“116A Health and social care: joint health and wellbeing strategies

- (1) This section applies where an assessment of relevant needs is prepared under section 116 by a responsible local authority and each of its partner clinical commissioning groups.

- (3) In preparing a strategy under this section, the responsible local authority and each of its partner clinical commissioning groups must, in particular, consider the extent to which the needs could be met more effectively by the making of arrangements under section 75 of the National Health Service Act 2006 (rather than in any other way).

Status: This is the original version (as it was originally enacted).

- (4) In preparing a strategy under this section, the responsible local authority and each of its partner clinical commissioning groups must have regard to—

- (5) In preparing a strategy under this section, the responsible local authority and each of its partner clinical commissioning groups must—
 - (a) involve the Local Healthwatch organisation for the area of the responsible local authority, and
 - (b) involve the people who live or work in that area.
- (6) The responsible local authority must publish each strategy prepared by it under this section.
- (7) The responsible local authority and each of its partner clinical commissioning groups may include in the strategy a statement of their views on how arrangements for the provision of health-related services in the area of the local authority could be more closely integrated with arrangements for the provision of health services and social care services in that area.
- (8) In this section and section 116B—
 - (a) “partner clinical commissioning group”, in relation to a responsible local authority, has the same meaning as in section 116, and
 - (b) “health services”, “health-related services” and “social care services” have the same meaning as in section 195 of the Health and Social Care Act 2012.

 - (b) any joint health and wellbeing strategy prepared by them under section 116A which is so relevant.
- (2) The National Health Service Commissioning Board must, in exercising any functions in arranging for the provision of health services in relation to the area of a responsible local authority, have regard to—
