- (2) Before commencing the construction of, or the carrying out of any work in connection with, the bridge which involves interference with a highway, the nominated undertaker shall submit to the highway authority for its approval plans, drawings and particulars (in this paragraph referred to as “plans”) relating thereto, and the bridge shall not be constructed and the works shall not be carried out except in accordance with the plans submitted to, and approved by, the highway authority.
- (3) If within 28 days after the plans have been submitted the highway authority has not approved or disapproved them, it shall be deemed to have approved the plans as submitted.

- 8 Any officer of the highway authority duly appointed for the purpose may at all reasonable times, on giving to the nominated undertaker such notice as may in the circumstances be reasonable, enter upon and inspect any part of the works authorised by this Act which—

  - (b) which may affect any highway or any property of the highway authority,
- during the carrying out of the work, and the nominated undertaker shall give to such officer all reasonable facilities for such inspection and, if he shall be of the opinion that the construction of the work is attended with danger to any highway or to any property of the highway authority on or under any highway, the nominated undertaker shall adopt such measures and precautions as may be reasonably practicable for the purpose of preventing any damage or injury to the highway.
- 9 (1) The nominated undertaker shall not alter, disturb or in any way interfere with any property of the highway authority on or under any highway, or the access thereto, without the consent of the highway authority, and any alteration, diversion, replacement or reconstruction of any such property which may be necessary shall be made by the highway authority or the nominated undertaker as the highway authority

- 10 The nominated undertaker shall not remove any soil or material from any highway except so much as must be excavated in the carrying out of the works authorised by this Act.
- 11 (1) If the highway authority, after giving to the nominated undertaker not less than 28 days' notice (or, in case of emergency, such notice as is reasonably practicable) of its intention to do so, incurs any additional expense in the signposting of traffic diversions or the taking of other measures in relation thereto, or in the repair of any highway by reason of the diversion thereto of traffic from a road of a higher standard, in consequence of the construction of the works authorised by this Act, the nominated undertaker shall repay to the highway authority the amount of any such expense reasonably so incurred.
- (2) An amount which apart from this sub-paragraph would be payable to the highway authority by virtue of this paragraph in respect of the repair of any highway shall, if the highway fell or would have fallen due for repair as part of the maintenance programme of the highway authority at any time within ten years of the repair being carried out by the nominated undertaker, so as to confer on the highway authority financial benefit (whether by securing the completion of overdue maintenance work for which the highway authority is liable or by deferment of the time for such work in the ordinary course), be reduced by the amount which represents that benefit.
- 12 (1) The nominated undertaker shall not, except with the consent of the highway authority, deposit any soil or materials, or stand any plant, on or over any highway so as to obstruct or render less safe the use of the highway by any person, or, except with the like consent, deposit any soil or materials on any highway outside a hoarding, but if within 28 days after request for it any such consent is neither given nor refused it shall be deemed to have been given.
- (2) The expense reasonably incurred by the highway authority in removing any soil or materials deposited on any highway in contravention of this paragraph shall be repaid to the highway authority by the nominated undertaker.
- 13 The nominated undertaker shall not, except with the consent of the highway authority, erect or retain on or over a highway to which the public continues to have access any scaffolding or other structure which obstructs the highway, unless the structure comprises screening which has been approved under Schedule 7, but if within 28 days after a request for it such consent is neither given nor refused it shall be deemed to have been given.
- 14 The nominated undertaker shall, if reasonably so required by the highway authority, provide and maintain to the reasonable satisfaction of the highway authority, during such time as the nominated undertaker may occupy any part of a highway for the purpose of the construction of any part of the works authorised by this Act, temporary bridges and temporary ramps for vehicular or pedestrian traffic over any part of the works or in such other position as may be necessary to prevent undue interference with the flow of traffic in the highway.

- (2) The reinstatement of that part of the highway shall be carried out by the nominated undertaker to the reasonable satisfaction of the highway authority in accordance with such requirements as to specification of material and standards of workmanship as may be prescribed for equivalent reinstatement work by regulations made under section 71 of the New Roads and Street Works Act 1991 (c. 22).

- 17 The fact that any act or thing may have been done in accordance with plans approved by the highway authority shall not (if it was not attributable to the act, neglect or default of the highway authority or of any person in its employ or its contractors or agents) exonerate the nominated undertaker from any liability, or affect any claim for damages, under this Part or otherwise.
- 18 (1) Any dispute arising between the nominated undertaker and the highway authority under this Part shall be determined by arbitration if—  
    (a) the parties agree, or  
    (b) the dispute relates to the amount of any sum payable under this Part,  
but shall otherwise be determined by a person appointed by the Secretary of State.
- (2) Any person appointed by the Secretary of State under sub-paragraph (1) shall, in determining any dispute arising under this Part, have regard to such matters as may be specified by the Secretary of State on making the appointment.
