ESTABLISHMENT OF SCHEME AND DECLARATION OF TRUST

1. The Co-ordinator hereby establishes the Scheme under irrevocable trusts with effect on and from [date to be inserted in manuscript] (hereinafter called “the Commencement Date”) and appoints the First Trustee to be the first trustee of the Scheme and the Co-ordinator hereby covenants with the First Trustee and successive trustees from time to time of the Scheme to observe and perform the provisions of the Trust Deed and the Rules.

CONTRIBUTIONS

2.—(1) Every Employer shall pay as Standard Contributions a sum equal to the recommended percentage of the Contribution Earnings paid by him to members employed or deemed to be employed by him in respect of any period during which a member is in Contributing Service. For the purpose of this Clause the “recommended percentage” means in relation to an Employer the percentage (including a nil percentage) recommended from time to time by the Actuary for this purpose under Clause 20 or 21(2)(a)(i).

(2) Every Employer shall pay as Deficiency Contributions after the coming into operation of any determination of Deficiency Contributions made by the Actuary under Clause 21 such payments as may become payable by him thereunder or as may be necessary on the advice of the Actuary.

(3) The total amount of any Standard Contributions or Deficiency Contributions payable by an Employer during any period shall be reduced by an amount equal to the difference between the total amount of any Contributions Equivalent Premiums paid during that period insofar as they relate to periods of service in respect of which a pension would or might otherwise have become payable under Rule 12 to or in respect of members and former members whose last or only period of contracted-out employment by reference to the Scheme was employment with that Employer and the total of the amounts recovered from such members and former members during that period under or by virtue of section 61 of the 1993 Act.

(a) (4) Every Employer shall pay to the Committee of Management on the last day of every month (or on such other dates as may from time to time be determined by the Committee of Management) the following amounts in respect of the period since the last preceding payment made under this paragraph:

(i) the amount of contributions payable under the Rules by or in respect of members employed or deemed to be employed by such Employer insofar as they are calculated on the basis of Earnings paid or deemed to be paid by that Employer; and

(ii) the amount of all sums payable by that Employer as Standard Contributions and Deficiency Contributions.

(b) Every payment made under sub-paragraph (a) of this paragraph shall be accompanied by a statement in writing of how the amount paid is made up, and if it shall subsequently be discovered that the amount so shown and paid was greater or less than the true amount payable the over-payment or under-payment shall be adjusted by a deduction from or addition to the next succeeding payment required to be made under sub-paragraph (a) of this paragraph insofar in the case of an over-payment as it is sufficient for that purpose, and if in such case that payment is not so sufficient, the excess shall be payable in cash on demand.

(c) The provisions of regulations made under section 56A of the Pensions Act requiring the furnishing of information regarding the failure of an employer to forward sums deducted, or due to be deducted, from a member’s remuneration shall apply to the Scheme as if references in the regulations to sums deducted, or due to be deducted, from a member’s remuneration to meet the member’s liability to contribute to the

Scheme included sums payable by an Employer to meet the Employer's liability to contribute to the Scheme and as if (in relation to an Employer's contribution) the reference to the date on which the sums were, or were due to be, deducted were a reference to the date on which the Employer's contribution was due to be paid to the Committee of Management.

- (a) (5) All instalments of Standard Contributions or Deficiency Contributions payable by each Employer to the Scheme shall be paid within one month of the date on which each contribution becomes payable. In the case of Standard Contributions, such contributions shall become payable at such intervals not greater than three months as the Committee of Management shall from time to time determine. The timing of payment of Deficiency Contributions shall be provided for in any determination of Deficiency Contributions made by the Actuary under Clause 21.
- (b) In the event of any Standard or Deficiency Contributions payable hereunder not being paid in full by the date determined in accordance with sub-paragraph (a) above the relevant Employer shall pay to the Scheme together with the outstanding contributions such additional supplement as shall be determined by the Committee of Management on the advice of the Actuary having regard to the length of delay and relevant financial factors.
- (c) In the event that an Employer shall fail to pay any outstanding Standard or Deficiency Contribution together with any supplement determined in accordance with this paragraph on demand the Trustee shall (without prejudice to its power to deem that an Employer ceases to contribute for the purposes of Clause 41(2)) deliver a demand for payment to the Employer and if such demand is not satisfied within 21 days the Committee of Management shall in the name of the Trustee institute legal proceedings for the recovery of the same as a debt of the Employer due to the Scheme.

(6) Each Employer shall pay to the Co-ordinator such amounts and at such times as the Co-ordinator shall determine and notify to the Employer, as contributions towards the costs and expenses of the Co-ordinator. The amounts so determined in respect of each Employer shall represent an appropriate proportion of the total costs and expenses of the Co-ordinator, on such basis as the Co-ordinator shall determine from time to time.

3. For the purposes of Clause 2—

- (a) a member shall be deemed to be employed by any person or persons (including any body of persons incorporated or unincorporated) who is or are an Employer in relation to him;
- (b) such Earnings of a member engaged in Inspection Activities as consist of payments made to him in relation to such Inspection Activities shall be deemed to be paid to him by the persons (including any body of persons incorporated or unincorporated) who are his Employer for the purposes of such Inspection Activities in the same proportions as the proportions of such payments or of the funds from which such payments are made which those persons are respectively responsible for making or providing.

4. Each member shall contribute such sums as may from time to time be provided under the Rules. Each Employer shall be responsible for the collection of all contributions payable by or in respect of members employed or deemed to be employed by such Employer and for the payment of all such contributions to the Scheme.

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

(i) the new employer shall enter into a deed by which it covenants with the Co-ordinator and Committee of Management to comply with and observe the provisions of the Scheme so far as they are applicable to it as an Employer; and

(ii) the participation of the new employer will not prejudice Inland Revenue Approval of the Scheme.

(a) (4) New employees of Employers (subject to the exceptions mentioned in sub-paragraph (b) of this paragraph) shall not be eligible for membership of the Scheme.

(b) The following categories of new employees shall be excluded from the provisions of sub-paragraph (a) of this paragraph:—

6.—(1) With effect on and from the Commencement Date, the monies of the Scheme shall constitute the Pension Fund.

(2) The First Trustee shall be the first and sole trustee of the Scheme and of the Pension Fund.

(3) In the event of the First Trustee ceasing for any reason to be the trustee of the Scheme and of the Pension Fund, the Co-ordinator shall forthwith procure that a new trustee or trustees of the Scheme is or are appointed which is or are either:—

(i) the five persons appointed by such organisations shall be persons who are or immediately before retirement were Contributors; and

(4) The Co-ordinator shall, in connection with the aforesaid appointments, make pursuant to Clause 38, such amendments to the Scheme and the Rules as may be necessary to give effect to the provisions of paragraph (3) above.

(5) Save insofar as the Pension Fund or any part of it is for the time being vested in any nominee or custodian trustee appointed under Clause 12(3) or in any person appointed under Clause 14(1), the Pension Fund shall be vested in the Trustee. The management and administration of the Scheme, in accordance with the provisions thereof, shall be vested in the Trustee.

(a) (6) All powers expressed by the Scheme, in whatever terms, to be vested in, conferred on or exercisable or to be exercised by the Committee of Management shall be vested in the Trustee.

(b) Such powers and all other powers vested in, conferred on or exercisable or to be exercised by the Trustee under or by virtue of the Scheme shall be exercised by it and on its behalf by and through the Committee of Management in their capacity as the Committee of Management of the Trustee (within the meaning of the Articles of Association of the Trustee (hereinafter called “the Articles”) in the case of a body corporate which is for the time being the sole trustee of the Scheme) or any other person or body of persons required, authorised or empowered to exercise such powers or any of them by or under any provisions of the Scheme (and by or under the Articles).

(c) Save in relation to Clause 39 and the meanings assigned to “the Committee of Management” by Clause 43(2), any reference in the Scheme, in whatever terms, to the Committee of Management shall be construed as a reference to the Trustee acting by and through the Committee of Management in the capacity specified in sub-paragraph (b) above, or any other person or body of persons required, authorised or empowered to act for it or on its behalf for that purpose by or under any provision of the Scheme (and by or under the Articles).

 - (b) all sums collected by the Employers as members' contributions;
 - (c) all sums accepted by the Scheme by way of Transfer Payments from any other scheme;
 - (d) all dividends, interest and benefits arising out of the investment or employment of the Pension Fund or any part thereof;
 - (e) all other sums received or held by the Committee of Management in connection with or for the purposes of the Scheme.
8. There shall be paid by the Committee of Management out of the Pension Fund—
 - (a) all benefits payable to any person (subject to any deductions to be made therefrom) under the Rules;
 - (b) all costs and expenses of the administration of the Scheme;
 - (c) any sums payable under the Rules as they have effect from time to time by way of Transfer Payments or other payments by way of transfer to any other scheme;
 - (d) all sums payable by law out of the Pension Fund or by the Committee of Management in their capacity as trustees or administrators of the Pension Fund or of the Scheme.

Notwithstanding the foregoing provisions of this Clause the liability of the Committee of Management to make any payment to or in respect of a Relevant Beneficiary (as defined in Clause 9) shall be limited to the value of the Employer's Fund at the time at which such payment is to be made.

EMPLOYERS' FUNDS

9.—(1) For the purposes of the Scheme there shall be within the Pension Fund an Employer's Fund in relation to each Employer (including a former Employer in the case of an Employer's Fund which has not been dealt with in accordance with Clause 41) and the value of Units standing to the credit of an Employer's Fund together with any net credit or debit balances held by the Committee of Management in an administration account in respect of that Employer for the purposes of paragraphs (4), (7) and (8) of this Clause at any time shall represent the value at that time of the part of the Pension Fund (after excluding the assets of the AVC Scheme referred to in Rule 6) attributable to the participation in the Scheme of the Employer to whom that Employer's Fund relates.

(2) For the purposes of this Clause all amounts received or payable pursuant to the AVC Scheme referred to in Rule 6 shall be disregarded.

(3) Subject to the provisions of paragraph (4) of this Clause on a Subscription Day the Committee of Management shall credit to an Employer's Fund the Units referred to in paragraph (6) hereof in respect of all amounts received by the Scheme from or in respect of Relevant Beneficiaries since the immediately preceding Subscription Day.

