

SCHEDULE 2

ANNEX II OF THE PPE DIRECTIVE

BASIC HEALTH AND SAFETY REQUIREMENTS

Buoyancy aids

3.4.1. Clothing which will ensure an effective degree of buoyancy, depending on its foreseeable use, which is safe when worn and which affords positive support in water. In foreseeable conditions of use, this PPE must not restrict the user's freedom of movement but must enable him, in particular, to swim or take action to escape from danger or rescue other persons.
