- 86 Section 408 does not apply to acquisitions occurring before 13th September 1995.

Restrictions on qualifying expenditure in case of UK oil licence and certain other assets inapplicable for expenditure pre-16th July 1985

- 87 (1) The sections listed in sub-paragraph (2) do not apply if—
- (a) asset X is a mineral asset situated in the United Kingdom, and
 - (b) the capital expenditure incurred by the buyer consists of the payment of sums under a contract entered into by him before 16th July 1985.
- (2) The sections are—
- (a) section 407 (acquisition of mineral asset owned by previous trader),
 - (b) section 410 (UK oil licence: qualifying expenditure limited by reference to original licence payment), and
 - (c) section 411 (assets generally: qualifying expenditure limited by reference to previous trader’s unrelieved qualifying expenditure).
- (3) Sections 407 and 411 apply, in relation to a case where asset X is a mineral asset situated in the United Kingdom, as if the references to an earlier owner of the asset did not include a person who has not owned the asset at any time after 31st March 1986.
- (4) In the case of a mineral asset which consists of or includes an interest in or right over mineral deposits or land, the asset is not to be regarded for the purposes of this

Status: This is the original version (as it was originally enacted).

paragraph as situated in the United Kingdom unless the deposits or land are or is so situated.

- (5) Expressions used in this paragraph and Chapter 4 of Part 5 have the same meaning in this paragraph as they have in that Chapter.

Expenditure incurred pre-1st April 1986

- 88 (1) Part 5 of this Act does not apply in relation to expenditure incurred before 1st April 1986 (“old expenditure”) except as provided by the following provisions of this paragraph.
- (2) Sections 401 and 402 apply to old expenditure if—
- (a) that expenditure was incurred on mineral exploration and access,
 - (b) immediately before 1st April 1986, no allowance had been made under Chapter III of Part I of CAA 1968 in respect of it, and
 - (c) after that day and before mineral exploration and access ceases at the source in question, the person by whom the expenditure was incurred began or begins to carry on a trade of mineral extraction.

In this sub-paragraph “source” has the same meaning as it had in Schedule 14 to FA 1986.

- (3) For the purposes of Part 5—
- (a) expenditure which by virtue of any provision of section 119 of CAA 1990 (read with any provision of Schedule 14 to FA 1986) was treated immediately before the coming into force of this Act as expenditure incurred on 1st April 1986 for any purpose or purposes is to continue to be so treated;
 - (b) any allowances treated as having been made under Schedule 13 to FA 1986 is to continue to be so treated;
 - (c) any amount treated as qualifying expenditure for the purposes of that Schedule is to continue to be so treated; and
 - (d) in relation to any expenditure to which paragraph 6(4)(a) of Schedule 14 to FA 1986 applied, section 424 does not apply (so that no deduction is to be made from the amount of any disposal receipt by reference to the undeveloped market value of the land in question).
- (4) In the case of expenditure incurred in the acquisition of a mineral asset, nothing in sub-paragraph (3)(c) affects the time as at which under section 404 the undeveloped market value of an interest is to be determined.
- (5) In a case where—
- (a) by virtue of any provision of this paragraph, the whole or any part of the outstanding balance (within the meaning of paragraph 1 of Schedule 14 to FA 1986) of an item of old expenditure is treated for the purposes of Part 5 as qualifying expenditure, and
 - (b) a balancing charge falls to be made under Chapter 6 of that Part in respect of the expenditure,

then, in determining the amount on which that charge falls to be made, subsection (4) of section 418 has effect (subject to sub-paragraph (6)) as if paragraph (b) of that subsection included a reference to allowances made in respect of the item under Chapter III of Part I of CAA 1968.

- (6) Where the qualifying expenditure in respect of which a balancing charge falls to be made represents part only of the outstanding balance of an item of old expenditure, the reference in sub-paragraph (5) to allowances made in respect of that item is to be construed as a reference to such part of those allowances as it is just and reasonable to apportion to that part of the balance (having regard to any apportionment made under paragraph 3(2) of Schedule 14 to FA 1986).

PART 8

RESEARCH AND DEVELOPMENT ALLOWANCES

Expenditure incurred partly on research and development

- 89 Section 439(4) does not apply to expenditure incurred before 27th July 1989.

References to research and development in relation to new trades

- 90 (1) Where—
- (a) a trade is set up and commenced in the year of assessment 1999-00, and
 - (b) its first period of account ends after 6th April 2001,
- Part 6 of this Act has effect in relation to that year as if references to research and development were references to scientific research.
- (2) In this paragraph “scientific research” means any activities in the fields of natural or applied science for the extension of knowledge.

