- (b) the place of supply of those goods is determined by section 7(5B) of the Act,

the registered person must provide the other person with a VAT invoice.]

(2) The particulars of the VAT chargeable on a supply of goods described in paragraph 7 of Schedule 4 to the Act shall be provided, on a sale by auction, by the auctioneer, and, where the sale is otherwise than by auction, by the person selling the goods, on a document containing the particulars prescribed in regulation 14(1); and such a document issued to the buyer shall be treated for the purposes of paragraph (1)(a) above as a VAT invoice provided by the person by whom the goods are deemed to be supplied in accordance with the said paragraph 7.

[^{F86}(3) Where a registered person provides a document to himself (“a self-billed invoice”) that purports to be a VAT invoice in respect of a supply of goods or services to him by another registered person, that document shall be treated as the VAT invoice required to be provided by the supplier under paragraph (1)(a) if it complies with the conditions set out in paragraph (3A) and with any further conditions that may be contained in a notice published by the Commissioners or may be imposed in a particular case.]

[^{F87}(3A) The following conditions must be complied with if a self-billed invoice is to be treated as a VAT invoice—

- (c) specify that the supplier will accept each self-billed invoice created by the customer in respect of supplies made to him by the supplier;
- (d) specify that the supplier will notify the customer if he ceases to be a taxable person or if he changes his registration number.

(3C) Without prejudice to any term of a self-billing agreement, it shall be treated as having expired when—

- (a) the business of the supplier is transferred as a going concern;
- (b) the business of the customer is transferred as a going concern;
- (c) the supplier ceases to be registered for VAT.

(3D) In addition to the matters set out in paragraph (3B)—

- (a) conditions that must be complied with may be set out in a notice published by the Commissioners;
- (b) the Commissioners may impose further conditions in particular cases.

[^{F89}(3E) Where a customer (C) in a member State provides a document to C in respect of a supply of goods to C by a registered person who is identified for the purposes of VAT in Northern Ireland,

that document is to be treated as the VAT invoice required to be provided by the supplier under paragraph (1)(b) or (c) if it complies with the conditions set out in paragraph (3A).]

- (n) regulation 94B(6)(a).]

(4) Where the person who makes a supply to which regulation 93 relates gives an authenticated receipt containing the particulars required under regulation 14(1) to be specified in a VAT invoice in respect of that supply, that document shall be treated as the VAT invoice required to be provided under paragraph (1)(a) above on condition that no VAT invoice or similar document which was intended to be or could be construed as being a VAT invoice for the supply to which the receipt relates is issued.

(5) [^{F90}With the exception of the supplies referred to in paragraph (6),] the documents specified in paragraphs (1), (2), (3) and (4) above shall be provided within 30 days of the time when the supply is treated as taking place under section 6 of the Act, or within such longer period as the Commissioners may allow in general or special directions.

[^{F91}(6) The documents specified in paragraphs (1), (2), (3) and (4) shall—

^{F210}**25A.—**[

^{F211}(A1) Where a person makes a return required by regulation 25 by means of electronic communications using functional compatible software, such a method of making a return shall be referred to in this Part as a “compatible software return system”.]

(1) Where a person makes a return required by regulation 25 using electronic communications [^{F212}other than functional compatible software], such a method of making a return shall be referred to in this Part as an “electronic return system”.

(2) Where a person makes a return [^{F213}or a final return on the relevant form specified in a notice published by the Commissioners], such a method of making a return shall be referred to in this Part as a “paper return system”.

[^{F214}(2A) A person who is subject to the requirements of regulation 32A, including by virtue of an election in accordance with regulation 32C, must make a return required by regulation 25 using a compatible software return system.]

[^{F215}(3) Subject to [^{F216}paragraphs (2A) above and (6) below], a person who is registered for VAT must make a return required by regulation 25 using an electronic return system [^{F217}that that person is required or authorised to use] whether or not such a person is registered in substitution for another person under regulation 6 (transfer of a going concern).]

(4) In any case where an electronic return system [^{F218}or a compatible software return system] is not used, a return must be made using a paper return system.

^{F219}(5)

(6) ^{F220} ... A person—

- (a) who the Commissioners are satisfied is a practising member of a religious society or order whose beliefs are incompatible with the use of electronic communications, or
- (b) to whom an insolvency procedure as described in any of paragraphs (a) to (f) of section 81(4B) of the Act is applied ^{F221} ... [^{F222}, or
- (c) for whom the Commissioners are satisfied that it is not reasonably practicable to make a return using an electronic return system (including any electronic return system that that person is authorised to use) for reasons of disability, age, remoteness of location or any other reason]

[^{F223}is not required to make a return required by regulation 25 using an electronic return system].

^{F224}(7)

(8) Where an electronic return system [^{F225}or a compatible software return system] is used, it must take a form approved by the Commissioners in a specific or general direction.

(9) Where a paper return system is used, a return required by regulation 25(1) [^{F226}or 25(4) must be made on the relevant form specified in a notice published by the Commissioners].

(10) A direction under paragraph (8) above may in particular—

- (a) modify or dispense with any requirement of [^{F227}the relevant form specified in a notice published by the Commissioners],
- (b) specify circumstances in which the electronic return system [^{F228}or a compatible software return system] may be used, or not used, by or on behalf of the person required to make the return,

[approve telephone filing as a form of electronic return system for use by specified ^{F229}(c) categories of persons.]

For the purposes of sub-paragraph (b), the direction may specify different circumstances for different cases.

(11) An electronic return system [^{F230}or a compatible software return system] shall incorporate an electronic validation process.

