

Energy Act 2011

2011 CHAPTER 16

An Act to make provision for the arrangement and financing of energy efficiency improvements to be made to properties by owners and occupiers; about the energy efficiency of properties in the private rented sector; about the promotion by energy companies of reductions in carbon emissions and home-heating costs; about information relating to energy consumption, efficiency and tariffs; for increasing the security of energy supplies; about access to upstream petroleum infrastructure and downstream gas processing facilities; about a special administration regime for energy supply companies; about designations under the Continental Shelf Act 1964; about licence modifications relating to offshore transmission and distribution of electricity; about the security of nuclear construction sites; about the decommissioning of nuclear sites and offshore infrastructure; for the use of pipelines for carbon capture and storage; for an annual report on contribution to carbon emissions reduction targets; for action relating to the energy efficiency of residential accommodation in England; for the generation of electricity from renewable sources; about renewable heat incentives in Northern Ireland; about the powers of the Coal Authority; for an amendment of section 137 of the Energy Act 2004; for the amendment and repeal of measures relating to home energy efficiency; and for connected purposes. [18th October 2011]

BE IT ENACTED by the Queen's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:—

Changes to legislation:

There are currently no known outstanding effects for the Energy Act 2011, Introductory Text.
