Notes

- 1 This form is for use when making an application for the grant, renewal or variation of a firearm certificate. With certain statutory exemptions, it is an offence for a person to have in his possession, purchase or acquire, any firearm or ammunition to which section 1 of the Firearms Act 1968 applies, without holding a firearm certificate. The certificate will specify the firearms and ammunition which the holder of the certificate is authorised to have in his possession, purchase or acquire.
 - 2 Section 1 of the 1968 Act applies to all firearms except:
 - (i) a shot gun within the meaning of the Firearms Acts 1968 to 1988, that is to say a smooth-bore gun (not being an air weapon) which -
 - a has a barrel not less than 24 inches in length and does not have any barrel with a bore exceeding two inches in diameter;
 - b either has no magazine or a non-detachable magazine incapable of holding more than two cartridges; and
 - c is not a revolver gun.
 - (ii) an air weapon, (that is an air rifle, air gun or air pistol not of a type declared by Rules made by the Secretary of State under section 53 of the Act of 1968 to be specially dangerous) and to all ammunition except:
 - (i) cartridges containing five or more shot, none of which exceeds .36 inch diameter;
 - (ii) ammunition for an air gun, air rifle or air pistol; and
 - (iii) blank cartridges not more than one inch in diameter measured immediately in front of the rim or cannellure of the base of the cartridge.
 - 3 A firearm certificate is granted subject to the conditions prescribed by the Firearms Rules 1989. A chief officer of police is empowered under the Firearms Act 1968 to impose additional conditions to those prescribed. It is an offence to fail to comply with any condition of a firearm certificate.
- Completion of Application and Guidance to Countersignatory**
- 4 When completing this application form you are not permitted, by virtue of the Rehabilitation of Offenders Act 1974 (Exceptions) Order 1975, to withhold information about a previous conviction on the grounds that it is spent under the Act.
 - 5 If the applicant is under the age of 17, a parent or guardian must also sign the **Declaration in Part E**.
 - 6 When you have completed the form, it must be countersigned in ink (in respect of an application made for the grant or renewal of a firearm certificate) by someone who is resident in Great Britain and who has known you personally for at least two years. A relative must not countersign. The countersignatory must also be a Member of Parliament, Justice of the Peace, minister of religion, doctor, lawyer, established civil servant, bank officer or person of similar standing. The countersignatory must also endorse in ink the back of one of the four photographs submitted with any application for the grant or renewal of a firearm certificate by writing the words 'I certify that this is a current true likeness of Mr, Mrs, Ms or title...' and signing it with his usual signature and the date the likeness was compared.
- A countersignature is not required in respect of an application made for a variation of a firearm certificate.
- 7 The person who countersigns the application is required by the Firearms Rules 1989 to declare that he knows of no reason why the applicant should not be permitted to possess a firearm.

The countersignatory should therefore be aware that the Firearms Act 1968 requires a chief officer to be satisfied that an applicant can be permitted to possess a firearm or ammunition without danger to public safety or the peace, and that the Act prohibits the grant of a certificate to any person whom the chief officer has reason to believe to be prohibited from possessing a firearm, or to be of intemperate habits or unsound mind, or to be for any reason unfitted to be entrusted with a firearm. Countersignatories should bear in mind the character, conduct and mental condition of the applicant in so far as they are relevant to these matters.

- 8 The Firearms Act 1968 also prohibits the possession of firearms for specified periods by persons who have received certain custodial sentences.
- 9 This form must be accompanied by the appropriate fee and, in the case of an application for the grant or renewal of a certificate, by four identical photographs of the applicant. The photographs should be taken full face and without a hat and must bear a current true likeness of the applicant. The size of the photographs should be 45 mm x 35 mm. They should be printed on normal thin photographic paper and be unmounted.
- 10 Unless otherwise advised by the police, the applicant should post or take the completed form together with the fee and photographs to his local police station. In the case of an application for renewal or variation, the current certificate should be included with the application. An application for a variation which results from the disposal of one weapon and the need for authorisation to acquire a new weapon of the same type and calibre (a 'one for one' variation) should be submitted direct to the police force headquarters. A fee is payable in respect of a variation only when the number of weapons held by virtue of the certificate is increased.

If necessary continue on a separate sheet. Close any additional information with your usual signature and date.

Notes

- 1 This form is for use when making an application for the grant or renewal of a shot gun certificate. With certain statutory exemptions, it is an offence for a person to have in his possession, purchase or acquire, any shot gun, without holding a shot gun certificate.
- 2 A shot gun is defined as:
 - a a smooth-bore gun (not being an air weapon) which -
 - a has a barrel not less than 24 inches in length and does not have any barrel with a bore exceeding two inches in diameter;
 - b either has no magazine or a non-detachable magazine incapable of holding more than two cartridges; and
 - c is not a revolver gun.

Other smooth bore guns may require a firearm certificate.

- 3 A shot gun certificate is granted subject to the conditions prescribed by the Firearms Rules 1989. It is an offence to fail to comply with any condition of a shot gun certificate.