(12) Subject to paragraph (13) below and unless the contrary is [^{F231}presumed]—

- (a) the use of an electronic return system [^{F232}or a compatible software return system] shall be proved to have resulted in the making of the return to the Controller only if this has been successfully recorded as such by the relevant electronic validation process,

- (b) the time of making the return to the Controller using an electronic return system [^{F232}or a compatible software return system] shall be ^{F233}... presumed to be the time recorded as such by the relevant electronic validation process, and
- (c) the person delivering the return to the Controller shall be presumed to be the person identified as such by any relevant feature of the electronic return system [^{F232}or a compatible software return system].

(13) No return shall be treated as having been made using an electronic return system [^{F234}or a compatible software return system] unless it is in the form required by paragraph (8) above.

The requirement in paragraph (8) above incorporates the matters mentioned in paragraph (10) above.

(14) A return made using an electronic return system [^{F235}or a compatible software return system] carries the same consequences as a return made using a paper return system, except in relation to any matter for which alternative or additional provision is made by or under this regulation.

(15) [^{F236}Subject to paragraph (15A)] in relation to returns made for prescribed accounting periods which end on or after 31 March 2011, a ^{F237}... person who fails to comply with paragraph [^{F238}(2A) or] (3) above is liable to a penalty.

[^{F239}(15A) A person who—

- (a) on 31 March 2012 was registered for VAT with an effective date of registration before that date,
- (b) was not as at 31 March 2012 required to make a return required by regulation 25 using an electronic return system, and
- (c) fails to comply with paragraph (3),

is only liable to a penalty in relation to returns made for prescribed accounting periods which end on or after 31 March 2013.]

(16) But a ^{F240}... person who has a reasonable excuse for so failing to comply is not liable to a penalty.

(17) The table below sets out the penalties depending on the level of turnover.

Annual VAT exclusive turnover	Penalty
<i>£22,800,001 and above</i>	<i>£400</i>
<i>£5,600,001 to £22,800,000</i>	<i>£300</i>
<i>£100,001 to £5,600,000</i>	<i>£200</i>
<i>£100,000 and under</i>	<i>£100</i>

(18) A person may appeal against the Commissioners' decision to impose a penalty only on the ground that—

- (a) that person is not [^{F241}a person required to make a return required by regulation 25 using an electronic return system][^{F242}or a compatible software return system],
- (b) the amount of the penalty is incorrect,
- (c) paragraph (3) above was complied with, or
- (d) paragraph (16) above applies.

(19) In calculating a person's annual VAT exclusive turnover for the purposes of ^{F243}... the table in paragraph (17) above, the Commissioners shall use any available figures which they determine to

be fair and reasonable in the circumstances and such figures shall be taken to be the correct figures for the purposes of the calculation.

(20) Additional time is allowed to make—

- (a) a return using an electronic return system [^{F244}, a compatible software return system] or a paper return system for which any related payment is made solely by means of electronic communications (see regulation 25(1) – time for making return, and regulations 40(2) to 40(4) – payment of VAT), or
- (b) a return using an electronic return system [^{F245} or a compatible software return system] for which no payment is required to be made.

That additional time is only as the Commissioners may allow in a specific or general direction, and such a direction may allow different times for different means of payment.

The Commissioners need not give a direction pursuant to this paragraph.

(21) Where a corporate body is registered in the names of its divisions pursuant to section 46(1) of the Act, each such separately registered division is “a person” for the purposes of paragraphs ^{F246} ... (12) and (19) above.

(22) In this regulation—

- ^{F247}(a)
- (b) a reference to an appeal is a reference to an appeal made under section 83(1)(zc) of the Act,
- (c) “reasonable excuse” shall have the same limitation as it does in section 71(1)(b) of the Act.

(23) In paragraphs (8) and (20) above “direction” and “direct” refer only to a current direction, and a direction is not current to the extent that it is varied, replaced or revoked by another Commissioners’ direction.]

Correction of errors

34. —

(1) ^[F279]Subject to paragraph (1A) below,] this regulation applies where a taxable person has made a return, or returns, to the Controller which overstated or understated his liability to VAT or his entitlement to a payment under section 25(3) of the Act.

^[F280](1A) Subject to paragraph (1B) ^[F281]and (1C)] below, any overstatement or understatement in a return where—

- (a) a period of ^[F282]4 years] has elapsed since the end of the prescribed accounting period for which the return was made; and
- (b) the taxable person has not (in relation to that overstatement or understatement) corrected his VAT account in accordance with this regulation before the end of the prescribed accounting period during which that period of ^[F283]4 years] has elapsed,

shall be disregarded for the purposes of this regulation; and in paragraphs (2) to (6) of this regulation “overstatement”, “understatement” and related expressions shall be construed accordingly.

(1B) Paragraph (1A) above does not apply where—

(2) In this regulation—

- (a) “under-declarations of liability” means the aggregate of—

 - (a) under-declarations of liability, and
 - (b) over-declarations of liability,

does not exceed [^{F285}£50,000,] the taxable person may correct his VAT account in accordance with this regulation.

[^{F286}But if Box 6 of the taxable person’s return for the prescribed accounting period must contain a total less than £5,000,000, the difference must not for these purposes exceed 1% of that total [^{F287}unless the difference is £10,000 or less].

- (4) In the VAT payable portion—
 - (a) where the amount of any overstatements of output tax is greater than the amount of any understatements of output tax a negative entry shall be made for the amount of the excess; or

Adjustments in the course of business

38. —

(1) ^{F290}... This regulation applies where—

- (a) there is an increase in consideration for a supply, or
- (b) there is a decrease in consideration for a supply,

which includes an amount of VAT and the increase or decrease occurs after the end of the prescribed accounting period in which the original supply took place.

