  - (b) decrease the duration or severity of a Gas Supply Emergency which occurs.
- (4) In the exercise of the power under this section the Authority must have regard to the purposes of Standard Special Condition A11 of licences granted under section 7 of this Act.
- (5) For the purposes of subsection (2), a modification is “market-based” if it relates to the creation of financial incentives for gas shippers or gas transporters.

---

*Status: This is the original version (as it was originally enacted).*

---

- (c) a person makes an application to the owner of a relevant gas processing facility for a right to have piped gas of a kind specified in the application processed by the facility during such period as is so specified and in such quantities as are so specified.

And references in this section to “the access application” are to the application made to the owner of the pipeline or facility.

- (2) This section does not apply by virtue of subsection (1)(c) where a person makes an application to the owner of a gas processing facility for a right to have gas processed by the facility for a downstream purpose (as to which, see section 12 of the Gas Act 1995).
- (3) For the purposes of subsection (1) an upstream petroleum pipeline, an oil processing facility or a gas processing facility is “relevant” if and in so far as it is situated—
  - (a) in Great Britain;
  - (b) in the territorial sea adjacent to Great Britain; or
  - (c) in the sea in any area designated under section 1(7) of the Continental Shelf Act 1964;
 but an upstream petroleum pipeline which is so situated is not “relevant” if it is a pipeline to which section 17GA of the Petroleum Act 1998 applies (petroleum pipelines subject to Norwegian access system).
- (4) If the applicant and the owner do not reach agreement on the access application, the applicant may apply to the Secretary of State for a notice under subsection (11) which would secure to the applicant the right sought in the access application.
- (5) The Secretary of State may not consider an application under subsection (4) unless satisfied that the applicant and the owner have had a reasonable time in which to reach agreement.
- (6) When considering an application under subsection (4) the Secretary of State must—
  - (a) decide whether the application is to be—
    - (i) rejected,
    - (ii) adjourned to enable further negotiation between the applicant and the owner, or
    - (iii) considered further, and
  - (b) in the case of a decision to consider the application further, give an opportunity to be heard to—
    - (i) the applicant and the owner;
    - (ii) any person with a right to have anything conveyed by the pipeline or processed by the facility;
    - (iii) the Health and Safety Executive;
    - (iv) such other persons as the Secretary of State considers appropriate.
- (7) When giving further consideration to an application under subsection (4) the Secretary of State must (so far as relevant) take into account—
  - (a) capacity which is or can reasonably be made available in the pipeline or at the facility;
  - (b) any incompatibilities of technical specification which cannot reasonably be overcome;
  - (c) difficulties which cannot reasonably be overcome and which could prejudice the efficient, current and planned future production of petroleum;

- (d) the reasonable needs of the owner and any associate of the owner for the conveying and processing of petroleum;
  - (e) the interests of all users and operators of the pipeline or facility;
  - (f) the need to maintain security and regularity of supplies of petroleum; and
  - (g) the number of parties involved in the dispute.
- (8) The Secretary of State may give a notice under subsection (11) only if the condition in subsection (9) or (10) is met.
- (9) The condition in this subsection is that the Secretary of State is satisfied that the notice will not prejudice—
  - (a) the conveying by the pipeline, or the processing by the facility, of the quantities of substances which the owner or an associate of the owner requires or may reasonably be expected to require;
  - (b) the conveying by the pipeline, or the processing by the facility, of the quantities of substances which another person with a right to have things so conveyed or processed requires to be conveyed or processed in exercise of that right.
- (10) The condition in this subsection is that the notice contains provision for the purpose of ensuring that if the notice does prejudice any of the matters mentioned in subsection (9) any person who suffers loss as a result may recover from the applicant payments by way of compensation, of such amounts as are determined in accordance with the notice.
- (11) A notice under this subsection may contain such provisions as the Secretary of State considers appropriate for any of the following purposes—
  - (a) to secure to the applicant the right sought in the access application;
  - (b) to secure that the exercise of the right is not prevented or impeded;
  - (c) to secure to the applicant such ancillary or incidental rights as the Secretary of State considers necessary or expedient, which may include the right to have a pipeline of the applicant's connected to the pipeline or facility by the applicant or the owner;
  - (d) to regulate the charges which may be made for the exercise of any right secured by the notice.
- (12) A notice under subsection (11) may also contain such provisions as the Secretary of State considers appropriate for the purpose of ensuring that no person suffers a loss by reason of the mixing together of—
  - (a) substances conveyed by the pipeline or processed by the facility on behalf of the applicant in exercise of a right secured by the notice; and
  - (b) substances conveyed by the pipeline or processed by the facility by or on behalf of any other person.
- (13) A notice under subsection (11) may also—
  - (a) contain provision authorising the owner to recover from the applicant payments by way of consideration for any right secured by the notice of amounts specified in the notice or determined in accordance with the notice;
  - (b) contain provision permitting a right secured or a duty imposed by the notice to be assigned.
- (14) A notice under subsection (11) is to be given to the owner and the applicant.

