### EXPLANATORY NOTE

*(This note is not part of the Regulations)*

These Regulations amend the Seeds (National Lists of Varieties) Regulations 1982 by substituting a new Schedule for Schedule 1 to those Regulations. Apart from a number of amendments to the botanical names of the plant varieties so as to bring them into line with those recognised internationally, the new Schedule 1 introduces new agricultural crop kinds triticale, rescue grass and Alaska brome-grass and new vegetable kinds Chinese cabbage and gourd.