^{F291}(1A)

^{F292}(1B)

[^{F293}(1C) Where an increase or decrease in consideration relates to a supply in respect of which it is for the recipient, on the supplier’s behalf, to account for and pay the tax, the prescribed accounting period referred to in paragraph (1) is that of the recipient, and not the maker, of the supply.

But this paragraph does not apply to the circumstances referred to in regulation 38A.]

[^{F294}(2) Where this regulation applies, both the taxable person who makes the supply and a taxable person who receives the supply shall adjust their respective VAT accounts in accordance with the provisions of this regulation.]

- (3) [^{F295}Subject to paragraph (3A) below,] the maker of the supply shall—
 - (a) in the case of an increase in consideration, make a positive entry; or
 - (b) in the case of a decrease in consideration, make a negative entry,

for the relevant amount of VAT in the VAT payable portion of his VAT account.

[^{F296}(3A) Where an increase or decrease in consideration relates to a supply on which the VAT has been accounted for and paid by the recipient of the supply, any entry required to be made under paragraph (3) shall be made in the recipient’s VAT account and not that of the supplier.]

- (4) The recipient of the supply, if he is a taxable person, shall—
 - (a) in the case of an increase in consideration, make a positive entry; or
 - (b) in the case of a decrease in consideration, make a negative entry,

for the relevant amount of VAT in the VAT allowable portion of his VAT account.

[^{F297}(4A) In the case of an increase in consideration, no entry may be made under paragraph (4) unless the recipient of the supply holds the debit note which the supplier is required to provide under regulation 15C(2).]

[^{F298}(5) Every entry required by this regulation must be made in that part of the VAT account which relates to the prescribed accounting period in which the increase in consideration or decrease in consideration occurs.]

^{F299}(6)

(7) None of the circumstances to which this regulation applies is to be regarded as giving rise to any application of regulations 34 and 35 [^{F300}except insofar as there is an error arising from a failure to make any entry required by this regulation].

 - (b) supplies falling within regulation 86(1) to (4) above (supplies of water, gas or any form of power, heat, refrigeration or ventilation);
 - (c) supplies falling within regulation 90 above (continuous supplies of services) other than any supply which is exempt by virtue of Group 1 of Schedule 9 to the Act or would be exempt but for the operation of paragraph 2(1) of Schedule 10 to the Act.

(5) Where this regulation applies, goods or services shall, to the extent that they have not already been treated as supplied by virtue of the regulations specified in paragraph (1) above (or any provision of the Act or other regulations made under the Act), and to the extent that they have been provided, be treated as separately and successively supplied—

[^{F526}(1A) A method approved or directed under paragraph (1) above—

 - (b) may attribute input tax which would otherwise fall to be attributed under regulation 103 provided that, where it attributes any such input tax, it shall attribute it all, ^{F527}...
 - (c) shall identify the supplies in respect of which it attributes input tax by reference to the relevant paragraph or paragraphs of section 26(2) of the Act,]
- [^{F528}(d) may be based on sectors provided that the method reflects the use made of the goods and services in the business and each sector reflects—

- (i) the use made of the goods and services in that sector,
 - (ii) the structure of the business, and
 - (iii) the type of activity undertaken by that sector, and
- (e) must exclude the value of supplies made from an establishment situated outside the United Kingdom where the method is not based on sectors.]
- (2) Notwithstanding any provision of any method approved or directed to be used under this regulation which purports to have the contrary effect, in calculating the proportion of any input tax on goods or services used or to be used by the taxable person in making both taxable and exempt supplies which is to be treated as attributable to taxable supplies, the value of any supply [^{F529}of a description falling within regulation [^{F530}101(3)(a) to (d)] [^{F531}and (g)] whether made within or outside the United Kingdom] shall be excluded.

 - (i) the supply is directly linked to the export of goods and the recipient of the goods is located outside the United Kingdom, or
 - (ii) the supply is between a United Kingdom based intermediary and a United Kingdom based service provider and the recipient of any supply being arranged by the intermediary is located outside the United Kingdom, and
 - (b) attribution may be made in relation to any supplies that are made within the European Union.]
- (3) A taxable person using a method as approved or directed to be used by the Commissioners under paragraph (1) above shall continue to use that method unless the Commissioners approve or direct the termination of its use.
- (4) Any direction under paragraph (1) or (3) above shall take effect from the date upon which the Commissioners give such direction or from such later date as they may specify.
- [^{F533}(5) Any approval given or direction made under this regulation shall only have effect if it is in writing in the form of a document which identifies itself as being such an approval or direction.
- (6) Where a taxable person who is using a method which has been approved or directed under this regulation incurs input tax of the description in paragraph (7) below, that input tax shall be attributed to taxable supplies to the extent that the goods or services are used or to be used in making taxable supplies expressed as a proportion of the whole use or intended use.
- (7) The input tax referred to in paragraph (6) above is input tax—

 - (b) which does not fall to be attributed to taxable or other supplies as specified under regulations 103, 103A or 103B.
- (8) Where the input tax specified in paragraph (7)(a) above is input tax the attribution of which to taxable supplies is only in part not prescribed by the method, only that part the attribution of which is not so prescribed shall fall within that paragraph.]
- [^{F534}(9) With effect from 1st April 2007 the Commissioners shall not approve the use of a method under this regulation unless the taxable person has made a declaration to the effect that to the best of his knowledge and belief the method fairly and reasonably represents the extent to which goods or services are used by or are to be used by him in making taxable supplies.