Disposal of oil licences

- 91 (1) Sub-paragraphs (2) and (3) apply where—
- (a) a person (“the transferor”) disposes of any interest in an oil licence to another (“the transferee”) during the transitional period,
 - (b) part of the value of the interest is attributable to allowable exploration expenditure incurred by the transferor, and
 - (c) an election is made in accordance with this paragraph specifying an amount as the amount to be treated as so attributable.
- (2) Chapter 3 of Part 6 has effect in relation to the disposal as if—
- (a) the disposal were a disposal by which an asset representing the allowable exploration expenditure ceases to belong to the transferor, and
 - (b) the disposal value of that asset were an amount equal to the amount specified in the election.
- (3) For the purposes of Part 5 of this Act, the amount of any expenditure incurred—
- (a) by the transferee in acquiring the interest from the transferor, or
 - (b) by any person subsequently acquiring the interest (or an interest deriving from the interest),

which is taken to be attributable to expenditure incurred, before the disposal to the transferee, on mineral exploration and access is the lesser of the amount specified in the election and the amount which, apart from this sub-paragraph, would be taken to be so attributable.

Status: This is the original version (as it was originally enacted).

- (4) An election—
- (a) must be made by notice to the Board of Inland Revenue given by the transferor, and
 - (b) subject to sub-paragraph (5), does not have effect unless a copy of it is served on the transferee and the transferee consents to it.
- (5) If the Special Commissioners are satisfied—
- (a) that the disposal was made under or in pursuance of an agreement entered into by the transferor and the transferee on the mutual understanding that a quantified (or quantifiable) part of the value of the interest disposed of was attributable to allowable exploration expenditure, and
 - (b) that the part quantified in accordance with that understanding and the amount specified in the election are the same,
- they may dispense with the need for the transferee to consent to the election.
- (6) Any question falling to be determined by the Special Commissioners under sub-paragraph (5) is to be determined by them in the same way as an appeal; but both the transferor and the transferee are entitled to appear and be heard by those Commissioners or to make representations to them in writing.
- (7) Subject to sub-paragraph (8), an election may specify any amount, including a nil amount, as the amount to be treated as mentioned in sub-paragraph (1)(c).
- (8) Where—
- (a) a return has been made for a chargeable period of the transferor, and
 - (b) the return includes, at the time when it is made, an amount which, disregarding the provisions of this paragraph, would be treated under Chapter 3 of Part 6 as a trading receipt accruing in that period,
- the election must not specify an amount less than the amount included in the return unless the Board of Inland Revenue agrees the lesser amount in question.
- (9) An election made in accordance with this paragraph—
- (a) is irrevocable, and
 - (b) may not be varied after it is made.
- (10) For the purposes of this paragraph a disposal is a disposal made during the transitional period if it is one made—
- (a) before 13th September 1995, or
 - (b) on or after that date in pursuance of any obligation to make the disposal which, immediately before that date, was an unconditional obligation.
- (11) For the purposes of sub-paragraph (10), the fact that a third party who is not connected with the transferor or the transferee may, by exercising any right or withholding any permission, prevent the fulfilment of an obligation does not prevent the obligation from being treated as unconditional.
- (12) In sub-paragraph (11) the reference to a third party is a reference to any person, body, government or public authority, whether within or outside the United Kingdom.
- (13) In this paragraph—
- “allowable exploration expenditure” has the same meaning as in section 555;
 - “mineral exploration and access” has the same meaning as in Part 5.

- (14) All such assessments and adjustments of assessments are to be made as are necessary to give effect to this paragraph.

PART 9

PATENT ALLOWANCES

Expenditure incurred before 1st April 1986

Scope of paragraphs 93 to 101

- 92 (1) Paragraphs 93 to 101 apply to capital expenditure incurred by a person before 1st April 1986 on the purchase of patent rights.
- (2) Chapters 2 to 4 of Part 8 do not apply to such expenditure, except for certain provisions which are specifically applied by paragraph 101.

Qualifying expenditure and unrelieved qualifying expenditure

- 93 (1) In this paragraph and paragraphs 94 to 101, “qualifying expenditure” means capital expenditure incurred before 1st April 1986 on the purchase of patent rights.
- (2) The result of Steps 1 to 3 is the unrelieved qualifying expenditure for a chargeable period.

Step 1

Take an item of qualifying expenditure.

Step 2

Subtract any writing-down allowances made in respect of that expenditure for earlier chargeable periods.