(4) The Committee of Management may retain out of the amounts received and referred to in paragraph (3) of this Clause such sum as in their opinion is likely to be required before the immediately following Subscription Day for the payment of benefits or Transfer Value Payments in respect of Relevant Beneficiaries or for the payment of premiums under any insurance policy or contract insuring any liability in respect of Relevant Beneficiaries or for the payment of such of the expenses of the Scheme as in the opinion of the Committee of Management should be borne by that Employer's Fund and any such retention in respect of expenses shall be credited by the Committee of Management to the Expenses Fund referred to in paragraph (19) of this Clause. The Committee of Management may (but are not required to)

charge or credit interest in respect of any administration accounts maintained by them for the purposes of this paragraph (4) of this Clause as they shall in their absolute discretion determine from time to time.

(5) Subject to the provisions of paragraphs (7) and (8) of this Clause the amounts referred to in paragraph (3) of this Clause after the deduction of all amounts retained under paragraph (4) of this Clause are referred to in this Clause as the “Subscription Day Credit”.

(6) The number of Units to be credited to an Employer’s Fund on a Subscription Day shall be calculated by dividing the Subscription Day Credit by the Unit Offer Value at that Subscription Day, the resulting figure being adjusted to the nearest second place of decimals.

(7) If during the period which ends on a Subscription Day and which began on the immediately preceding Subscription Day the payments actually made (as referred to in paragraph (4) of this Clause) exceed the amount retained for the purpose on the immediately preceding Subscription Day the Committee of Management may either deduct the excess from the amount which would otherwise be the Subscription Day Credit on the later Subscription Day or debit the Employer’s Fund on the later Subscription Day with the number of Units calculated by dividing the amount of such excess by the Unit Bid Value at that Subscription Day the resulting figure being adjusted to the nearest second place of decimals.

(8) If on a Subscription Day no amount is retained under paragraph (4) of this Clause and during the period which ends on the day immediately following Subscription Day payments (as referred to in paragraph (4) of this Clause) are made the Committee of Management may either deduct the amount of the payments so made from the amount which would otherwise be the Subscription Day Credit on the later Subscription Day or debit the Employer’s Fund on the later Subscription Day with the number of Units calculated by dividing the amount of such payments by the Unit Bid Value at that Subscription Day the resulting figure being adjusted to the nearest second place of decimals.

(9) The Committee of Management shall supply a written statement at least once every twelve months to each Employer giving details of the transactions in Units which have taken place for the Employer’s Fund since the effective date of the last statement and the total number of Units standing to the credit of the Employer’s Fund at the date to which the statement relates.

(10) For the purposes of this Clause a valuation of the Pension Fund shall be made in accordance with the following provisions of this Clause Provided that any amounts of uninvested cash held by the Committee of Management at any Subscription Day (other than in the Expenses Fund) shall be included in the valuation of the Pension Fund at face value if denominated in Sterling.

(11) The following shall be left out of account in valuing the Pension Fund on a Subscription Day:—

- (i) all Subscription Day Credits on that Subscription Day and
- (ii) all amounts of excess referred to in paragraph (7) of this Clause in respect of which a debit to an Employer’s Fund is to be made on that Subscription Day and
- (iii) the amount of all payments referred to in paragraph (8) of this Clause in respect of which a debit to an Employer’s Fund is to be made on that Subscription Day and
- (iv) the Expenses Fund.

(12) Where an agreement exists for the unconditional sale or purchase of assets on behalf of the Pension Fund which has not been completed, it is to be assumed that it had been completed.

(13) The Committee of Management may deduct from the Pension Fund their reasonable estimate of any accrued liabilities payable out of the Pension Fund.

(14) The Committee of Management may add to the Pension Fund their reasonable estimate of the amount of any claims for repayment of tax and of income due but not received.

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

(15) In relation to assets valued in a foreign currency, the Committee of Management shall convert that value into sterling at a rate of exchange which, unless the Committee of Management decide in their reasonable opinion to adopt an alternative method of conversion, represents the mid point between the highest and lowest rates of exchange quoted for conversion of that currency into sterling.

(16) Unless the Committee of Management decide in their reasonable opinion to adopt an alternative method of valuation, any assets traded on a market approved by the Committee of Management shall be valued at an amount which:—

- (a) if the valuation is on an offer basis, is the amount which would be payable to buy the assets increased by the Committee of Management's estimate of the charges which would be payable by a buyer of the assets;
- (b) if the valuation is on a bid basis, is the amount which would be received on a sale of the assets, reduced by the Committee of Management's estimate of the charges which would be payable by a seller of the assets.

In each case it shall be assumed that the transaction would be on the best terms available on the market in what, in the reasonable opinion of the Committee of Management, is a transaction of a standard size except that the Committee of Management may value assets by reference to the terms available in relation to their actual, rather than a standard, size, if in their reasonable opinion it would be more appropriate to do so. If any assets are traded on more than one market approved by the Committee of Management, the market to be used for this purpose shall be selected by the Committee of Management.

(17) Any other assets shall be valued at an amount decided by the Committee of Management in their discretion, which is not greater than the amount which would be payable to buy the assets and not less than the amount which would be received on selling the assets, in each case on the best terms available and in an arm's length transaction for immediate settlement. The Committee of Management may, however, determine in their reasonable opinion to adopt an alternative method of valuation.

(18) In valuing the Pension Fund for the purposes of this Clause the Committee of Management may rely on advice on any matter relevant to the valuation obtained from a person whom they reasonably believe is qualified to give the advice.

(19) For the purposes of the Scheme there shall be within the Pension Fund an Expenses Fund for the purposes of meeting the costs and expenses of managing and administering the Scheme (as referred to in Clause 15) to which there shall be credited any amounts retained by the Committee of Management in respect of the expenses of the Scheme pursuant to paragraph (4) of this Clause. The Committee of Management may in addition on any Subscription Day and from time to time debit from each Employer's Fund and credit the same to the Expenses Fund amounts calculated on such basis as the Committee of Management shall from time to time determine. The Committee of Management may in their absolute discretion on any Subscription Day debit from the Expenses Fund and include in an Employer's Subscription Day Credit amounts as they determine to be appropriate, including (without limitation) in the circumstances of a termination of the Scheme pursuant to Clause 40 or a partial termination of the Scheme pursuant to Clause 41.

(20) In this clause:—

“Relevant Beneficiaries” means in relation to an Employer the members employed by such Employer and all persons entitled or prospectively entitled to benefits under the Scheme claiming under or through such members. For the purpose of this definition “employed” is to be interpreted as including “formerly employed” except in the case of a member formerly employed by an Employer who has subsequently become employed by another Employer and only if (in such a case) and to such extent (if any) as an

Internal Transfer Payment has been made in respect of the member in accordance with the provisions of Clause 10.

“Subscription Day” means the last business day in each month. The Committee of Management may change the Subscription Day for a month to any other business day in that month and may select a business day to be an additional Subscription Day in a month.

“Unit” means a unit of the Pension Fund. The Committee of Management shall decide the number of Units into which the Pension Fund is to be divided on the first day on which a sum is received by the Committee of Management for the credit of the Pension Fund.

“Unit Bid Value” means the amount calculated by dividing the value (calculated on the bid basis) of the Pension Fund at the close of business on a Subscription Day by the total number of Units in issue at the opening of business on that Subscription Day. The Unit Bid Value is rounded to the nearest penny.

“Unit Offer Value” means the amount calculated by dividing the value (calculated on the offer basis) of the Pension Fund at the close of business on a Subscription Day by the total number of Units in issue at the opening of business on that Subscription Day. The Unit Offer Value is rounded to the nearest penny.

TRANSFERS BETWEEN EMPLOYERS' FUNDS

10.—(1) Subject to Clause 11, if a member ceases to be in Contributing Service by reference to a particular Employer (“the earlier employer”) and enters the employment of another Employer or subsequently re-enters the employment of the same Employer (in either case “the later employer”) in circumstances in which he remains or becomes liable while in the employment of the later employer (or would remain or become liable but for his period of Contributing Service (including Contributing Service under MPS) having totalled 40 complete years) for the payment of Normal Contributions, the Committee of Management shall, if the member elects (in such manner as the Committee of Management may from time to time prescribe) to transfer his accrued entitlements from the Employer’s Fund of the earlier employer to the Employer’s Fund of the later employer, debit the Employer’s Fund of the earlier employer with such number of Units (as defined in Clause 9) as shall be determined by the Actuary as representing such member’s Internal Transfer Payment (as determined pursuant to paragraph (2) of this Clause) and shall credit the same number of Units to the Employer’s Fund of the later employer as provided in paragraph (3) of this Clause.

(2) For the purposes of this Clause:—

- (i) where the date the member makes the election referred to in paragraph (1) of this Clause is on or before 31 December 1999, the Internal Transfer Payment in respect of any member shall be determined by the Actuary as the actuarial value of the benefits which have accrued to and in respect of the member up to the date of the cessation of his Contributing Service with the earlier employer calculated using the same methodology and the same actuarial assumptions and with an adjustment for market conditions calculated the same way, as is applicable for transfers from MPS under Rule 35(1); and
- (ii) where the date the member makes the election referred to in paragraph (1) of this Clause is after 31 December 1999 Internal Transfer Payments in respect of any member shall be determined by the Actuary on such basis as shall be determined by the Committee of Management acting on the advice of the Actuary after having consulted the Co-ordinator, the earlier employer and the later employer.

Actuarial values to be determined for the purposes of this Clause will be determined using the member’s age and benefit entitlement at the date of the election pursuant to paragraph (1) of

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

this Clause and the market conditions prevailing at the Subscription Day nearest to the date of such election.

(3) The number of Units which have the same aggregate bid value as the Internal Transfer Payment determined under paragraph (2) above shall be transferred from the Employer's Fund of the earlier employer to that of the later employer at the first Subscription Day following the determination by the Actuary of the number of Units to be so transferred.

(4) If pursuant to this Clause, Internal Transfer Payments are being made to the Employer's Fund of a later employer in respect of members whose cessation of Contributing Service and change of employment is connected with a transfer of an undertaking or a part of an undertaking from the earlier employer to the later employer, the later employer and the earlier employer may agree that the accrued entitlements in the Employer's Fund of the earlier employer attributable to some or all of the former employees of the earlier employer (being pensioners, deferred pensioners and others claiming benefit through such pensioners and deferred pensioners) ("Other Beneficiaries") shall also be transferred to the Employer's Fund of the later employer. Such transfers shall only be made with the consent of the Committee of Management and the members affected. In such circumstances the number of Units to be transferred as determined by the Actuary as representing the Internal Transfer Payment in respect of such former employees and Other Beneficiaries in the Employer's Fund of the earlier employer, shall be credited to the Employer's Fund of the later employer and for this purpose the Internal Transfer Payment in respect of such members and Other Beneficiaries shall be determined by the Actuary in a manner consistent with that used for the Internal Transfer Payment being made at that time in respect of members moving to the employment of the later employer.

