**1989 No. 635**

**The Electricity at Work Regulations 1989**

**PART III**

**REGULATIONS APPLYING TO MINES ONLY**

**Introduction of battery-powered locomotives and vehicles into safety-lamp mines**

**26.** No locomotive or vehicle which uses an electrical storage battery, either partly or wholly, as a power source for traction purposes shall be introduced below ground at a safety-lamp mine unless it is an approved locomotive or vehicle.