- (10) The declaration referred to in paragraph (9) above shall—
- (a) be in writing,
 - (b) be signed by the taxable person or by a person authorised to sign it on his behalf, and
 - (c) include a statement that the person signing it has taken reasonable steps to ensure that he is in possession of all relevant information.

(11) Where it appears to the Commissioners that a declaration made under this regulation is incorrect in that—

- (a) the method does not fairly and reasonably represent the extent to which goods or services are used by or are to be used by the taxable person in making taxable supplies, and
- (b) the person who signed the declaration knew or ought reasonably to have known this at the time when the declaration was made by the taxable person,

they may subject to paragraph (12) below serve on the taxable person a notice to that effect setting out their reasons in support of that notification and stating the effect of the notice.

(12) The Commissioners shall not serve a notice under this regulation unless they are satisfied that the overall result of the application of the method is an over-deduction of input tax by the taxable person.

(13) Subject to paragraph (14) below, the effect of a notice served under this regulation is that regulation 102B(1) shall apply to the person served with the notice in relation to—

- (a) prescribed accounting periods commencing on or after the effective date of the method, and
- (b) longer periods to the extent of that part of the longer period falling on or after the effective date of the method, save that no adjustment shall be required in relation to any part of any prescribed accounting period,

unless or until the method is terminated under regulation 102(3).

(14) In relation to any past prescribed accounting periods, the Commissioners may assess the amount of VAT due to the best of their judgement and notify it to the taxable person unless they allow him to account for the difference in such manner and within such time as they may require.

(15) The service of a notice on a taxable person under this regulation shall be without prejudice to the Commissioners' powers to serve a notice on him under regulation 102A and any notice served under regulation 102A shall take priority in relation to the periods which it covers.

(16) In this regulation “the effective date of the method” is the date when the method to which the declaration relates first takes effect and may predate the date when the declaration was made.

(17) In this regulation and in regulations 102A, 102B, 102C and 107, where paragraph (1A)(b) above applies, “taxable supplies” includes supplies of a description falling within regulation 103.]

^{F602}(3) In this regulation and in regulation 114, an interest includes an interest which is treated as being supplied to a person under ^{F603}paragraph 37(1)] of Schedule 10 to the Act provided that the numerator of the fraction in ^{F604}paragraph 37(3)] of that Schedule is ^{F605}36] or more.

(4) The reference to “owner” in paragraph (2) shall be taken to refer to—

- (a) subject to sub-paragraph (b), the transferee where the whole or part of a capital item is transferred from one person to another and that transfer is not treated as a supply for the purposes of VAT; and
- (b) the representative member of a group under section 43 of the Act if the capital item is owned by a member of the group.

Period of adjustment

114. —

(1) The proportion (if any) of the total input tax on a capital item which may be deducted under Part XIV shall be subject to adjustments in accordance with the provisions of this Part.

(2) Adjustments shall be made over a period determined in accordance with the following paragraphs of this regulation.

[^{F608}(3) Subject to paragraphs (3A) and (3B), the period of adjustment is—

- (a) 10 successive intervals in the case of a capital item of a description falling within regulation 113(2)(a) to (c);
- (b) 5 successive intervals in the case of a capital item of a description falling within regulation 113(2)(d) to (f),

determined in accordance with paragraphs (4) to (5B) and (7).

(3A) If, at the time of the owner’s first use, the number of intervals specified in paragraph (3) (a) or (b) (as may be the case) exceeds the number of complete years that the owner’s interest in the capital item has to run by more than one, the number of intervals shall be reduced to one more than the number of complete years that the owner’s interest has to run calculated from the date of the owner’s first use of the item (but not to less than three intervals).

(3B) Where the owner’s interest falls within regulation 112(3), the number of intervals shall be the same as the numerator of the fraction in [^{F609}paragraph 37(3)] of Schedule 10 to the Act [^{F610}divided by 12 and rounded up to the next whole number].

(3C) Where paragraph (3A) or (3B) applies, the relevant denominator in regulation 115(1) shall be adjusted accordingly.

(3D) Where a person who registers for VAT already owns an item of a description falling within regulation 113, for the purposes of calculating the period of adjustment—

- (a) one complete interval shall be deducted for each complete year which has elapsed since the date of that person’s first use of the capital item prior to the date of VAT registration, and
- (b) the first interval applicable to the capital item which ends after the date of VAT registration shall be treated as a subsequent interval for the purposes of regulation 115(1).

(4) Subject to paragraphs (5A), (5B) and (7), the first interval applicable to a capital item shall commence on the day on which the owner first uses the capital item and shall end on the day before the start of his next tax year whether or not this is his first tax year.]

(5) Subject to [^{F611}paragraphs (5A), (5B) and (7)] below, each subsequent interval applicable to a capital item shall correspond with a longer period applicable to the owner, or if no longer period applies to him, a tax year of his.

[^{F612}(5A) On the first occasion during the period of adjustment applicable to a capital item that the owner of the item—

- (a) being a registered person subsequently becomes a member of a group under section 43 of the Act;
- (b) being a member of a group under section 43 ceases to be a member of that group (whether or not he becomes a member of another such group immediately thereafter); or
- (c) transfers the item in the course of the transfer of his business or part of his business as a going concern (the item therefore not being treated as supplied) in circumstances where the new owner is not, under regulation 6(1) above, registered with the registration number of and in substitution for the transferor,

the interval then applying shall end on the day before he becomes a member of a group or the day that he ceases to be a member of the group or transfers the business or part of the business (as the case may require) and thereafter each subsequent interval (if any) applicable to the capital item shall end on the successive anniversaries of that day.