(5) Contributing Service of a member shall be determined separately by reference to each Employer of the member and upon the member becoming employed by another Employer a new period of Contributing Service shall commence in respect of which entitlements under the Scheme shall be calculated separately UNLESS an Internal Transfer Payment under this Clause is made in respect of the member to the Employer's Fund of the later employer. If an Internal Transfer Payment under this Clause is so made, Contributing Service of the member completed with the earlier employer shall be treated as Contributing Service with the later employer for all purposes of the Scheme and the Rules.

- (b) is either already an Employer in respect of other members or is admitted to the Scheme as an Employer in accordance with paragraph (3) of Clause 5,

then all of the assets and liabilities of the Employer's Fund of the original employer shall be transferred to the Employer's Fund of the successor employer with effect from the date on which the employments of the members referred to in paragraph (a) hereof are transferred to the successor employer or, if later, the date with effect from which the successor employer is admitted to the Scheme as an Employer.

members appointed by the Eligible Unions not exceeding five. Each member of the Committee of Management, whether appointed by the Co-ordinator or an Eligible Union, shall cease to hold office on the next Appointment Date unless he is re-appointed or prior to that date he ceases to be a member of the Committee of Management pursuant to the provisions of the Scheme.

(5) The number of members of the Committee of Management to be appointed by each Eligible Union shall be determined according to the percentage which the number of Relevant Members of that Eligible Union at the Relevant Time bears to the aggregate number of Relevant Members of both Eligible Unions at the Relevant Time as follows:—

Percentage of aggregate number of Relevant Members	Number of members of the Committee of Management
10% or more but less than 30%	1
30% or more but not more than 50%	2
More than 50% but not more than 70%	3
More than 70% but not more than 90%	4

Such notification shall include confirmation of the verification by the Employer’s auditors of the particulars contained therein. As soon as practicable following their receipt of such notifications from all of the Employers the Co-ordinator shall notify each Eligible Union of the number of employees of each Employer who were members of the Scheme and attributed as being contributing members of that Eligible Union at the Relevant Time, the aggregate number of persons so considered in respect of both Eligible Unions and the number of members of the Committee of Management which that Eligible Union has power to appoint pursuant to paragraph (5) of this Clause. Such notification shall be accompanied by a copy of each Employer’s auditors’ confirmation of the verification of such Employer’s particulars notified to the Co-ordinator.

(7) Within 10 days of receipt of a notification by the Co-ordinator pursuant to paragraph (6) of this Clause an Eligible Union may give notice in writing to the Co-ordinator that it intends to make submissions to an Employer’s auditors pursuant to this paragraph. Upon receipt of such notice the Co-ordinator shall forthwith notify in writing the other Eligible Union which may within 10 days thereafter also give notice in writing to the Co-ordinator that it intends to make submissions to such Employer’s auditors pursuant to this paragraph. An Eligible Union which has given such notice may within 30 days following the receipt of a notification by the Co-ordinator pursuant to paragraph (6) of this Clause submit to such Employer’s auditors the number of those persons who the Eligible Union considers were Relevant Members of the Eligible Union at the Relevant Time together with the full name and such identifying details

of each such person and such evidence of contributing union membership as such Employer's auditors may from time to time consider necessary.

(8) If an Eligible Union makes submissions to such Employer's auditors pursuant to paragraph (7) of this Clause it shall forthwith notify the Co-ordinator and such Employer in writing. The Employer shall provide to its auditors such further information from its records as its auditors may reasonably require.

(9) In respect of its employees each Employer shall instruct its auditors to determine so far as practicable by reference to the records of the Employer the number of persons included by an Eligible Union in any submissions pursuant to paragraph (7) of this Clause who were Relevant Members of the Relevant Time Provided that where any person included in the Eligible Union's submissions was not considered as a contributing member of that Eligible Union in the records of the Employer at the Relevant Time the auditors shall:—

- (a) satisfy themselves that such person was a contributing member of the Eligible Union at the Relevant Time or, failing that;
- (b) endeavour to obtain from such person his written confirmation as to the Eligible Union, if any, of which he intended his Employer to treat him as being a contributing member at the Relevant Time and until they receive such confirmation shall not count that person as a member of the Eligible Union in question.

The Employer shall instruct its auditors to notify the Co-ordinator of its determination.

(10) If at any stage the Co-ordinator is satisfied following any submissions by either or both of the Eligible Unions pursuant to paragraph (7) of this Clause that the number of members of the Committee of Management which either Eligible Union has the power to appoint in accordance with the notification by the Co-ordinator under paragraph (6) of this Clause will not require change then such notification by the Co-ordinator shall stand and the Co-ordinator shall give notice to the Eligible Unions accordingly but if the Co-ordinator becomes satisfied that its notification contains a discrepancy which materially affects the number of members of the Committee of Management which the Eligible Union has the right to appoint the Co-ordinator shall prior to the 1st March next following its notification determine the necessary revisions to such notification and give forthwith a revised notification to each Eligible Union accordingly.

(11) Following receipt of a notification or revised notification from the Co-ordinator pursuant to the provisions of this Clause each Eligible Union shall have power to appoint with effect on and from the next Appointment Date such number of members of the Committee of Management as shall have been notified to it.

(12) In any year when a notification would not normally be given by the Co-ordinator pursuant to paragraph (6) of this Clause an Eligible Union may give notice to the Co-ordinator by not later than 5th April in that year that it requires the Co-ordinator to give a notification pursuant to paragraph (6) of this Clause in that year. In that event the Co-ordinator shall by not later than 31st December in that year give notification to each Eligible Union pursuant to paragraph (5) of this Clause and the provisions of paragraphs (6) to (11) of this Clause shall apply *mutatis mutandis*.

(13) The costs of an Employer's auditors in connection with this Clause (including costs incurred by the Co-ordinator on behalf of an Employer's auditors) shall be borne by the Expenses Fund save that if an Eligible Union makes submissions or gives notice pursuant to paragraph (7) or (12) of this Clause which do not result in an increase in the number of members of the Committee of Management which that Eligible Union has power to appoint at the next Appointment Date the costs of an Employer's auditors in connection with and arising from such submissions or notice (including costs incurred as aforesaid) shall be borne by such Eligible Union or, if more than one Eligible Union, by them in such proportions as the auditors shall determine as appropriate.

The continuing members of the Committee of Management may act notwithstanding any vacancy in their body provided that the necessary quorum is available to enable them to act. The quorum necessary for the transaction of the business of the Committee of Management shall be one half of the total number of members thereof of whom one must be the Chairman or the Joint Deputy Chairman appointed by the Co-ordinator.

30. Subject to the provisions of sub-paragraph (a) of paragraph (4) of Clause 38 differences arising at any meeting of the Committee of Management shall be determined by a majority of votes. In the case of an equality of votes the Chairman of the meeting shall have a second or casting vote.

32. A resolution in writing signed by such members of the Committee of Management as would constitute a quorum as specified in Clause 29 for a meeting of the Committee of Management shall be as valid and effectual as if it had been passed at a meeting of the Committee of Management duly convened and held. Such resolution in writing may consist of two or more documents in the like terms each signed by one or more of the said members of the Committee of Management.

33. There shall be a joint Secretary to act as secretary of the Committee of Management. The Co-ordinator and each Appointing Union shall have the power to appoint and remove one such joint Secretary. If an Eligible Union ceases to be an Appointing Union the joint Secretary

appointed by it shall immediately cease to hold office. If there shall for the time being be a vacancy in the office of the joint Secretaries the surviving or continuing joint Secretary or joint Secretaries shall have full power to act and the Committee of Management may at any time and from time to time nominate any person to perform any of the duties of the joint Secretaries of the Committee of Management in any case in which it is impracticable or inconvenient for the joint Secretaries or the surviving or continuing joint Secretary or joint Secretaries to act.

(ii) Any sub-committee so appointed shall in the exercise of the powers so delegated conform to any regulations that may be imposed on it by the Committee of Management. The meetings and proceedings of any sub-committee consisting of two or more members shall, subject to the provisions of the Articles, be governed by such of those provisions as relate to the meetings and proceedings of the Committee of Management so far as the same may be applicable and are not superseded by any regulation made for such sub-committee under this Clause.

- (a) in increasing annually after the Termination Date the amount of each of the annuities (whether payable or prospectively payable) pursuant to sub-paragraphs (a)(iii), (a)(v), (a)(vi), (a)(vii) and sub-paragraphs (b)(i) and (b)(iii) of paragraph (5) of this Clause by indexation in line with the increase in the Index of Retail Prices, calculated by applying (to the extent possible) the provisions of Rule 28, but limited in any year to 5 per cent, or Rule 29 as appropriate;
- (b) in increasing annually after the Termination Date the amount of certain of the annuities specified in sub-paragraph (a) of this paragraph by indexation in line with the increase in the Index of Retail Prices calculated by applying (to the extent possible) the provisions of Rule 28 to those pensions specified in sub-paragraphs (a) and (c) of paragraph (2) of Rule 28 insofar as it may, in any year, exceed 5 per cent;
- (c) in increasing annually after the Termination Date the annuities secured for members who are paying contributions at the time of discontinuance and for whom no transfer is made pursuant to paragraph (3) of this Clause by indexation in line with the increase in the Index of Retail Prices calculated by applying (to the extent possible) the provisions of Rule 28 insofar as it may, in any year, exceed 5 per cent to the extent that this has not already been provided pursuant to sub-paragraph (b) of this paragraph of this Clause;
- (d) in making such other increases (whether initially or by annual indexation as aforesaid or by both such means) in all or any of the annuities (whether payable or prospectively payable) secured pursuant to paragraphs (5) and (6) of this Clause as the Committee of Management (after consultation with the Actuary) may consider fair as between the respective persons for whom the same are to be secured; and

