Part 35: the Registrar of Companies

Requirements for proper delivery

Section 1076: Replacement of document not meeting requirements for proper delivery

1382. This section sets out how the registrar may accept a replacement document that was not properly delivered in the first place. In essence, the registrar must be satisfied that the replacement document is delivered by the original filer, or by the company to which the original document relates, and that the replacement is “properly delivered” (as defined in section 1072)). It also allows the registrar to impose requirements to ensure that the replacement can clearly be associated with a particular original.
