

## SCHEDULE 4

### CONFORMITY ASSESSMENT PROCEDURES

*(This Schedule substantially reproduces the provisions of Part 1 of Annex IV of the Transportable Pressure Equipment Directive)*

#### **Module C1—conformity to type**

5. During such visits, the notified body must:

- ensure that the manufacturer actually performs final assessment,
- take samples of transportable pressure equipment at the manufacturing or storage premises in order to conduct checks. The notified body assesses the number of items of equipment to sample and whether it is necessary to perform, or have performed, all or part of the final assessment of the equipment samples.

Should one or more of the items of transportable pressure equipment not conform, the notified body must take appropriate measures.

On the responsibility of the notified body, the manufacturer must affix that body's identification number to each item of transportable pressure equipment.