- (e) subject to the approval of the Board of Inland Revenue, in the payment to the Employer (after deduction of any tax due thereon) of the balance (if any) of the Employer's Fund which may remain and in such event the Employer may retain the whole or any part of the balance of the Pension Fund so paid to it Provided that if no Recognised Insurance Company (either alone or in conjunction with any other Recognised Insurance Company) is willing to offer terms for annuities which increase in accordance with the provisions of sub-paragraphs (a), (b) or (c) of this paragraph which the Committee of Management (after consultation with the Actuary) in their discretion are willing to accept, then the Committee of Management shall have a discretion to vary the provisions of sub-paragraphs (a), (b) and (c) of this paragraph upon such terms and subject to such conditions as may be agreed between the Committee of Management (after consultation with the Actuary) and the Recognised Insurance Company.
- (9) Instead of purchasing an annuity:—
- (i) the Committee of Management may pay to any person whose annuity (if purchased) would be treated by the Board of Inland Revenue as trivial such sum as (when added to any tax payable by the Committee of Management as a consequence of such payment) would in the opinion of the Committee of Management otherwise have been applied in the purchase of an annuity for that person;
 - (ii) the Committee of Management may transfer to the trustees of a scheme referred to in section 95(2) of the 1993 Act or to some other properly authorised person under it such sum or assets as in the opinion of the Committee of Management would otherwise have been realised and applied in the purchase of the annuity or such greater sum or such assets of greater value as the Employer requests (unless the Employer has entered into liquidation) and the Committee of Management with the advice of the Actuary approve and the provisions of Rule 33 shall apply to such transfer as if it were effected under Rule 33 and if no such scheme is in existence but the Committee of Management are satisfied that such a scheme will be established they may with a view to making such a transfer enter into such temporary arrangements for the provision of benefits which ought to be provided under this Clause as they think fit PROVIDED THAT any transfer under this sub-paragraph (ii) shall, if it is to be made in circumstances in which regulation 9 (or regulation 8, in the case of a partial termination pursuant to Clause 41) of The Coal Industry (Protected Persons) Pensions Regulations 1994 applies, only be made in circumstances where the Committee of Management are satisfied that the requirements of the said regulation 9 (or regulation 8, as the case may be) are complied with; and
 - (iii) the Committee of Management shall do what is needed to carry out any valid requirement of a member in relation to his cash equivalent for the purposes of Chapter IV of Part IV of the 1993 Act.
- (10) If on the discontinuance of the Scheme the assets of an Employer's Fund or the AVC Scheme referred to in Rule 6 include annuity or assurance or sinking fund contracts or policies with any insurance company the Committee of Management instead of realising those contracts and policies and purchasing annuities may (subject to paragraph (6) of this Clause) exercise one or more of the following powers in relation to those contracts and policies:—
- (i) the power to enter into any arrangements with the insurance company with which the contract or policy was effected under which the whole or part of any benefit secured on the life of any person under the contract or policy is transferred to or secured to or in trust for that person;

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

- (ii) the power to enter into any arrangements with the insurance company with which the contract or policy was effected under which the insurance company is released from all liability to pay any benefits under the whole or any part of the contract or policy in consideration of the insurance company agreeing in respect of another scheme:—
 - (I) to issue a fresh annuity or assurance contract or policy; or
 - (II) to amend an existing annuity or assurance contract or policy issued by the insurance company

in order to secure in respect of the other scheme benefits similar to and in substitution for those benefits in respect of which the Committee of Management release the insurance company from liability; and

- (iii) the power (subject where required to the consent of the insurance company with which the contract or policy was effected) to assign the whole or any part of the contract or policy and the benefits and moneys assured by it to the trustees for the time being of another scheme or to some other properly authorised person under it on the understanding that the contract or policy which is assigned will be kept in force or in existence upon such terms (consistent with the existing formal approval of the other scheme by the Board of Inland Revenue) as the Committee of Management consider to be just and equitable having regard to the accrued rights and interests of beneficiaries and prospective beneficiaries under the Scheme which may be affected by the assignment.

PROVIDED THAT

- (I) the Committee of Management shall not exercise the power in sub-paragraph (i) of this paragraph unless the contract or policy satisfies the requirements of section 19 of the 1993 Act; and
- (II) the Committee of Management shall not exercise either of the powers in sub-paragraphs (ii) and (iii) of this paragraph in relation to another scheme unless that other scheme is a scheme referred to in section 95(2) of the 1993 Act; and
- (III) the Committee of Management shall not exercise either of the powers in sub-paragraphs (ii) and (iii) of this paragraph in relation to another scheme without the written consent or written request of the member or (if the member is dead) the widow or widower of the deceased member if that consent or request is required by regulations made under the Social Security Act 1973 or the Pensions Act relevant to the circumstances in which the arrangements are to be entered into or the assignment is to be made.

PARTIAL TERMINATION OF THE SCHEME

41.—(1) Subject to the provisions of paragraph (3) of this Clause an Employer may terminate its liability to contribute to the Scheme at any time by giving not less than three months' notice in writing to the Committee of Management. On or as soon as practicable after receipt of such notice the Committee of Management shall notify the Co-ordinator and the Appointing Unions of the Employer which gave the notice and the date of termination of the Employer's liability to contribute to the Scheme. On such termination the Employer shall cease to be an Employer. Any such termination shall be without prejudice to any accrued liability of the Terminating Employer (as defined in paragraph (13) of this Clause) to contribute to the Scheme and to any liability which it may incur under section 144 of the 1993 Act.

(2) Subject to the provisions of paragraph (3) of this Clause if a payment of contributions by an Employer which has fallen due is unpaid or is paid in part but not in full and the Committee of Management are of the opinion that the Employer has ceased to contribute to the Scheme the Committee of Management shall pass a resolution to that effect and the Employer shall

thereupon cease to be an Employer. Such cessation shall be without prejudice to the accrued liability of the Terminating Employer to contribute to the Scheme and to any liability which it may incur under section 144 of the 1993 Act. As soon as practicable following the passing of the resolution the Committee of Management shall notify the Employer to whom the resolution applies and shall notify the Co-ordinator and the Appointing Unions of the Employer which is ceasing to be an Employer.

(3) No such notice as is referred to in paragraph (1) of this Clause shall be given and no such resolution as is referred to in paragraph (2) of this Clause shall be passed by or in relation to an Employer unless at the time at which the notice is given or the resolution is passed none of the liabilities of the Employer's Fund relating to such Employer are liabilities in respect of a Protected Person.

(4) If the Committee of Management are of the opinion that the continued participation in the Scheme of an Employer would prejudice Inland Revenue Approval of the Scheme they shall pass a resolution to that effect. Subject to the provisions of paragraph (6) of this Clause the Employer shall cease to be an Employer upon the passing of the Committee of Management's resolution. As soon as practicable following the passing of the resolution the Committee of Management shall notify the Employer to whom the resolution applies and shall notify the Co-ordinator and the Appointing Unions of the Employer which is ceasing to be an Employer.

(5) If an Employer enters into liquidation it shall (subject to the provisions of paragraph (6) of this Clause) cease to be an Employer immediately it enters into liquidation.

(6) If an Employer ceases to be an Employer in accordance with the provisions of paragraph (4) or (5) of this Clause it shall nevertheless be deemed to remain an Employer for such period if any (referred to in this paragraph and in paragraph (7) of this Clause as "the Agreed Period") as may be agreed between the Co-ordinator the Employer and the Committee of Management and approved by the Board of Inland Revenue. However the Agreed Period shall not extend beyond the anniversary of the Commencement Date next but one following the date on which the Employer would otherwise cease to be an Employer.

(7) Subject to the provisions of paragraph (12) of this Clause the part of the Scheme applicable to an Employer shall become a terminated scheme upon whichever of the following dates applies:—

- (i) if there is no Agreed Period the date on which the Employer ceases to be an Employer; or
- (ii) if there is an Agreed Period the date on which it expires.

Whichever date applies is referred to in this Clause as the "Partial Termination Date".

(8) When the part of the Scheme applicable to the Terminating Employer (as defined in paragraph (13) of this Clause) becomes a terminated scheme the Committee of Management shall subject to the provisions of paragraphs (9) and (10) of Clause 40 realise the relevant Employer's Fund and such part of the AVC Scheme referred to in Rule 6 as the Committee of Management with the advice of the Actuary shall decide to be appropriate (such part of the AVC Scheme being referred to in this paragraph as the "Appropriate Part"). However, if the Committee of Management decide to exclude from the part of the Scheme which becomes a terminated scheme any of the benefits referred to in paragraph (9) of this Clause they shall not realise that part of the relevant Employer's Fund and of the Appropriate Part of the AVC Scheme which the Committee of Management with the advice of the Actuary decide to retain in respect of those benefits.

(9) The Committee of Management may in their absolute discretion decide to exclude from the part of the Scheme which becomes a terminated scheme all or any of the following benefits, namely:—

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

- (i) benefits then payable to Pensioned Members (as defined in paragraph (13) of this Clause) (and for the purpose of this paragraph those Seceding Members who are Pensioned Members by virtue of being in the employment of the Employer on the Partial Termination Date and who have attained Pensionable Age shall be deemed to have ceased to be in the employment of the Employer on the day immediately preceding the Partial Termination Date);
- (ii) benefits contingently payable on the death of Pensioned Members;
- (iii) benefits then payable to persons claiming under or through deceased Seceding Members; and
- (iv) benefits prospectively payable to or in respect of Non-Pensioned Members.

(10) The Committee of Management shall apply the proceeds of realisation (under paragraph (8) of this Clause) of the Employer's Fund (after the payment of all costs charges and expenses incurred in giving effect to the provisions of paragraph (8), this paragraph and paragraph (11) of this Clause out of the part of the Expenses Fund attributable to that Employer, and from the proceeds of realisation of the Employer's Fund if that part of the Expenses Fund is insufficient) and so far as the moneys available permit in the manner and order of priority set out in paragraphs (5), (6) (7), (8), (9) and (10) of Clause 40.

(11) The Committee of Management shall apply the proceeds of realisation (under paragraph (8) of this Clause) of the Appropriate Part of the AVC Scheme referred to in Rule 6 in the payment of the costs charges and expenses referred to in paragraph (10) of this Clause only to the extent (if any) to which the appropriate part of the Expenses Fund and the proceeds of realisation of the Employer's Fund are insufficient to pay those costs charges and expenses and so far as the moneys available permit in the manner and order of priority set out in paragraphs (5) (other than sub-paragraphs (a) (i), (a) (ii) and (a) (iv) thereof), (6), (7), (8), (9) and (10) of Clause 40.

(12) Notwithstanding the provisions of paragraph (8) of this Clause the Committee of Management may defer the realisation referred to in paragraph (8) of this Clause and instead of terminating the part of the Scheme applicable to the Terminating Employer continue it as a closed scheme with no further contributions until whichever of the following dates and events is the first to occur:—

- (i) the discontinuance of the Scheme in accordance with the provisions of Clause 40;
- (ii) the passing of a resolution by the Committee of Management to the effect that the part of the Scheme applicable to the Terminating Employer is to be terminated at any time after it could have been terminated but for the decision of the Committee of Management to continue it as a closed scheme; and
- (iii) the date on which the relevant Employer's Fund and the Appropriate Part of the AVC Scheme are exhausted.