---

*Status: This is the original version (as it was originally enacted).*

---

- (15) If a notice under subsection (11) contains provision of a sort mentioned in subsection (10) or (12) the Secretary of State must give a copy of the notice to every person who has a right to have anything conveyed by the pipeline or processed by the facility.
- (16) Before giving a copy of a notice under subsection (15) the Secretary of State must—
  - (a) remove from the copy any provision included in the notice by virtue of subsection (11)(d) or (13)(a); and
  - (b) after giving the owner and the applicant an opportunity to be heard, remove from the copy any other provision included in the notice which the Secretary of State considers may prejudice the commercial interests of the owner or the applicant if not removed.
- (17) A notice under subsection (11) does not come into force unless and until the applicant indicates acceptance of the terms of the notice in such manner and within such period as is specified in the notice.
- (18) For the purposes of subsection (3)(b) and (c) a pipeline is to be treated as being situated in the sea in any area if it is situated in, under or over the sea in that area.
- (19) In this section and section 83 “owner”, in relation to an upstream petroleum pipeline, an oil processing facility or a gas processing facility, means any of the following—
  - (a) a person in whom the pipeline or facility is vested;
  - (b) a lessee and any person occupying or controlling the pipeline or facility; and
  - (c) a person who has the right to have things conveyed by the pipeline or processed by the facility, where such right has been acquired by that person on terms that—
    - (i) the person is entitled to exercise the right for a period of one year or more; and
    - (ii) the right is capable of being assigned or otherwise disposed of to another person.

### **83 Power of Secretary of State to give a notice under section 82(11) on own initiative**

- (1) This section applies where—
  - (a) a person has made an application of a kind mentioned in subsection (1) of section 82 to the owner of a pipeline or facility, and
  - (b) the applicant and the owner have not reached agreement on the application.
- (2) The Secretary of State may on his or her own initiative give a notice under subsection (11) of section 82 which would secure to the applicant the right sought in the application; but this is subject to subsection (8) of that section and subsections (3) and (4).
- (3) The Secretary of State may not exercise the power conferred by subsection (2) unless the Secretary of State is satisfied that—
  - (a) the applicant and the owner have had a reasonable time in which to reach agreement on the application; and
  - (b) there is no realistic prospect of them doing so.
- (4) In considering whether to exercise the power conferred by subsection (2) the Secretary of State must—

*Special administration under this Chapter*

## **94 Energy supply company administration orders**

- (1) An energy supply company administration order (referred to in this Chapter as an “esc administration order”) is an order which—
  - (a) is made by the court in relation to an energy supply company; and
  - (b) directs that, while the order is in force, the affairs, business and property of the company are to be managed by a person appointed by the court.
- (2) The person appointed in relation to a company for the purposes of an esc administration order is the energy administrator of the company.
- (3) The energy administrator of a company must manage its affairs, business and property, and exercise and perform all the powers and duties of an energy administrator, so as to achieve the objective set out in section 95.
- (4) In relation to an esc administration order applying to a non-GB company, references in this section to the affairs, business and property of the company are references only to its affairs and business so far as carried on in Great Britain and to its property in Great Britain.
- (5) In this Chapter—
 

“energy supply company” means a company which is the holder of a relevant licence; and

“relevant licence” means—

  - (a) a licence granted under section 7A(1)(a) or (b) of the Gas Act 1986 to supply gas, or
  - (b) a licence granted under section 6(1)(d) of the Electricity Act 1989 to supply electricity.

## **95 Objective of an energy supply company administration**

- (1) The objective of an energy supply company administration is to secure—
  - (a) that energy supplies are continued at the lowest cost which it is reasonably practicable to incur; and
  - (b) that it becomes unnecessary, by one or both of the following means, for the esc administration order to remain in force for that purpose.
- (2) Those means are—
  - (a) the rescue as a going concern of the company subject to the esc administration order; and
  - (b) transfers falling within subsection (3).
- (3) A transfer falls within this subsection if it is a transfer as a going concern—
  - (a) to another company, or
  - (b) as respects different parts of the undertaking of the company subject to the esc administration order, to two or more different companies,

of so much of that undertaking as it is appropriate to transfer for the purpose of achieving the objective of the energy supply company administration.
- (4) The means by which transfers falling within subsection (3) may be effected include, in particular—

- (a) a transfer of the undertaking of the company subject to the esc administration order, or of a part of its undertaking, to a wholly-owned subsidiary of that company; and
  - (b) a transfer to a company of securities of a wholly-owned subsidiary to which there has been a transfer falling within paragraph (a).
- (5) The objective of an energy supply company administration may be achieved by transfers falling within subsection (3) to the extent only that—
  - (a) the rescue as a going concern of the company subject to the esc administration order is not reasonably practicable or is not reasonably practicable without such transfers;
  - (b) the rescue of that company as a going concern will not achieve that objective or will not do so without such transfers;
  - (c) such transfers would produce a result for the company’s creditors as a whole that is better than the result that would be produced without them; or
  - (d) such transfers would, without prejudicing the interests of those creditors as a whole, produce a result for the company’s members as a whole that is better than the result that would be produced without them.

## **96 Application of certain provisions of the Energy Act 2004 in relation to esc administration orders**
