#### EXPLANATORY NOTE

*(This Note is not part of the Regulations.)*

1. These regulations further amend the Traffic Signs Regulations 1981 so as to provide for a plate to accompany the sign shown in diagram 544 (which gives warning of a pedestrian crossing) in a case where a road hump is constructed and maintained in a highway in accordance with regulation 2 of the Highways (Road Humps) Regulations 1986. That regulation allows a road hump to be constructed and maintained so that its centre line is in the same position as the centre line of the pattern of black and white stripes which form part of a zebra crossing.

2. These regulations also amend the Traffic Signs Regulations 1981 by allowing for the deletion of the arrow from the sign shown in diagram 557.4.

3. These Regulations apply in England, Scotland and Wales.
