COMMENTARY

Part 35: the Registrar of Companies

Correction or removal of material on the register

Section 1117: Registrar's rules

1428. Other provisions in this Part enable the registrar to impose requirements in relation to certain matters. For example, section 1068 enables the registrar to specify the form, authentication and manner of delivery of documents to her; and section 1075 similarly enables her to determine the form and manner of any company instructions as to informal correction of the register. This section provides that the registrar may set out these requirements in registrar's rules. The rules can make different provision for different cases, and may allow the registrar to modify or disapply the rules. The registrar must publicise any rules in a way designed to make sure that those who will need to know about them get to hear of them (which might in practice, for example, be by using the Companies House website); and must make copies of the rules publicly available.
