HEALTH AND SAFETY

The Pressure Systems Safety Regulations 2000

Made - - - - - *20th January 2000*

Laid before Parliament *31st January 2000*

Coming into force *21st February 2000*

THE PRESSURE SYSTEMS SAFETY REGULATIONS 2000

PART I

INTRODUCTION

1. Citation and commencement
2. Interpretation
3. Application and duties

PART II

GENERAL

4. Design and construction
5. Provision of information and marking
6. Installation
7. Safe operating limits
8. Written scheme of examination
9. Examination in accordance with the written scheme
10. Action in case of imminent danger
11. Operation
12. Maintenance
13. Modification and repair
14. Keeping of records, etc.
15. Precautions to prevent pressurisation of certain vessels

PART III

MISCELLANEOUS

16. Defence
17. Power to grant exemptions

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

18. Repeals and revocations
19. Transitional provision
Signature

SCHEDULE 1 —

PART I — PRESSURE SYSTEMS EXCEPTED FROM ALL REGULATIONS

1. A pressure system which forms part of the equipment of—...
2. A pressure system which forms part of, or is intended...
3. A pressure system which forms part of any braking, control...
4. That part of a system which is only a pressure...
5. Any pipeline and its protective devices in which the pressure...
6. Any pressure system or part thereof which—
7. Any plant or equipment required by regulation 6(3)(b) of the...
8. A working chamber, tunnel, manlock or an airlock within which...
9. A tank to which the Carriage of Dangerous Goods By...
10. Any pressure system being carried in a vehicle if the...
11. Any pressure system being carried in a vehicle if the...
12. Any pressure system being carried in a vehicle if the...
13. Any pressure system being carried in a vehicle if the...
14. Any pressure system which is carried, or stored as goods...
15. Any pressure system comprising a gas propulsion or a gas...
16. Any water cooling system on an internal combustion engine or...
17. Any tyre used or intended to be used on a...
18. Any vapour compression refrigeration system incorporating compressor drive motors, including...
19. A mobile system of the type known as a slurry...
20. Prime movers including turbines.
21. Any pressure system which is an electrical or telecommunications cable...
22. Any pressure system containing sulphur hexafluoride gas and forming an...
23. Any pressure system consisting of a water filled fluid coupling...
24. Any portable fire extinguisher with a working pressure below 25...
25. Any part of a tool or appliance designed to be...

PART II — PRESSURE SYSTEMS EXCEPTED FROM CERTAIN REGULATIONS

1. Regulations 4 and 5(1) and (4) shall not apply to—...
2. (1) Subject to sub-paragraph (2), regulations 5(4), 8 to 10...
3. Regulations 4, 5, 7 to 10, 13 and 14 shall...

SCHEDULE 2 — MODIFICATION OF DUTIES IN CASES WHERE PRESSURE SYSTEMS ARE SUPPLIED BY WAY OF LEASE, HIRE, OR OTHER ARRANGEMENTS