If the part of the Scheme applicable to the Terminating Employer is continued and the relevant Employer's Fund and the Appropriate Part of the AVC Scheme are not exhausted when the first of the above dates and events occurs the provisions of paragraph (8) of this Clause shall then have effect.

(13) In this Clause:—

(11) On the winding-up of the Scheme, members then in Eligible Employment and under Pensionable Age shall be entitled to short service benefit as if their service in Eligible Employment had then terminated, and the provisions of Clause 40 and insofar as it has effect Clause 41 of the Scheme shall apply Provided that—

(6) The Committee of Management shall be discharged from any and every obligation to provide benefits from the Scheme to or in respect of the member or Other Person immediately the Committee of Management use his cash equivalent in accordance with the provisions of paragraph (1) of this Rule or immediately a transfer of assets or a payment of a cash sum is made in accordance with the provisions of paragraph (2) of this Rule and (in a case in which the member or Other Person is a member) the member shall cease to be a member except that:—

- (i) in the case of a member:—
 - (I) who acquired a right to a cash equivalent under Chapter IV of Part IV of the 1993 Act which did not relate to the whole of the benefits in respect of the member;
 - (II) who exercised the option conferred by section 95(1) and (2) of the 1993 Act; and
 - (III) in respect of whom the Committee of Management did what was needed to carry out what the member required, the member shall not cease to be a member but the benefits in respect of the member shall be reduced by excluding the part of the benefits to which the cash equivalent related as prescribed by regulations made under paragraph 12(2A) of Part II of Schedule 1A to the Pensions Act; and
- (ii) in a case in which a transfer or payment to another scheme is made in respect of benefits which exclude benefits in respect of which an entitlement is conferred by Contracting-out Rule 4 the member shall remain a member for the purposes of the Contracting-out Appendix but shall cease to be a member for all other purposes.

ACCEPTANCE OF TRANSFER PAYMENTS

34.—(1) Subject to the provisions of paragraphs (2) (3) and (4) of this Rule and with the consent of the Employer and subject to the terms of any undertaking which the Committee of Management may have given to the Board of Inland Revenue for the purposes of this Rule the Committee of Management may if the Pensions Officer in his discretion so determines accept in respect of a member:—

- (i) the transfer to them of a part of the assets of another scheme which is in receipt of Inland Revenue Approval or (if not in receipt of Inland Revenue Approval) is a scheme the trustees or administrators of which have been authorised by the Board of Inland Revenue to make such a transfer or which is a Personal Pension Scheme or a Relevant Statutory Scheme;
- (ii) the assignment to them from a member of a policy or contract referred to in section 19 of the 1993 Act or any other policy or contract securing benefits in respect of a previous period of membership of the Scheme or another Retirement Benefits Scheme; or
- (iii) the assignment to them from a member of a contract approved under Chapter III of Part XIV of the Taxes Act.

Such assets or policy or contract are referred to in this Rule as “Transferred Assets” and the other scheme under (i) above is referred to in this Rule as the “Transferor Scheme”. The

Committee of Management may arrange for such part (if any) of the Transferred Assets as derives from voluntary contributions paid by the member to be included in whole or in part in the AVC Scheme referred to in Rule 6 but otherwise they shall arrange for Transferred Assets to be included in the relevant Employer's Fund.

(2) Except in a case in which either the Transferor Scheme is a scheme in which the Employer participates or the Board of Inland Revenue has authorised the treatment of service to which the Transferor Scheme relates as if it were service to which the Scheme relates, in respect of a member who is (or following the transfer under paragraph (1) of this Rule will be or be entitled to be) an Uncapped Member the Committee of Management shall endeavour to obtain from the administrator of the Transferor Scheme (or from the insurance company with which the policy or contract was effected in the case an assignment) a certificate of the maximum lump sum retirement benefit that the Committee of Management are permitted to provide under paragraph (4) of Rule 14 other than in special circumstances (meaning exceptional circumstances of serious ill-health of the member or where the pension would be regarded by the Board of Inland Revenue as trivial) in consideration of receipt of the Transferred Assets.

(3) In a case in which the Pensions Officer (after making suitable enquiries) is reasonably satisfied that:—

- (i) the Transferor Scheme is a fund to which section 608 of the Taxes Act applies; or
- (ii) the Transferor Scheme is a Retirement Benefits Scheme which is in receipt of Inland Revenue Approval and provides retirement benefits wholly in the form of non-commutable pension (other than in exceptional circumstances of serious ill-health of members thereof or on account of triviality),

no transfer under paragraph (1) of this Rule shall be accepted unless the Pensions Officer receives from the administrator of the Transferor Scheme a certificate stating that other than in special circumstances (as defined in paragraph (2) of this Rule) the Scheme is not permitted to provide a lump sum retirement benefit in consideration of receipt of the Transferred Assets.

(4) In a case in which the Pensions Officer (after making suitable enquiries) is reasonably satisfied that the benefits that would have been provided by the Transferred Assets but for a transfer under paragraph (1) of this Rule derive:—

- (i) in whole or in part from voluntary contributions to a Retirement Benefits Scheme which is in receipt of Inland Revenue Approval and which were paid by the member under a commitment entered into after 7 April 1987; or
- (ii) in whole or in part from an earlier transfer of assets accepted by the Transferor Scheme from a fund or scheme referred to in (i) or (ii) of paragraph (3) of this Rule,

no transfer under paragraph (1) of this Rule shall be accepted unless the Pensions Officer receives from the administrator of the Transferor Scheme (or from the insurance company with which the policy or contract was effected in the case of an assignment) a certificate specifying how much of the Transferred Assets derive from those voluntary contributions or from that earlier transfer of assets and stating that other than in special circumstances (as defined in paragraph (2) of this Rule) the Scheme is not permitted to provide a lump sum retirement benefit in consideration of receipt of the Transferred Assets so specified.

(5) In connection with the acceptance of a transfer or assignment under paragraph (1) of this Rule the Pensions Officer shall endeavour to obtain from the administrator of the Transferor Scheme (or from the insurance company with which the policy or contract was effected):—

- (i) a written statement in respect of the Transferred Assets of the total amount (if any) representing contributions made by the member and any interest thereon;
- (ii) a written statement whether the whole or any part of the Transferred Assets derives from contributions to a Personal Pension Scheme or from an earlier transfer or assignment from a Personal Pension Scheme; and

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

- (iii) a written statement of the period of the member's service in employment to which the Transferor Scheme (or any scheme from which the Transferor Scheme or insurance company accepted an earlier transfer or assignment) related and which is linked qualifying service for the purposes of section 179(1) of the 1993 Act in relation to service in employment to which the Scheme relates.

If no statement as referred to in (i) above is forthcoming the Committee of Management shall be entitled to assume that no part of the Transferred Assets represents contributions made by the member. If no statement as referred to in (iii) above is forthcoming the Committee of Management shall be entitled to assume that the period of linked qualifying service for the purposes of section 179(1) of the 1993 Act is at least two years.

(6) Unless the Transferor Scheme is MPS and the member is or becomes a Transferred MPS Member or the Transferor Scheme is the Staff Scheme, in consideration of receipt of Transferred Assets which are included in the Employer's Fund the Committee of Management shall (subject to the provisions of paragraph (10) of this Rule) provide from the Employer's Fund in relation to the member by such means as the Committee of Management shall determine benefits which shall be payable in addition to the benefits which would otherwise be payable from the Employer's Fund in respect of the member. However the Committee of Management shall not treat a period before the member's admission to membership of the Scheme as if it were Contributing Service unless the Employer consents. Subject to Inland Revenue Limits and subject to the provisions of paragraphs (7), (8), (9) and (10) of this Rule and the combined provisions of Rule 12 and the Contracting-out Appendix the benefits shall be in such form and of such amount and subject to such terms and conditions as will not prejudice Inland Revenue Approval of the Scheme and (if the member's Qualifying Service exceeds two years) as will conform with the preservation requirements (within the meaning of section 69(2) of the 1993 Act) and (subject thereto) as the Committee of Management with the advice of the Actuary shall decide.

(7) In a case in which the member is an Uncapped Member (except in a case in which either the Transferor Scheme is a Retirement Benefits Scheme in receipt of Inland Revenue Approval in which the Employer participates or the Board of Inland Revenue has authorised the treatment of service to which the Transferor Scheme relates as service to which the Scheme relates) the benefits provided from the Employer's Fund under paragraph (6) of this Rule shall not be in the form of a lump sum retirement benefit or commutable pension (other than in exceptional circumstances of serious ill-health of the member or in circumstances in which the pension of the member or other person would be regarded by the Board of Inland Revenue as trivial) unless the Pensions Officer has received the certificate referred to in paragraph (2) of this Rule and except to the extent (if any) specified in that certificate except that the amount certified shall be increased in proportion to the increase in the Retail Prices Index between the date of the transfer and the date of payment of the lump sum retirement benefit or (as the case may be) of commutation of the pension.

(8) If in respect of a member a transfer or assignment has been accepted in accordance with the provisions of paragraph (1) of this Rule and in connection with the transfer or assignment the Pensions Officer receives from the administrator of the Transferor Scheme (or from the insurance company with which the policy or contract was effected in the case of an assignment) the certificate referred to in paragraph (3) of this Rule the benefits provided from the Employer's Fund under paragraph (6) of this Rule shall not be in the form of a lump sum retirement benefit or commutable pension (other than in exceptional circumstances of serious ill-health of the member or in circumstances in which the pension of the member or other person would be regarded by the Board of Inland Revenue as trivial).

(9) If in respect of a member a transfer or assignment has been accepted in accordance with provisions of paragraph (1) of this Rule and in connection with the transfer or assignment the Pensions Officer receives from the administrator of the Transferor Scheme (or from

the insurance company with which the policy or contract was effected in the case of an assignment) the certificate referred to in paragraph (4) of this Rule the benefits provided from the Employer's Fund under paragraph (6) of this Rule shall not be in the form of a lump sum retirement benefit or commutable pension (other than in exceptional circumstances of serious ill-health of the member or in circumstances in which the pension of the member or other person would be regarded by the Board of Inland Revenue as trivial) to the extent to which the benefits are provided in consideration of receipt of the Transferred Assets specified for the purpose of paragraph (3) of this Rule.

