## EXPLANATORY NOTE

*(This note is not part of the Regulations)*

These Regulations, made under section 23 of the Local Government Act 1982, make provision with respect to the accounts and the audit of bodies whose accounts are required to be audited in accordance with Part III of that Act (other than health service bodies and Passenger Transport Executives) and to the accounts of an officer of such bodies to which Part III is applied by section 25 of that Act.

The Regulations supersede the Accounts and Audit Regulations 1983, as amended, which, together with amending Regulations, are revoked from 1st April 1997.

Changes from the 1983 Regulations contained in these Regulations include the requirement for a parish or community with a budgeted income of £500,000 or more for a period to prepare a statement of accounts for that period (regulation 6(4)), and for a parish or community with a budgeted income for a period of £5,000 or more up to £500,000 to prepare an income and expenditure account and a balance sheet for that period. (regulation 7(3)). Other changes are to the requirements for accounting records and control systems in regulation 4, the system of internal audit in regulation 5, the content of the statement of accounts (regulation 6(1)), and for the statement of accounts, income and expenditure account and a balance sheet or record of receipts and payments, as appropriate, to be approved by a committee of, or all the members of, the relevant body (regulation 8(2)).

In addition, the Regulations provide that where an auditor's report requires amendments to the statement of accounts, income and expenditure account or record of receipts and payments, on conclusion of the audit these documents should be available for inspection either revised as required, or together with an explanation of the amendments required.

Regulation 10 contains a requirement for certain local authorities, and other bodies, to publish specified information relating to their accounts. The information is set out in the Schedule to the Regulations and relates to the cost of work falling within specified activities which are defined

activities for the purposes of Part I of the Local Government Act 1988. These authorities and bodies are also required to include one item of the information in their statement of accounts.

The contravention of certain provisions in the Regulations is declared to be an offence.

The way in which auditors are required to carry out their functions under Part III of the 1982 Act is prescribed in the Code of Audit Practice prepared by the Audit Commission for Local Authorities and the National Health Service in England and Wales, in pursuance of section 14 of that Act.