Completion of Application and Guidance to Countersignatory

- 4 When completing this application form you are not permitted, by virtue of the Rehabilitation of Offenders Act 1974 (Exceptions) Order 1975, to withhold information about a previous conviction on the grounds that it is spent under the Act.
- 5 If the applicant is under the age of 17, a parent or guardian must also sign the **Declaration in Part E**.
- 6 When you have completed the form, it must be countersigned by someone who is resident in Great Britain and who has known you personally for at least two years. A relative must not countersign. The countersignatory must also be a Member of Parliament, Justice of the Peace, minister of religion, doctor, lawyer, established civil servant, bank officer or person of similar standing. The countersignatory must also endorse in ink the back of one of the four photographs submitted with any application for the grant or renewal of a shot gun certificate by writing the words "I certify that this is a current true likeness of Mr, Mrs, Ms or title..." and signing it with his usual signature and the date the likeness was compared.
- 7 The person who countersigns the application is required by the Firearms Rules 1989 to declare that he knows of no reason why the applicant should not be permitted to possess a shot gun. The countersignatory should therefore be aware that the Firearms Act 1968 requires a chief officer of police to be satisfied that

an applicant can be permitted to possess a shot gun without danger to the public safety or the peace and that the Act prohibits the grant of a certificate to any person whom the chief officer of police has reason to believe is prohibited from possessing a shot gun. Countersignatories should bear in mind the character, conduct and mental condition of the applicant in so far as they are relevant to these matters.

- 8 The Firearms Act 1968 also prohibits the possession of shot guns for specified periods by persons who have received certain custodial sentences.
- 9 This form must be accompanied by the appropriate fee and by four identical photographs of the applicant. Where an application for the grant or renewal of a shot gun certificate is made at the same time as an application is made for the grant or renewal of a firearm certificate, the applicant should submit 8 photographs, two of which should be certified on the back by the countersignatory as indicated above. The photographs should be taken full face and without a hat and must bear a current true likeness of the applicant. The size of the photographs should be 45 mm x 35 mm. They should be printed on normal thin photographic paper and be unmounted.
- 10 Unless otherwise advised by the police, the applicant should post or take the completed form together with the fee and photographs to his local police station.

Use this space for additional information and if, necessary, continue on the separate sheet.

Close any additional information with your signature and date.

Part V:

Directions as to the manner of keeping a register in the form set out in Part IV of this Schedule

1. The register may be kept in the following manner—

- (i) the four Parts of the register may be kept in separate books;
- (ii) each part may be divided into separate sections for firearms and ammunition;
- (iii) each Part or section may be so arranged that entries relating to one or more different descriptions of firearms or ammunition are made either in separate divisions of the column or columns headed “Description” or in separate sections or subsections of that Part;
- (iv) Part II and Part III may each be divided into separate sections or subsections according to the nature of the transaction or transactions;
- (v) a separate section or subsection of Part IV may be provided for firearms in possession for purposes other than sale or hire:

Provided that—

- (a) the nature of the contents of each section or subsection is indicated at the beginning of the section or subsection, and
- (b) the Parts, sections and subsections are so kept as to be readily available for inspection.

2. Parts or columns of the register which relate to a class of business which is not carried on may be dispensed with, provided that a statement of the class of business carried on is entered at the beginning of each Part.

3. In Parts I, II and III of the register, the totals of the entries in the columns headed “Quantity” should be shown at the foot of each completed page as “carried forward” and at the head of the next page as “brought forward”.

4. The description of firearms or ammunition or the headings of the columns in which entries under the heading “Description” are made should indicate clearly—

- (a) in the case of firearms—
 - (i) the class of firearms (e.g. shot gun, rifle, revolver or pistol);
 - (ii) the make, type or distinctive name of the firearm;
 - (iii) the calibre;
 - (iv) the number or other distinguishing mark, if it is practicable to give it; and
 - (v) except in Part I of the register, the maker’s name;
- (b) in the case of ammunition—
 - (i) the make, type or distinctive name of the ammunition;
 - (ii) the nature of the explosive (e.g. smokeless powder);
 - (iii) the calibre; and
 - (iv) except in Part I of the register, the maker’s name.

5. No abbreviations should be used, unless their meaning is made plain to any person inspecting the register.

6. Where any entries other than the prescribed particulars are made in the register, they should be made in such a way as not to interfere with or obscure the entries of the prescribed particulars.

EXPLANATORY NOTE

(This note is not part of the Rules)

These Rules prescribe the forms to be used in connection with the grant of certificates and permits for the purpose of the Firearms Acts 1968 to 1988, and the registration of firearm dealers, and also the form of the register of transactions to be kept by such dealers.

The Rules supersede the Firearms (Scotland) Rules 1969 (as amended by the Firearms (Scotland) Amendment Rules 1983) and the changes of substance are mainly those made to take account of provisions of the Firearms (Amendment) Act 1988. Rules 3(3)(a), 4(3)(a) and 6 require an application for a firearm or shot gun certificate to be accompanied by a statement from the person verifying the application (who need no longer be a British subject, but must be resident in Great Britain and who may additionally be an established civil servant) to the effect that he knows of no reason why the applicant should not be permitted to possess a firearm. Rules 3(3)(b), 4(3)(b) and 7 require the application to be accompanied by four photographs of the applicant, one of which is to be signed by the applicant and one is to be verified by the person who verifies the application. Rules 3(5) and 4(5) provide for a firearm certificate and a shot gun certificate to bear a photograph of the holder of the certificate.

The prescribed form of shot gun certificate in Schedule 2 to the Rules reflects the new requirement in section 28 of the Firearms Act 1968, as amended by the 1988 Act, that the description of the shot guns to which the certificate relates should be specified in the certificate, and the form contains instructions with which the transferor of a shot gun to the holder of the certificate must comply. The Rules also prescribe the forms to be used in connection with the grant of visitors' firearm and shot gun permits (rule 8).

In addition a single form is now prescribed for applications for the grant or renewal of a shot gun certificate (instead of the two separate forms previously prescribed). The conditions of a firearm certificate prescribed by rule 3(4) now include a revised safe keeping condition for the firearms and ammunition to which the certificate relates, and rule 4(4) prescribes a similar condition for a shot gun certificate to ensure the safe keeping of the shot guns to which the certificate relates.