(10) Subject to the combined provisions of Rule 12 and the Contracting-out Appendix no benefits shall be provided from the Employer's Fund under this Rule in relation to a member if:—

- (i) in connection with any one or more transfers or assignments accepted in accordance with the provisions of paragraph (1) of this Rule there is a written statement (as referred to in (i) of paragraph (5) of this Rule) of an amount representing contributions made by the member and any interest thereon; and
- (ii) the member becomes entitled to benefit under paragraph (4) of Rule 22.

ENTRANTS FROM MPS AND THE STAFF SCHEME

35.—(1) A Former MPS Member who within six months after first becoming a member of the Scheme requests pursuant to Rule 28A of MPS that a Transfer Payment shall be made in respect of him from the fund of MPS to the Pension Fund shall on such Transfer Payment being made become a Transferred MPS Member. Subject to the provisions of the Scheme the contributions made to MPS by a Transferred MPS Member shall be treated as if they had been made to the Scheme and any such contributions which were refunded under MPS shall be treated as if they had been refunded from the Scheme.

(2) The Committee of Management shall from time to time on request from the trustee or trustees of MPS, supply such information to the said trustee or trustees regarding the identity, numbers, salary details, and health of and other information relating to Former MPS Members.

- (a) (3) Where a person who was a contributor to or entitled to benefits under the Staff Scheme having entered Eligible Employment in a grade eligible for membership of the Scheme is admitted to membership of the Scheme and the Committee of the Staff Scheme make to the Scheme a transfer payment in respect of his accrued benefits under the Staff Scheme he shall be granted benefits under the Scheme actuarially equivalent in value to such transfer payment and calculated in accordance with tables from time to time prepared by the Actuary.
- (b) If on or after the date when a member who is also entitled to benefits under the Staff Scheme retires or withdraws from Eligible Employment the Committee of the Staff Scheme make to the Scheme a transfer payment in respect of his accrued benefits under the Staff Scheme, the Committee of Management shall pay under the Scheme the benefits which would, if that transfer payment had not been made, have been payable to or by reference to him under the Staff Scheme, and the provisions of Rules 36 to 53 of the Scheme shall apply to any benefits so payable.

Provided that for the purposes of determining the amount of any pension which would have been payable to any member had he retired on the day before the date of his death, whether or not under any specified conditions or in any specified circumstances, the first payment of such pension shall be deemed to become payable on the date of such deemed retirement.

- (b) Where for any reason beyond the control of the Committee of Management any payment of pension cannot be made at the time agreed in pursuance of the preceding sub-paragraph, it shall be made as soon as reasonably practicable thereafter.

- (a) No sums shall, by reason of the occurrence of that death or other event, be repayable in respect of any payment of such pension already made;

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

(c) If, apart from the occurrence of that death or other event, a payment of pension for any period including the date of that death or other event would not have been due until after that date, there shall be paid as soon as reasonably practicable a sum equal to such part of that payment as would have been attributable to the part of that period ending with the date of that death or other event, and for the purposes of this paragraph pension shall be deemed to accrue from day to day.

The right to any benefit payable under the Rules (other than any sum expressed to be payable under the Rules to the estate of the deceased member or other person) shall be extinguished if payment thereof is not obtained within a period of 12 months from the date on which that sum becomes payable under the Rules unless in any case the Committee of Management in their discretion extend the said period.

BENEFITS NOT ASSIGNABLE

43.—(1) Benefits under the Rules shall not be assignable or chargeable and shall cease to be payable to a person (in this Rule called “the assignor”) who would but for this provision be entitled thereto in the event of the bankruptcy of the assignor or upon the execution by him of any assignment for the benefits of his creditors or of any attempts to mortgage, charge or otherwise assign the same to any person; and if any of those events shall occur on or after 6th April 1975, whether or not the benefits referred to in this paragraph have previously become payable, the provisions of paragraph (2) of this Rule shall apply.

“Limited Revaluation” means the method of revaluing a GMP before State Pension Age described in (B) in Rule 6.2.

“Member” means a member of the Scheme (including a person who is no longer in the pensionable service of any employer participating in the Scheme but in respect of whom benefits are still immediately or prospectively payable under the Scheme).

“Normal Retiring Date” means the day on which a Member attains his normal pension age (within the meaning of the 1975 Act) under the Scheme.

“Protected Rights” has the same meaning as in Schedule 1 to the Social Security Act 1986.

“Qualifying Service” has the same meaning as in the 1973 Act.

“Rule” followed by a number means the Rule with that number in this Appendix.

“Scheme” means this occupational pension scheme.

Application of Appendix

2

(2.1) **Application of Appendix.** his Appendix shall apply if any Member’s employment becomes Contracted-out Employment by reference to the Scheme and the Scheme is not contracted-out on a money purchase basis.

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

The Appendix will only apply so long as anyone has a GMP or a prospective right to receive a GMP under the Scheme.

(2.2) **Overriding effect of Appendix.** his Appendix overrides any inconsistent provisions elsewhere in the Scheme except provisions which are necessary in order that Inland Revenue approval for the purposes of Chapter I Part XIV of the Income and Corporation Taxes Act 1988 is not prejudiced.

Amendment of Appendix

3.—(3.1) **Power to alter Appendix.** he persons or bodies having the power of alteration in relation to the rest of the Scheme may make in writing any alteration to this Appendix necessary to comply with the contracting-out requirements of the 1975 Act applicable to salary related contracted-out schemes and Section 49 salary related schemes. This power of alteration may be exercised by them without any condition except the one in Rule 3.2.

(3.2) **OPB's consent.** o alteration to this Appendix may be made without the consent of the Occupational Pensions Board. This applies whether the alteration is made under Rule 3.1 or under any other power of alteration in the Scheme.

Entitlement to GMP

4.—(4.1) **Guaranteed Minimum.** ule 4 applies to a Member, Widow or Widower where the Member has a guaranteed minimum in relation to the pension provided for the Member under the Scheme in accordance with section 35 of the 1975 Act.

(4.2) **Member's GMP.** he Member shall be entitled to a pension for life paid at a rate equivalent to a weekly rate of not less than that guaranteed minimum. The pension will be paid from State Pension Age but commencement of the pension may be postponed for any period during which the Member remains in employment after State Pension Age:—

- (1) if the employment is employment to which the Scheme relates and the postponement is not for more than 5 years after State Pension Age, or
- (2) if the Member consents to the postponement.

(4.3) **Widow's GMP.** here the Member is a man and dies at any time leaving a Widow, she shall be entitled, subject to Rule 4.4, to receive a pension from the Scheme paid at a rate equivalent to a weekly rate of not less than half that guaranteed minimum.

(4.4) The pension shall be paid for life to any Widow.

(4.5) **Widower's GMP.** here the Member is a woman and dies at any time on or after 6 April 1989 leaving a Widower, he shall be entitled, subject to Rule 4.6, to receive a pension from the Scheme paid at a rate equivalent to a weekly rate of not less than half of that part of that guaranteed minimum which is attributable to earnings for the tax year 1988/89 and subsequent tax years.

(4.6) The pension shall be paid for life to any Widower.

(4.7) **Offsetting pension against GMP.** ny pension payable to the Member, Widow or Widower under any other provision of the Scheme may be offset against his or her pension entitlement under Rule 4 except to the extent that:—

- (1) any part of the other pension is an equivalent pension benefit within the meaning of the National Insurance Act 1965, or
- (2) any part of the other pension is the “appropriate amount” under Part I of Schedule 1A of the 1975 Act, or
- (3) offsetting would contravene Rule 7.

Increasing a Member's GMP after State Pension Age or a Widow's or Widower's GMP

5. Any GMP to which a Member, Widow or Widower is entitled under Rule 4 shall, insofar as it is attributable to earnings in the tax years from and including 1988/89, be increased in accordance with the requirements of section 37A of the 1975 Act.

Revaluation of GMP

6.—(6.1) **After State Pension Age.** If the commencement of any Member's GMP is postponed for any period after State Pension Age, that GMP shall be increased to the extent, if any, specified in sections 35(6), (6A) and (6B) of the 1975 Act.

(6.2) **Before State Pension Age.** Where a Member ceases to be in Contracted-out Employment before State Pension Age, the Member's GMP at State Pension Age or at the Member's earlier death will be calculated by increasing the accrued rights to GMP at cessation of Contracted-out Employment under (A) or (B) or (C) below.

(A) Section 21 Revaluation

The increase will be by the percentage by which earnings factors for the tax year in which Contracted-out Employment ceases are increased by the last order under section 21 of the 1975 Act to come into force before the tax year in which the Member reaches State Pension Age or dies (if earlier).

(B) Limited Revaluation

The increase will be by the lesser of:—

- (1) 5 per cent compound for each tax year after that in which Contracted-out Employment ceases up to and including the last complete tax year before the Member reaches State Pension Age or dies (if earlier), and
- (2) the percentage by which earnings factors for the tax year in which Contracted-out Employment ceases are increased by the last order under section 21 of the 1975 Act to come into force before the tax year in which the Member reaches State Pension Age or dies (if earlier).

The Trustees must pay a limited revaluation premium in respect of the Member to the Secretary of State.

(C) Fixed Rate Revaluation

The increase will be by such rate as regulations made under section 45(1)(b) of the 1975 Act specify as being relevant at the date Contracted-out Employment ceases, for each tax year after the tax year containing that date up to and including the last complete tax year before the Member reaches State Pension Age or dies (if earlier).

The Trustees and the principal employer participating in the Scheme shall decide whether (A) or (B) or (C) applies to the Scheme. They may at any time decide that one of the other two methods shall be used, instead of the method currently being used, for all Members ceasing to be in Contracted-out Employment after a specified date. They must notify the Occupational Pensions Board whenever the method of revaluation for the Scheme is changed.

(6.3) **Transfers in.** Where a transfer payment is received in respect of a Member from another scheme ("the transferring scheme") which includes accrued rights of the Member to a GMP, the earnings factors used in calculating that GMP will normally be revalued using Section 21 Revaluation during the Member's Contracted-out Employment and Rule 6.2 will apply if that Contracted-out Employment ceases before State Pension Age. The Trustees may, however, decide, if the provisions of the transferring scheme so allow, to use either Fixed Rate Revaluation or Limited Revaluation from the date on which the Member ceased to be in

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

contracted-out employment by reference to the transferring scheme until the Member attains State Pension Age (or dies, if earlier) but:—

- (1) Fixed Rate Revaluation may not be used as regards any part of the GMP being transferred which arose from contracted-out employment in relation to a previous scheme and which the transferring scheme is already revaluing by Limited Revaluation (or vice versa), and
- (2) the Trustees may not make that decision in respect of any Member if, when he becomes a Member, his contracted-out employment before he became a Member is treated as continuing for the purposes of the 1975 Act.

