
STATUTORY INSTRUMENTS

1992 No. 3233

The Copyright (Computer Programs) Regulations 1992

*Amendments of Part VII (miscellaneous and general)
of the Copyright, Designs and Patents Act 1988*

Devices designed to circumvent copy-protection applied to computer programs

- 10.** In section 296 (devices designed to circumvent copy-protection), after subsection (2) insert—
- “(2A) Where the copies being issued to the public as mentioned in subsection (1) are copies of a computer program, subsection (2) applies as if for the words “or advertises for sale or hire” there were substituted “advertises for sale or hire or possesses in the course of a business”.”.