Step 3

If the person who incurred the expenditure sold any part of the patent rights before the beginning of the chargeable period, subtract the net proceeds of sale (so far as they consist of capital sums).

Entitlement to writing-down allowances

- 94 (1) A writing-down allowance is made for a chargeable period in respect of an item of qualifying expenditure if—
- (a) the chargeable period falls wholly or partly within the writing-down period for that expenditure (as determined in accordance with paragraph 95),
 - (b) paragraph 97 does not prohibit writing-down allowances for that period, and
 - (c) either—
 - (i) the trade use condition is met for that period, or
 - (ii) any income receivable by that person in respect of the patent rights in that period would be liable to tax.
- (2) The trade use condition is that—
- (a) the person is carrying on in the chargeable period a trade which is within the charge to tax, and

Status: This is the original version (as it was originally enacted).

- (b) at any time in the chargeable period the patent rights, or other rights out of which they were granted, were, or were to be, used for the purposes of the trade.
- (3) The total writing-down allowances made in respect of an item of qualifying expenditure (whether to the same or to different persons) must not exceed the amount of that expenditure.

The writing-down period

- 95 (1) The writing-down period for an item of qualifying expenditure—
- (a) begins at the beginning of the chargeable period in respect of which the expenditure is incurred, and
- (b) is of a length determined in accordance with the Table, which shows the basic rule, and the rules which apply instead of the basic rule in the cases described in items 2 and 3.

Table

LENGTH OF WRITING-DOWN PERIODS
FOR QUALIFYING EXPENDITURE

Rule	Length of writing-down period
1. Basic rule.	17 years.
2. Patent rights are purchased for a specified period.	Whichever is shorter— (a) 17 years; (b) the number of years comprised within the specified period.
3. Patent rights begin one complete year or more after the commencement of the patent, and item 2 does not apply.	17 years, less the number of complete years which, when the rights began, have elapsed since the commencement of the patent; or if 17 complete years have so elapsed, one year.

- (2) For the purpose of determining the writing-down period, expenditure incurred for the purposes of a trade by a person about to carry on the trade is treated as if incurred on the first day on which that person carries on that trade, unless that person has by then sold all the rights on which the expenditure was incurred.
- (3) “The commencement of the patent”, means, in relation to a patent, the date as from which the patent rights become effective.

Calculation of writing-down allowances

- 96 (1) The basic rule for calculating a writing-down allowance for an item of qualifying expenditure is—

$$E \times \frac{C}{W}$$

where—

E is the amount of the qualifying expenditure;

Status: This is the original version (as it was originally enacted).

C is the length of the part of the chargeable period falling within the writing-down period;

W is the length of the writing-down period.

- (2) The basic rule is subject to the rules about—
- (a) cessation of writing-down allowances (paragraph 97), and
 - (b) reduced writing-down allowances (paragraph 98).

End of writing-down allowances

- 97 (1) No writing-down allowance is to be made to a person for a chargeable period in respect of qualifying expenditure incurred on the purchase of patent rights if any of the following occur in that period—
- (a) the patent rights come to an end without being subsequently revived,
 - (b) the person sells all of those rights, or so much of them as that person still owned at the beginning of the chargeable period, or
 - (c) the person sells part of those rights, and the net proceeds of sale for that period (so far as they consist of capital sums) are not less than the amount of the unrelieved qualifying expenditure for that period.
- (2) If a writing-down allowance in respect of qualifying expenditure is prohibited by sub-paragraph (1) for a chargeable period, no writing-down allowance is to be made in respect of that expenditure for any subsequent chargeable period.

Reduced writing-down allowance

- 98 (1) If a person sells part of any patent rights in a chargeable period, and for that period U is greater than N, the writing-down allowance for that period is—

$$\frac{U-N}{Y}$$

where—

U is the unrelieved qualifying expenditure for the chargeable period,
N is the net proceeds of any sales of the patent rights which take place in the chargeable period (so far as those proceeds consist of capital sums), and
Y is the number of complete years of the writing-down period remaining at the beginning of the chargeable period.

- (2) If an amount is calculated under sub-paragraph (1) for a chargeable period, that amount is also the amount of the writing-down allowance for subsequent chargeable periods until another sale in a period for which U is greater than N causes a fresh calculation to be made under sub-paragraph (1).
- (3) If a chargeable period is more or less than a year, an allowance calculated under sub-paragraph (1) or (2) is proportionately increased or reduced.

Balancing allowance on sale or expiry of patent rights

- 99 (1) A person is entitled to a balancing allowance for a chargeable period in respect of qualifying expenditure if there is unrelieved qualifying expenditure for that period and any of the following occur in that period—
- (a) the patent rights come to an end without subsequently being revived, or

Status: This is the original version (as it was originally enacted).