(5B) Where the extent to which a capital item is used in making taxable supplies does not change between what would, but for this paragraph, have been the first interval and the first subsequent interval applicable to it and the length of the two intervals taken together does not exceed 12 months the first interval applicable to the capital item shall end on what would have been the day that the first subsequent interval expired.]

[^{F614}(7) Where the owner of a capital item transfers it during the period of adjustment applicable to it in the course of the transfer of his business or a part of his business as a going concern (the item therefore not being treated as supplied) and the new owner is, under regulation 6(1) above, registered with the registration number of, and in substitution for the transferor, the interval applying to the capital item at the time of the transfer shall end on the last day of the longer period applying to the new owner immediately after the transfer or, if no longer period then applies to him, shall end on the last day of his tax year following the day of transfer.]

Method of adjustment

115. —

(1) Where in a subsequent interval applicable to a capital item, the extent to which it is used in making taxable supplies increases from the extent to which it was so used [^{F615}or to be used at the time that the original entitlement to deduction of the input tax was determined], the owner may deduct for that subsequent interval an amount calculated as follows—

- (a) where the capital item falls within [^{F616}regulation 114(3)(b)]—

$$\frac{\text{the total input tax on the capital item}}{5} \times \text{the adjustment percentage;}$$

- (b) where the capital item falls within [^{F617}regulation 114(3)(a)]—

$$\frac{\text{the total input tax on the capital item}}{10} \times \text{the adjustment percentage.}$$

(2) Where in a subsequent interval applicable to a capital item, the extent to which it is used in making taxable supplies decreases from the extent to which it was so used [^{F618}or to be used at the time that the original entitlement to deduction of the input tax was determined], the owner shall pay to the Commissioners for that subsequent interval an amount calculated in the manner described in paragraph (1) above.

[^{F619}(3) Paragraph (3ZA) applies where, during an interval other than the last interval applicable to a capital item, the owner—

- (a) supplies the whole or part of his interest in the capital item, or
- (b) is deemed to supply the whole or part of his interest in the capital item, or
- (c) would have been deemed to supply the whole of his interest in the capital item but for the fact that the VAT on the deemed supply (whether by virtue of its value or because it is zero-rated or exempt) would not have exceeded the sum specified in paragraph 8(1)(c) of Schedule 4 to the Act.

(3ZA) If the supply (or deemed supply) of the capital item referred to in paragraph (3) is—

- (a) a taxable supply, the owner shall be treated as using the whole or part (as may be the case) of the capital item for each of the remaining complete intervals applicable to it wholly in making taxable supplies, or

(b) an exempt supply, the owner shall be treated as not using the whole or part (as may be the case) of the capital item for any of the remaining complete intervals applicable to it in making any taxable supplies,

and, in each case, the owner shall, except where paragraph (3A) applies, calculate for each of the remaining complete intervals applicable to the capital item, in accordance with paragraph (1) or (2) as the case may require, such amount as the owner may deduct or be liable to pay to the Commissioners.]

[^{F620}(3A) This paragraph applies if the total amount of input tax deducted or deductible by the owner of a capital item as a result of the initial deduction, any adjustments made under paragraph (1) or (2) above and the adjustment which would apart from this paragraph fall to be made under [^{F621}paragraph (3ZA)] above would exceed the output tax chargeable by him [^{F622}on the supply of the whole or part of that capital item].

(3B) Save as the Commissioners may otherwise allow, where paragraph (3A) above applies the owner may deduct, or as the case may require, shall pay to the Commissioners such amount as results in the total amount of input tax deducted or deductible being equal to the output tax chargeable by him [^{F623}on the supply of the whole or part of the capital item].]

[^{F624}(4) If a capital item is irretrievably lost or stolen or is totally destroyed, no further adjustment shall be made in respect of any remaining complete intervals applicable to it.]

[^{F625}(5) Subject to paragraph (5A), for the purposes of this Part —

“the adjustment percentage” means the difference (if any) between the extent, expressed as a percentage, to which the whole or part as appropriate of the capital item was used or to be used for the making of taxable supplies at the time the original entitlement to deduction of the input tax was determined and the extent to which the whole or part of it as appropriate is so used, or is treated under paragraph (3ZA) as being so used, in the subsequent interval in question;

“the original entitlement to deduction” means the entitlement to deduction under sections 24 to 26 of the Act and regulations made under those sections;

“the total input tax on the capital item” means—

in relation to any capital item, all VAT incurred by the owner on the capital expenditure on that item (whether or not the person incurring it is VAT registered at the time that it is incurred) including any non-business VAT; and

where a person is treated as making a supply to himself under [^{F626}paragraph 37(1)] of Schedule 10 to the Act, the VAT charged on that supply;

“VAT bearing capital expenditure” means capital expenditure on which VAT is charged at the standard rate or at a reduced rate.]

[^{F627}(5A) Where paragraph (3ZA) applies in respect of part of a capital item, for the remaining complete intervals the total VAT incurred on the capital item as defined in paragraph (5) shall be reduced accordingly.

(5B) The person responsible for making an adjustment under paragraph (1), (2) or (3ZA) shall be the person who is treated as the owner of the capital item under regulation 112 at the point immediately prior to the end of the interval in question or, in the case of an adjustment under paragraph (3ZA), the event specified in paragraph (3).]

(6) [^{F628}Subject to [^{F629}paragraphs (9) and (11)] below] a taxable person claiming any amount pursuant to paragraph (1) above, or liable to pay any amount pursuant to paragraph (2) above, shall include such amount in a return for the second prescribed accounting period next following the interval to which that amount relates, except where the Commissioners allow another return to be used for this purpose,

F630
...

