (3) The trade by reference to which expenditure is qualifying expenditure is referred to in this Part as “the relevant trade” in relation to that expenditure.
- (4) If capital expenditure is partly within subsection (1) and partly not, the expenditure is to be apportioned in a just and reasonable manner.
- (5) References in this Chapter to research and development related to a trade include—

## 440 Excluded expenditure: land

- (1) Expenditure on the acquisition of land, or rights in or over land, is not qualifying expenditure.
- (2) But that does not prevent such expenditure from being qualifying expenditure so far as it is referable to the acquisition of—
  - (a) a building or structure already constructed on the land,