Where under Rule 6.3 Limited Revaluation is to be used, the Trustees shall have power to pay out of the transfer payment in respect of that Member any limited revaluation premium payable as a result of the Member ceasing to be in contracted-out employment by reference to the transferring scheme.

Where the Scheme accepts the proceeds of or the assignment of an insurance policy which consists of or includes accrued rights to GMP condition (1) above applies unless the Trustees use Section 21 Revaluation.

(6.4) **Transfers out.** Where a Member's accrued rights to GMPs are transferred to another contracted-out salary related scheme or to a section 49 salary related scheme, the Trustees may agree with the administrator of that scheme that the Member's GMP shall, instead of being revalued using the method currently being adopted under Rule 6.2, be revalued using another method which would be permitted if that scheme contained a rule in the same terms as Rule 6.3 but, where Limited Revaluation is to be used, that administrator must make arrangements for the payment of any limited revaluation premium (unless it has already been paid by the Trustees).

Anti-Franking

7. Except as provided in sections 37A and 41A—41E of the 1975 Act, no part of a Member's, Widow's or Widower's pension under the Scheme may be used to frank an increase in the Member's, Widow's or Widower's GMP under Rule 5 or Rule 6.

Transfers into the Scheme

8.—(8.1) **Acceptance of transfers.** The Trustees may accept:—

- (1) a transfer payment in respect of the Member's accrued rights to GMPs under a contracted-out salary related scheme, a section 49 salary related scheme or an annuity policy of the type described in section 52C of the 1975 Act,
- (2) a transfer of the liability for the payment of GMPs to or in respect of any person who has become entitled to them, or
- (3) a transfer of Protected Rights in respect of the Member from another scheme which is, or was, an appropriate personal pension scheme, a scheme contracted-out on a money purchase basis or a section 49 money purchase scheme.

Transfers may be accepted only as provided in the appropriate regulations.

(8.2) **Effect of transfers.** Where a transfer is accepted under Rule 8.1(1), the Member's accrued rights to GMPs under the Scheme will be increased accordingly.

Where a transfer is accepted under Rule 8.1(3), the Member's, Widow's and Widower's GMPs under the Scheme will be increased by amounts equal to the GMPs to which they would have been treated as entitled by reason of the Member's membership of the transferring scheme if the transfer payment had not been made.

Transfers of GMPs out of the Scheme

9.—(9.1) Conditions for transfer of GMPs. A transfer payment made out of the Scheme may include a Member's accrued rights to GMPs or the liability for the payment of GMPs to or in respect of any person who has become entitled to them only if the following conditions are fulfilled. These conditions depend on the type of scheme or policy to which the transfer is being made:—

(1) All transfers

The Member must consent to the transfer unless:—

- (a) it is made to another contracted-out salary related scheme or section 49 salary related scheme where either the scheme is a scheme of the same employer or the transfer involves all of or a group of the Members of the Scheme and either the transfer results from a financial transaction between the Member's old and new employers, or the receiving scheme is a scheme of an employer connected with the Member's old employer for the purposes of section 51A of the 1975 Act; or
- (b) it is to allow benefits to be bought out where the Member has between 2 and 5 years' Qualifying Service, or to allow the Trustees to buy out the benefits of the Widow or Widower of such a Member.

The transfer will be subject to any requirements of the Inland Revenue.

The receiving scheme or policy must be an appropriate personal pension scheme, a contracted-out occupational pension scheme, a section 49 money purchase or section 49 salary related scheme, an overseas occupational pension scheme to which the Occupational Pensions Board approve the transfer or an annuity policy of the type described in section 52C of the 1975 Act.

(2) Contracted-out salary related schemes and section 52C annuity policies

The receiving scheme or policy must provide the Member and the Member's Widow or Widower with GMPs equal to their accrued GMPs under the Scheme up to the date of transfer, together with revaluation until the Member reaches State Pension Age (or dies, if earlier). In the case of GMPs already in payment the receiving scheme must provide for the pensions to commence from the date from which liability for payment has been assumed by it, and for the conditions of payment relating to its own GMPs to apply equally to such pensions.

(3) All occupational pension schemes (except overseas schemes covered by (6))

In the case of transfer of accrued rights to GMPs (other than transfers in accordance with regulations 2(4) and 2A(4) of [SI 1985/1323](#)) the Member must have entered employment with an employer which is (or, in the case of a section 49 scheme, is or was) a contributor to the receiving scheme.

(4) Appropriate personal pension schemes and occupational pension schemes which are or were contracted-out by the money purchase test

That part of the transfer payment which relates to the Member's accrued rights to GMPs must be of an amount at least equal to the cash value of those accrued rights and applied by the receiving scheme in providing money purchase benefits for or in respect of the Member.

(5) Section 49 money purchase or section 49 salary related schemes

No transfer payment may be made to such a scheme without the approval of the Occupational Pensions Board, who may impose any conditions they consider appropriate.

(6) Overseas occupational pension schemes not covered by (2), (4) or (5) above

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

The Member must have entered employment outside the United Kingdom to which the receiving scheme applies.

No transfer payments may be made to such a scheme without the approval of the Occupational Pensions Board, who may impose any conditions they consider appropriate.

(9.2) **Effect of such transfers.** here the Member's accrued rights to GMPs or liability for GMPs already in payment are transferred in accordance with Rule 9.1, the Member and the Member's Widow or Widower will cease to have any entitlement to a GMP under the Scheme. If the transfer does not relate to the whole of the Member's rights to benefits under the Scheme, the Member's remaining benefits under the Scheme may be reduced to allow for the fact that the Member's GMP rights have been transferred.

Transfer premiums

10. Where a Member ceases to be in Contracted-out Employment before Normal Retiring Date and the Member's accrued rights to benefits (other than GMPs) are transferred to another occupational pension scheme which is neither a contracted-out scheme nor one which was formerly contracted-out and which remains under the supervision of the Occupational Pensions Board in accordance with section 49 of the 1975 Act, the Trustees may elect to pay a transfer premium to the Secretary of State for Social Security. No such election may be made where the Member has completed less than 2 years' Qualifying Service or where an accrued rights premium is payable in respect of the Member.

Where a transfer premium is paid, the Member's accrued rights to GMPs under the Scheme shall be extinguished.

Commutation of GMP

11.—(11.1) Commutation Condition. The Commutation Condition is that the aggregate of the pensions and the pension equivalent of any lump sum benefits to which the person is entitled under the Scheme and under all other retirement benefit schemes relating to employment with the same employer as the employment in respect of which the benefits are payable does not exceed £104 per annum (or such greater amount as may be prescribed by regulations made under paragraph 15(4) of Schedule 16 of the 1973 Act and section 39(1) of the 1975 Act and is permitted by the Inland Revenue). In determining whether the Commutation Condition is satisfied:—

- (a) Where commutation is taking place before State Pension Age, other than on the death of the Member, Fixed Rate Revaluation or Limited Revaluation must be applied to any GMP included in the aggregate pension and such GMP must be revalued to State Pension Age for the purposes of calculating that aggregate. For this purpose, Limited Revaluation is to be taken as 5% per annum compound.
- (b) Where the Member's pension, being an alternative to short service benefit, becomes payable before Normal Retiring Date, the value of that pension must, to the reasonable satisfaction of the Trustees reflect the revaluation to Normal Retiring Date that the deferred pension would have attracted in accordance with Schedule 1A of the 1975 Act had it been provided by the Scheme at Normal Retiring Date and the revaluation of GMP referred to in (a) above.
- (c) Where the Member's pension is equal to or larger than Short Service Benefit and becomes payable earlier than at Normal Retiring Date with the Member's consent, the pension to be taken into account to meet the Commutation Condition is the actuarial equivalent of the benefit which would have been payable if it had been payable only from Normal Retiring Date.

- (d) Where commutation of the whole of a Member's deferred pension is taking place at Normal Retiring Date (or on the winding up of the Scheme if earlier) the Member's pension in excess of GMP must be revalued up to Normal Retiring Date in accordance with Schedule 1A of the 1975 Act.
 - (e) In any event, the basis of commutation must be certified as reasonable by an Actuary.
- (11.2) **Circumstances in which GMP may be commuted**
- (1) **Member's GMP.** The Member's GMP may be commuted if the Commutation Condition is satisfied and all his/her other benefits under the Scheme are being commuted and
 - (a) his/her benefits have become payable; or
 - (b) the Scheme is being wound up.
 - (2) **Widow or Widower's GMP.** The Widow or Widower's GMP may be commuted if the Commutation Condition is satisfied and all her/his other benefits under the Scheme are being commuted and
 - (a) her/his benefits have become payable; or
 - (b) the Member's benefits are being commuted on grounds of triviality.
 - (3) If the Member is a member of more than one retirement benefit scheme relating to the same employment the requirements of this rule must be satisfied by each of the schemes.

Securing GMPs

12. GMPs may be secured through the Scheme provided it has been established under an irrevocable trust subject to the laws of any part of the United Kingdom. Otherwise, a GMP must be secured by means of an insurance policy or annuity contract with an Insurer.

Winding-up of the Scheme

13.—(13.1) Priorities on winding-up. On a winding-up of the Scheme for any reason, priority must be given over any other liability to provide benefits to any benefit which falls within any one or more of the following:—

- (1) Pensions and other benefits in respect of which entitlement to payment has already arisen.
- (2) GMPs and accrued rights to GMPs.
- (3) State scheme premiums.
- (4) Equivalent pension benefits within the meaning of the National Insurance Act 1965.

(13.2) **Order of priorities.** The Trustees and the principal employer participating in the Scheme may elsewhere in the provisions of the Scheme specify an order of priorities amongst the items listed in Rule 13.1 but the order of priorities shall not give any liability to provide benefits which are not listed in Rule 13.1 priority equal to or exceeding the priority given to any item which is listed there.

(13.3) **Voluntary contributions.** Where Members' voluntary contributions to the Scheme are being used to provide benefits equivalent on a money purchase basis to the voluntary contributions paid and where there are separately identifiable assets attributable to those voluntary contributions within the Scheme, Rule 13.1 shall not apply to those separately identifiable assets. That part of those assets which is attributable to the voluntary contributions of a Member shall be used to provide benefits for or in respect of that Member of the types

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

specified in the other provisions of the Scheme. No regular payments may be made by the employer unless they are used solely for the purpose of meeting administrative expenses.