(7) [^{F631}Subject to [^{F632}paragraphs (9) and (11)] below] a taxable person claiming any amount or amounts, or liable to pay any amount or amounts, pursuant to paragraph [^{F633}(3ZA)] above, shall include such amount or amounts in a return for the second prescribed accounting period next following the interval in which the supply (or deemed supply) in question takes place except where the Commissioners allow another return to be used for this purpose.

[^{F634}[^{F635}(8) For the purposes of paragraph (9), a “specified return” means a return specified in paragraph (6) or (7).]

(9) ^{F636}... The Commissioners shall not allow the taxable person to use a return other than a specified return unless it is the return for a prescribed accounting period commencing within 4 years of the end of the prescribed accounting period to which the specified return relates.

^{F637}(10)

[^{F638}(11) Where a person is required to make an adjustment under paragraph (1), (2) or (3ZA) at a time when he is no longer registered for VAT, he shall make the required adjustment in his final VAT return.]

[^{F645}PART 15A

GOODS USED FOR NON-BUSINESS PURPOSES DURING THEIR ECONOMIC LIFE

Textual Amendments

- F645** Pt. 15A inserted (1.11.2007) by The Value Added Tax (Amendment) (No. 7) Regulations 2007 (S.I. 2007/3099), regs. 1(2)(b), **4**

Application

116A. This Part makes provision for calculating the full cost to a person of providing the supply of services (“relevant supply”) that is treated as made pursuant to paragraph 5(4) of Schedule 4 to the Act where goods that are held or used for the purposes of a business are used for private or non-business purposes. Where goods that are held or used for the purposes of a business have an economic life (see regulations 116C, 116D, 116G and 116L) at the time when they are used for private or non-business purposes, the value or part of the value of the relevant supply which is referable to that use on or after 1st November 2007 shall be calculated in accordance with the regulations in this Part.

Interpretation of this Part

116B.—(1) In this Part—

“full cost of the goods” means the full cost of the goods to the person (being the person making the relevant supply or any of his predecessors) who, in relation to the VAT on the goods mentioned in paragraph 5(5) of Schedule 4 to the Act, is described in that paragraph as being entitled to-

- (a) credit under sections 25 and 26 of the Act; or
- (b) a repayment under the scheme made under section 39 of the Act;

[^{F646}but, in relation to any goods which are relevant assets, the full cost shall exclude any costs on which VAT was incurred on or after 1 January 2011;]

“goods” includes land forming part of the assets of, or held or used for the purposes of, a business which is treated as goods for the purposes of paragraph 5 of Schedule 4 to the Act by virtue of paragraph 9 of that Schedule and references to goods being held or used for the purposes of a business shall be construed accordingly;

“predecessor” has the same meaning as it does in paragraph 5 of Schedule 4 to the Act.

[^{F647}“relevant asset” has the same meaning as it has in section 24(5B) of the Act.]

(2) In this Part, references to a period of time comprising a number of months shall be computed to two decimal places where that period does not comprise a whole number of months.

Economic life of goods

116C. Goods held or used for the purposes of a business have an economic life being (subject to regulations 116G and 116L) the period of time commencing on the day when they are first used for any purpose after they have been supplied to, or acquired or imported by, a person or any of his predecessors and lasting for a period of

- (a) 120 months in the case of land, a building or part of a building (but this is subject to regulation 116D);
- (b) 60 months for all other goods.

116D. Where the economic life of the interest of a person, or any of his predecessors, in land, a building or part of a building commences at a time when that interest has less than 120 months to run at that time, it shall be limited to the number of months remaining before expiry of that interest and element B of the formula in regulation 116E and element D of the formula in regulation 116L shall be construed accordingly.

Value of a relevant supply

116E. Subject to regulations 116F, 116H and 116I, the value of a relevant supply is the amount determined using the formula

$$AB \times (C \times U\%)$$

where—

A is the number of months in the prescribed accounting period during which the relevant supply occurs which fall within the economic life of the goods concerned;

B is the number of months of the economic life of the goods concerned or, in the case of an economic life commencing on 1st November 2007 by virtue of regulation 116L, what would have been its duration if it had been determined according to regulation 116C or 116G as appropriate;

C is the full cost of the goods excluding any increase resulting from a supply of goods or services giving rise to a new economic life; and

U% is the extent, expressed as a percentage, to which the goods are put to any private use or used, or made available for use, for non-business purposes as compared with the total use made of the goods during the part of the prescribed accounting period occurring within the economic life of the goods.

116F. Where a prescribed accounting period in which a relevant supply occurs immediately follows a prescribed accounting period during which the goods whose use gives rise to that supply were not used or made available for use for any purpose, element “A” of the formula in regulation 116E shall (without prejudice to any other element of the formula) comprise the total number of months falling within the economic life concerned covered by

- (a) the prescribed accounting period in which the relevant supply occurs; and
- (b) all preceding prescribed accounting periods which commence after the end of the prescribed accounting period during which the goods were last used or made available for use for any purpose before the prescribed accounting period in which the relevant supply occurs.

Later increase in the full cost of goods

116G. Where

- (a) a supply of goods or services is made to a person or any of his predecessors in respect of any goods held or used for the purposes of a business (whether or not the goods have an economic life in relation to that person at that time);
- (b) VAT is chargeable on that supply which is eligible (in whole or part) for credit under sections 25 and 26 of the Act or repayment under section 39 of the Act; and
- (c) by virtue of that supply, the full cost of the goods is greater than their full cost immediately before that supply,

a new economic life shall, without prejudice to any other economic life having effect in relation to those goods, be treated as commencing in respect of them in accordance with regulation 116C as if they had been supplied, acquired or imported at the time when the supply of goods or services is made.

