SCHEDULE 10

PROTECTION OF CERTAIN PERSONS

PART 7

PROTECTION OF ELECTRICITY AND GAS UNDERTAKERS

Protection of apparatus

81.—(1) Not less than 56 days before commencing the execution of any works of the type referred to in paragraph 79(2) that are near to, or will or may affect, any apparatus the removal of which has not been required by the undertaker under paragraph 79(2), the undertaker shall submit to the company in question a plan, section and description of the works to be executed.

(2) Those works shall be executed only in accordance with the plan, section and description submitted under sub-paragraph (1) and in accordance with such reasonable requirements as may be made in accordance with sub-paragraph (3) by the company for the alteration or otherwise for the protection of the apparatus, or for securing access thereto, and the company shall be entitled by its officer to watch and inspect the execution of those works.

(3) Any requirements made by a company under sub-paragraph (2) shall be made within a period of 21 days beginning with the date on which a plan, section and description under sub-paragraph (1) are received by it.

(4) If a company in accordance with sub-paragraph (3) and in consequence of the works proposed by the undertaker reasonably requires the removal of any apparatus and gives written notice to the undertaker of that requirement, the foregoing provisions of this Part of this Schedule shall apply as if the removal of the apparatus had been required by the undertaker under paragraph 79(2).

(5) Nothing in this paragraph shall preclude the undertaker from submitting at any time or from time to time, but in no case less than 28 days before commencing the execution of any works, a new plan, section and description in lieu of the plan, section and description previously submitted, and thereupon the provisions of this paragraph shall apply to and in respect of the new plan, section and description.

(6) The undertaker shall not be required to comply with sub-paragraph (1) in a case of emergency, but in that case it shall give to the company in question notice as soon as is reasonably practicable and a plan, section and description of those works as soon as reasonably practicable thereafter and shall comply with sub-paragraph (2) in so far as is reasonably practicable in the circumstances.