Scheme ceasing to be a contracted-out salary related scheme

14. If the Scheme ceases to be a contracted-out salary related scheme, the Trustees must seek the Occupational Pensions Board's approval to any proposed arrangements for securing GMPs. If it is decided to buy Members back into the State Earnings Related Pension Scheme, then accrued rights premiums or pensioner's rights premiums must be paid to the Secretary of State for Social Security in the manner required by regulations made under the 1975 Act. Once these premiums have been paid, the GMPs will be extinguished. The other benefits of the Members, Widows or Widowers concerned under the Scheme shall be reduced by the amount of the GMP accrued at the date the Scheme ceased to be contracted-out increased to State Pension Age (or the Member's death, if earlier) by Fixed Rate Revaluation or Section 21 Revaluation.

Upper age limit for entry

15. Membership of the Scheme must be open to persons who enter employments to which the Scheme relates more than 6 years before Normal Retiring Date. If the Scheme has an annual entry date, this 6 year period may be increased to a period of between 6 and 7 years beginning with that annual entry date. Where the Scheme and one or more other contracted-out schemes relate to employment with the same employer, those schemes may be treated as if they were a single scheme in deciding whether the requirements of this Rule 15 are satisfied.

Contributions equivalent premiums

16.—(16.1) A contributions equivalent premium shall be paid, subject to Rule 16.2, in respect of a Member who ceases to be in Contracted-out Employment before whichever is the earlier of the Member's Normal Retiring Date and the end of the tax year preceding that in which the Member will reach State Pension Age with less than 2 years' Qualifying Service and less than 2 years' Contracted-out Employment. A contributions equivalent premium shall not be paid where the Member's accrued rights include rights transferred from a personal pension, nor where the Member is a woman who dies in contracted-out employment in respect of Widower's GMP.

Payment of the contributions equivalent premium extinguishes the Member's accrued rights to GMPs under the Scheme. Therefore, where the premium is paid, any refund of contributions to the Member or any transfer payment from the Scheme in respect of the Member shall be reduced by the certified amount (as defined in the 1975 Act) in relation to that premium and any pension benefit under the Scheme for the Member or the Member's Widow or Widower shall be reduced so as to allow for the fact that their accrued rights to GMPs have been extinguished.

(16.2) The premium shall not be payable if:—

- (1) its amount is less than £17 (or such greater amount as is specified in regulations made under the 1975 Act); or
- (2) the Member's accrued rights to GMPs are transferred to another scheme or policy in accordance with Rule 9; or
- (3) the Member is a woman who has been paying primary Class 1 National Insurance contributions at the reduced rate; or
- (4) the Member becomes entitled to an immediate or deferred pension under the Scheme on ceasing to be in Contracted-out Employment.

APPENDIX II

- (1) **“Administrator”** shall mean the person or persons having the management of the Scheme.
- (2) **“Aggregate Retirement Benefit”** shall mean the aggregate of:—
 - (a) the Member’s pension under the Scheme and any Associated Scheme; and
 - (b) the pension equivalent of the Member’s Lump Sum Retirement Benefit.
- (3) **“Associated Employer”**. n employer is associated with another employer if one is controlled by the other, or both are controlled by a third party. Control has the meaning in section 840 of the Taxes Act, or in the case of a close company, section 416 of the Taxes Act.
- (4) **“Associated Scheme”** shall mean any Relevant Scheme providing benefits in respect of Service.
- (5) **“Class A Member”** shall be any Member who is not a Class B or Class C Member.
- (6) **“Class B Member”** shall mean any Member:—
 - (a) who, on or after 17th March 1987 and before 1st June 1989, joined the Scheme being a scheme which commenced before 14th March 1989; or
 - (b) who the Board of Inland Revenue have agreed in writing to be a Class B Member by virtue of previous membership of a Relevant Scheme; and, in either case, has not opted to become a Class A Member.
- (7) **“Class C Member”** shall mean any Member who joined the Scheme before 17th March 1987 or who joined subsequently and who the Board of Inland Revenue have agreed in writing to be a Class C Member by virtue of previous membership of a Relevant Scheme and, in either case, has not opted to become a Class A Member.
- (8) **“Connected Scheme”** shall mean any Relevant Scheme which is connected with the Scheme in relation to the Member ie. if:—
 - (a) there is a period during which the Member has been the employee of 2 Associated Employers;
 - (b) that period counts under both schemes as a period in respect of which benefits are payable; and
 - (c) the period counts under one scheme for service with one employer and under the other for service with the other employer.
- (9) **“Controlling Director”** shall mean a Member who, at any time on or after 17th March 1987 and in the last 10 years before the Relevant Date, has, in relation to the Employer, been both within the definition of a director in section 612(1) of the Taxes Act and within paragraph (b) of section 417(5) of the Taxes Act.
- (10) **“Final Remuneration”** shall mean the greater of:—
 - (a) the highest remuneration upon which tax liability has been determined for any one of the 5 years preceding the Relevant Date being the aggregate of:—

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

- (ii) the yearly average over 3 or more consecutive years⁽⁵⁾ ending with the expiry of the corresponding basic pay year of any Fluctuating Emoluments provided that Fluctuating Emoluments of a year other than the basic pay year may be increased in proportion to the increase in the Index from the last day of that year up to the last day of the basic pay year. Remuneration that is received after the Relevant Date and upon which tax liability has been determined will be treated as a Fluctuating Emolument (providing it was earned or qualified for prior to the Relevant Date). In these circumstances it may be included provided the yearly average of 3 or more consecutive years begins no later than the commencement of the basic pay year; or
- (b) the yearly average of the total emoluments from the Employer which are assessable to income tax under Case I or II of Schedule E and upon which tax liability has been determined for any 3 or more consecutive years ending not earlier than 10 years before the Relevant Date. Where such emoluments are received after the Relevant Date but are earned or qualified for prior to that date, they may be included provided that in these circumstances the yearly average of 3 or more consecutive years begins no later than the commencement of the year ending with the Relevant Date. Provided that:—
- (i) remuneration and total emoluments do not include any amounts which arise from the acquisition or disposal of shares or any interest in shares or from a right to acquire shares (except where the shares or rights etc. which give rise to such an amount liable to tax under Schedule E had been acquired before 17th March 1987) or anything in respect of which tax is chargeable by virtue of section 148 of the Taxes Act;
 - (ii) in relation to a Controlling Director, Final Remuneration shall be the amount ascertained in accordance with (b) above and (a) above shall not apply;
 - (iii) in relation to any other employee whose remuneration in any year subsequent to 5th April 1987 used for the purpose of calculating benefits has exceeded £100,000, (or such other figure as may be prescribed by the Treasury), Final Remuneration shall not exceed the amount ascertained in accordance with (b) above and (a) above shall not apply, unless the individual chooses to adopt £100,000 (or such other figure as may be prescribed by the Treasury);
 - (iv) where Final Remuneration is computed by reference to any year other than the last complete year ending on the Relevant Date, the Member's remuneration or total emoluments of any year may be increased in proportion to any increase in the Index from the last day of that year up to the Relevant Date. For a Class C Member this proviso shall not apply to the calculation of the maximum Lump Sum Retirement Benefit unless the Member's aggregate total benefits are similarly increased beyond the maximum amount which could be paid but for this proviso and/or the first sentence of (a)(ii) above and then only to the same proportionate extent;
 - (v) for Class A Members Final Remuneration shall not exceed the Permitted Maximum;
 - (vi) for the purpose of calculating the maximum Lump Sum Retirement Benefit of a Class B Member Final Remuneration shall not in any event exceed £100,000 (or such other figure as may be prescribed by the Treasury);
 - (vii) an employee who remains, or is treated as remaining, in service but by reason of Incapacity is in receipt of a much reduced remuneration ie. under a sick pay or permanent health insurance scheme, for more than 10 years up to the Relevant Date, may calculate Final Remuneration under (a) or (b) above with the Final

(5) (Where Fluctuating Emoluments have not been paid for the full three years, they should be averaged over the period from the commencement of their entitlement to payment (or the beginning of the three year period, if later) to the end of the relevant basic pay year. Where, however, it is proposed to include in Final Remuneration a Fluctuating Emolument which was payable in a single year only the agreement of the Pension Schemes Office must be sought.)

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

Remuneration calculated at the cessation of normal pay and increased in accordance with the Index;

- (viii) the total amount of any profit related pay (whether relieved from income tax or not) may be classed as pensionable remuneration and treated as a Fluctuating Emolument; and
- (ix) an early retirement pension in payment from the Employer may not be included in Final Remuneration.

(Notes: Except as in proviso (i) above, benefits in kind may be taken into account when they are assessed to income tax as emoluments under Schedule E, and will normally be regarded as Fluctuating Emoluments. If benefits are not so assessable, they may not be included as part of Final Remuneration except with the agreement of the Pension Schemes Office.

For the purposes of providing immediate benefits at the Relevant Date it will be permitted to calculate Final Remuneration on the appropriate basis above using remuneration assessable to tax under Case I or II of Schedule E and upon which tax liability has not been determined. On determination of this liability Final Remuneration must be recalculated. Should this result in a lower Final Remuneration then benefits in payment should be reduced if this is necessary to ensure that they do not exceed the maximum approvable based on the lower Final Remuneration. Where Final Remuneration is greater it will be possible to augment benefits in payment but such augmentation must take the form of a non-commutable pension.

EXPLANATORY NOTE

(This note is not part of the Regulations)

Paragraph 3 of Schedule 5 to the Coal Industry Act 1994 provides that where under a restructuring scheme made under the Act a person other than the Coal Authority becomes the employer of a participant in an existing scheme in place of the British Coal Corporation or its wholly-owned subsidiary the participant is to have the option of becoming a participant in a new pension scheme which is established under and in accordance with regulations and satisfies the statutory requirements by reference to the existing scheme. Paragraph 3 of Schedule 5 to the 1994 Act specifies the provision which a new pension scheme must contain to satisfy the statutory requirements. Paragraph 3 of Schedule 5 to the 1994 Act provides for a similar option in respect of all other participants in an existing scheme who continue in their employment.

An existing scheme within the meaning of Schedule 5 to the 1994 Act is a pension scheme having effect by virtue of regulations made under section 37 of the Coal Industry Nationalisation Act 1946. The Mineworkers' Pension Scheme (MPS) is an existing scheme within that meaning.

These Regulations make provision for the establishment of such new pension scheme in the terms of a trust deed as set out in the Schedule to the Regulations which contains provision satisfying the statutory requirements by reference to the MPS as an existing scheme.