Value of relevant supplies made during a new economic life

116H. Subject to regulation 116I, the calculation of the value of a relevant supply made during a new economic life in accordance with the formula in regulation 116E is varied so that

C is the increase in the full cost of the goods resulting from the supply of the goods or services giving rise to the new economic life; and

U% is the extent, expressed as a percentage, to which the goods are put to any private use or used, or made available for use, for non-business purposes as compared with the total use made of the goods during the part of the prescribed accounting period occurring during the new economic life of the goods.

Value of relevant supplies of goods which have two or more economic lives

116I. Where a relevant supply occurs in relation to goods that have two or more economic lives at the time when they are put to private use or used, or made available for use, for non-business purposes, the value of that supply shall be such amount as represents the total of the amounts calculated in accordance with regulation 116E (as varied by regulation 116H as appropriate) in respect of those economic lives.

Transitional provisions

116J. Regulation 116L applies to an economic life that

- (a) would be treated as commencing before 1st November 2007 if that regulation did not apply; and
- (b) relates to goods that, before that day, have been put to any private use or used, or made available for use, for non-business purposes by the person described in regulation 116K or any of his predecessors (whether or not a relevant supply arising from that use has been treated as made before that day).

116K. The person referred to in regulation 116J(b) is the person who holds or uses the goods concerned for the purposes of his business on 1st November 2007.

116L. An economic life of goods to which this regulation applies shall be treated as commencing on 1st November 2007 and lasting for the period of time determined using the formula

$$D \times (E - F) E$$

where—

D is the number of months which would have been the duration of the economic life concerned if it had commenced in accordance with regulation 116C or had been treated as having commenced in accordance with that regulation by virtue of regulation 116G;

E is the value of element “C” of the formula contained in regulation 116E (as varied where appropriate in relation to that economic life by regulation 116H) for the purpose of determining the whole or, where the use occurs at a time when the goods have two or more economic lives at that time, part of the value of a relevant supply arising from the use of the goods during the economic life concerned;

F is the value determined using the formula—

$$G \times 100X\% \times 100$$

where—

G is the total value of relevant supplies of the goods on which VAT has been or will be accounted for in respect of such relevant supplies arising from the goods being put to any private use or used, or made available for use, for non-business purposes before 1st November 2007 (whether or not such supplies are treated as made before or after that day) to the extent that the value of the relevant supplies comprised in the total value was determined by reference to the value of element “E” of the formula used in this regulation in respect of the economic life concerned; and

X% is the extent, expressed as a percentage, to which the goods have been put to any private use or used, or made available for use, for non-business purposes during the period described in regulation 116M as compared with the total use made of the goods in that period.

116M. The period referred to in regulation 116L is the period of time commencing at the time when the economic life concerned would have commenced if it had commenced in accordance with regulation 116C or had been treated as having commenced in accordance with that regulation by virtue of regulation 116G and ending immediately before 1st November 2007.

116N. Where a person has claimed deduction of input tax on goods which was incurred within the period of two years ending on 21st March 2007, he may withdraw that claim in whole or part as if it were made in error (but not so as to render him liable to any penalty or payment of interest in respect of that claim) provided that

- (a) the goods have not been used for any purpose before the claim is withdrawn;
- (b) he intends or expects that the goods will be put to private or non-business purposes during their economic life;

- (c) the withdrawal is in respect of-
 - (i) all of the input tax claimed on the goods; or
 - (ii) the part of the input tax claimed on the goods which is referable to his intended use of those goods for purposes other than those of his business; and
- (d) the withdrawal is made in accordance with regulation 35 (whatever the amount of the claim that is withdrawn) before 1st February 2008.]

^{F682}**Modifications and exceptions for the application of returned goods relief**

121D.—(1) For the purposes of relief from import VAT incurred on the importation of goods into Great Britain from outside the United Kingdom, the provisions of the Customs (Reliefs from a Liability to Import Duty and Miscellaneous Amendments) (EU Exit) Regulations 2020 are to be read as if the UK Reliefs document referred to in those Regulations was modified as follows.

(2) Regard sections 37 to 39 (returned goods relief) of the UK Reliefs document as requiring that the goods are re-imported into Great Britain by the same person who originally exported or re-exported the goods.

(3) Regard the amount of relief mentioned in sections 37 to 39 of the UK Reliefs document as reduced by the amount of any unpaid VAT.

(4) Regard the amount of import VAT in regulation 23 of the Customs (Special Procedures and Outward Processing) (EU Exit) Regulations 2018 as reduced by the amount of any paid VAT.

(5) For the purposes of paragraphs (3) and (4)—

- (a) “unpaid” refers to any part of the VAT charged and due on—
 - (i) a supply of the goods in the United Kingdom before the re-importation, or
 - (ii) an importation of the goods from outside the United Kingdom before the re-importation,
 which has been repaid, remitted or otherwise not paid;
- (b) “paid” refers to any part of the VAT charged, due and paid on—
 - (i) a supply of the goods in the United Kingdom before the re-importation, or

- (ii) an importation of the goods from outside the United Kingdom before the re-importation,
in circumstances where there is no actual, or no prospect of, repayment or remission;
- (c) a sum for which there is or was an entitlement or right to a deduction or refund within section 24 of the Act (input tax and output tax) is neither “unpaid” nor “paid”.