- (b) the person sells all of those rights, or so much of them as that person still owned at the beginning of the period.

This is subject to sub-paragraph (2).

- (2) The person is not entitled to a balancing allowance unless—
 - (a) a writing-down allowance has been given in respect of the expenditure, or
 - (b) a writing-down allowance could, but for the rights coming to an end or being sold, have been given in respect of the expenditure.
- (3) The amount of the balancing allowance is—
 - (a) in the case of a sale, equal to the unrelieved qualifying expenditure for the chargeable period, less the net proceeds of sales taking place in the chargeable period (so far as they consist of capital sums), and
 - (b) in any other case, equal to the unrelieved qualifying expenditure for the chargeable period.

Balancing charges

- 100 (1) A balancing charge is made on a person for a chargeable period in respect of qualifying expenditure if in that period—
- (a) the person sells some or all of the patent rights, and
 - (b) the net proceeds of sale (so far as they consist of capital sums) from the sales in that period exceed any unrelieved qualifying expenditure for that period.

The charge is calculated in accordance with sub-paragraphs (2) to (5).

- (2) If there is no unrelieved qualifying expenditure, the amount of the balancing charge is equal to the net proceeds of sale (so far as they consist of capital sums).

This is subject to sub-paragraphs (4) and (5).

- (3) If there is some unrelieved qualifying expenditure, the amount of the balancing charge is equal to the amount by which the net proceeds of sale (so far as they consist of capital sums) exceed the unrelieved qualifying expenditure.

This is subject to sub-paragraphs (4) and (5).

- (4) The total amount of the first balancing charge must not exceed the total writing-down allowances actually given in respect of the expenditure.
- (5) The total amount on which a second or further balancing charge is made must not exceed the total writing-down allowances actually made in respect of the expenditure, less the amount of any earlier charge.

Giving effect to allowances and charges

- 101 (1) Sub-paragraph (2) applies if—
- (a) a person is entitled to a writing-down allowance or a balancing allowance or liable to a balancing charge in respect of qualifying expenditure, and
 - (b) the trade use condition is met.
- (2) The allowance or charge is to be given effect in calculating the profits of that person's trade, by treating—
- (a) the allowance as an expense of the trade, and

- (b) the charge as a receipt of the trade.
- (3) Sub-paragraph (4) applies if—
 - (a) a person is entitled to a writing-down allowance or a balancing allowance or liable to a balancing charge in respect of qualifying expenditure, and
 - (b) the trade use condition is not met.
- (4) Sections 479 and 480 apply in relation to giving effect to the allowance or charge referred to in sub-paragraph (3) as they apply in relation to giving effect to an allowance or charge under Chapter 3 of Part 8 in respect of qualifying non-trade expenditure.
- (5) For the purposes of Part 8 a person’s “income from patents” includes balancing charges to which the person is liable in respect of qualifying expenditure.

Supplementary provisions

- 102 Section 481 does not apply to expenditure incurred before 1st April 1986, and subsections (5) and (6) of that section do not apply to expenditure incurred before 27th July 1989.

- (a) includes any initial allowance made in respect of it under section 17 of FA 1956 or section 67 of CAA 1968, and
 - (b) except in relation to initial allowances, is to be construed as if section 17 of FA 1956 had always had effect (instead of having effect only for chargeable periods after the year 1955-56).

The writing-down period

- 105 (1) This paragraph applies where it is provided under Part 9 that writing-down allowances are to be made in respect of any expenditure during a writing-down period of any specified length.

Status: This is the original version (as it was originally enacted).

- (2) If allowances were made under paragraph 27(2) of Schedule 14 to the Finance Act 1965—
- (a) for income tax purposes, for either of the tax years 1964-65 and 1965-66, and
 - (b) for accounting periods of a company falling wholly or partly within either of those years,
- the periods for which allowances were made are added together in calculating the writing-down period, even though (according to the calendar) the same time is counted twice.

PART 11

CONTRIBUTIONS

Regional development grants

- 106 (1) Section 534(1) applies as if a grant falling within that subsection included—
- (a) a grant made under Part II of the Industrial Development Act 1982 (c. 52) on an application made before 1st April 1988;
 - (b) a grant made under Part I of the Industry Act 1972 (c. 63), or a grant made under Northern Ireland legislation and declared by the Treasury to correspond to a grant under that Part.

PART 12

SUPPLEMENTAL

- 115 The repeals made by CAA 1990 do not have effect in relation to capital expenditure—
