The National Health Service Pension Scheme Regulations 1995

PART H

*Child Allowance*

**Member dies within 12 months after leaving pensionable employment without pension or preserved pension.**

**H6.**—(1) The child allowance payable in a case where a member leaves pensionable employment, without becoming entitled to a pension under any of regulations E1 to E5 or a preserved pension under regulation L1, and dies within 12 months after leaving and before receiving a refund of contributions under regulation L2, will be as described in this regulation.

(2) The child allowance will be calculated as described in regulation H5 (member dies with preserved pension) as if, on leaving pensionable employment, the member had become entitled to a preserved pension calculated as described in regulation L1.
