

SCHEDULE 2

PART II

Ignitability test for composite fillings for furniture other than mattresses, bed-bases, cushions and pillows.

The composite fillings, covered with the primary cover are built up on the test rig as described in BS 5852: Part 2. The covering fabric shall be that specified in paragraph 2 in Part I of Schedule 1. The test procedure with the use of ignition source 2 specified in BS 5852: Part 2 and the criteria of failure shall be as specified therein.