(6) In the circumstances described in paragraph (7) or (8), the provisions of the Customs (Reliefs from a Liability to Import Duty and Miscellaneous Amendments) (EU Exit) Regulations 2020 are excepted from the legislation which is to apply as mentioned in section 16(1) of the Act (application of customs enactments).

(7) The circumstances are that—

- (a) the re-importer contemplated by sections 37 to 39 of the UK Reliefs document makes a supply of, or concerning, the goods whilst those goods are under the inward processing procedure or in the course of, or after, the relevant exportation, re-exportation or re-importation of the goods,
- (b) the place of supply for the purposes of VAT is determined by or under section 7 of the Act (place of supply of goods) as being outside the United Kingdom, and
- (c) the goods nevertheless are, or may be, stored or physically used in the United Kingdom by or under the direction of that re-importer or the person to whom that supply is made (“recipient”);

and for these purposes “re-importer” and “recipient” include someone connected with either person or both persons as determined in accordance with sections 1122 and 1123 of the Corporation Tax Act 2010.

(8) The circumstances are that the goods in question were supplied at any time to any person pursuant to regulations 132 to 133 or pursuant to any corresponding provisions of the Isle of Man.]

 - (i) the import VAT was not due when it was paid;
 - (ii) a reduced duty case within the meaning of Chapter 2 of Part 7 of the Customs (Import Duty) (EU Exit) Regulations 2018 applies; or
 - (iii) all or part of the import duty which was included (by virtue of section 21(2)(a) of the Act) in the value of the imported goods has been remitted or repaid; and
- (b) P did not account for the import VAT in accordance with regulation 4 of the Value Added Tax (Accounting Procedures for Import VAT for VAT Registered Persons and Amendment) (EU Exit) Regulations 2019.

(2) P may make a negative entry for the import VAT in the VAT payable portion of P’s VAT account.

Changes to legislation: There are currently no known outstanding effects for the The Value Added Tax Regulations 1995. (See end of Document for details)

(3) Where P has deducted an amount of input tax in respect of the import VAT and makes the entry under paragraph (2), P must also make a negative entry in the VAT allowable portion of P’s VAT account for that input tax.

(4) The entries under paragraphs (2) and (3) may be made in the part of P’s VAT account which relates to the prescribed accounting period in which P becomes aware of P’s entitlement to repayment or a later prescribed accounting period.

(5) The entry under paragraph (2) may not be made more than 4 years after the end of the prescribed accounting period in which the importation of the goods took place.

(6) Except as provided by this regulation, no claim for repayment or credit in relation to the import VAT may be made (and, accordingly, section 16(2) of the Act does not have effect to the extent that it would apply a different provision about the way in which a claim for repayment or credit in relation to the import VAT may be made).

(7) For the purposes of this regulation—

“import VAT” means VAT chargeable by virtue of section 1(1)(c) of the Act as a result of the entry of goods into Great Britain;

“negative entry”, “VAT account”, “VAT allowable portion” and “VAT payable portion” have the same meanings as they do in regulation 24.]

[^{F726}Repayments of import VAT to certain persons

133AN.—(1) For the purposes of this regulation and regulations 133AO and 133AP, “import VAT” means VAT chargeable by virtue of section 1(1)(c) of the Act as a result of the entry of goods into Northern Ireland.

(2) Regulations 133AO and 133AP apply where a person (“P”) has paid an amount to the Commissioners in respect of import VAT (“the import VAT”) and P is entitled to repayment of that amount because—

- (a) the import VAT was not due when it was paid;
- (b) the import VAT is liable to be repaid under Union customs legislation; or
- (c) all or part of the relevant NI import duty, which was included (by virtue of section 21(2)(a) of the Act) in the value of the imported goods, has been remitted or repaid.

133AO.—(1) This regulation applies where P—

- (a) is not a taxable person; or
- (b) has paid the import VAT on behalf of a person who is not a taxable person.

(2) P may make an application for the repayment of the import VAT as if P’s case were a reduced duty case under Chapter 2 of Part 7 of the Customs (Import Duty) (EU Exit) Regulations 2018 and as if the import VAT was paid in respect of a liability to import duty.

(3) Except as provided by this regulation, no claim for repayment in relation to the import VAT may be made (and, accordingly, paragraph 1(4) of Schedule 9ZB to the Act does not have effect to the extent that it would apply a different provision about the way in which a claim for repayment in relation to the import VAT may be made).

133AP.—(1) This regulation applies where—

- (a) P is a taxable person; and
- (b) P did not account for the import VAT in accordance with regulation 4 of the Value Added Tax (Accounting Procedures for Import VAT for VAT Registered Persons and Amendment) (EU Exit) Regulations 2019.

(2) P may make a negative entry for the import VAT in the VAT payable portion of P's VAT account.

(3) Where P has deducted an amount of input tax in respect of the import VAT and makes the entry under paragraph (2), P must also make a negative entry in the VAT allowable portion of P's VAT account for that input tax.

(4) The entries under paragraphs (2) and (3) may be made in the part of P's VAT account which relates to the prescribed accounting period in which P becomes aware of P's entitlement to repayment or a later prescribed accounting period.

(5) The entry under paragraph (2) may not be made more than 4 years after the end of the prescribed accounting period in which the importation of the goods took place.

(6) Except as provided by this regulation, no claim for repayment or credit in relation to the import VAT may be made (and, accordingly, paragraph 1(4) of Schedule 9ZB to the Act does not have effect to the extent that it would apply a different provision about the way in which a claim for repayment or credit in relation to the import VAT may be made).

(7) For the purposes of this regulation, "negative entry", "VAT account", "VAT allowable portion" and "VAT payable portion" have the same meanings as they do in regulation 24.]
